## Kitsap County Assessor

Narrative for Area 5 - Bremerton and Central Kitsap East
Tax Year: 2017 Appraisal Date: 1/1/2016
Property Type: Apartment
Updated 4/8/2016 by CM27

## Area Overview

Bremerton includes both East and West and Tracyton, Illahee, Manette, West Hills, Kitsap Lake, Charleston Beach.

## Property Type Overview

The apartment property type is valued based on unit type. Units identified are: Studio, 1br/1ba, 2br/1ba, 2br/2ba, 3br/2ba, and 4br.

Land to Building Ratio: The national land to building ratio for this property type is 2-4:1. The countywide land to building ratio for this property type is: $\mathrm{n} / \mathrm{a}$.
The land to building ratio is used to determine excess or surplus land. Review of zoning requirements such as total lot coverage or parking requirements, as well as topography and easements, must also be considered before calculating value for this land. Land to building ratios can vary significantly between areas. Information is available upon request.

Economic Overview: Kitsap County Apartment rents have increased significantly over the last 12 months; vacancy has declined to less than $5 \%$, while cap rates have declined due to demand for these properties.

## Valuation Summary

## Approach Used: Income

Analysis and Conclusion Summary: The three approaches to value were considered.
The cost approach was given little consideration in the appraiser's final analysis. Cost approach components such as replacement cost new, effective age, and depreciation are difficult to accurately calculate in a mass appraisal model.

A market/sales comparison approach uses sale prices of comparable properties to calculate value. The market/sales approach was not applied as Kitsap County lacks sufficient, recent sales.

The income approach was selected as the best method for valuing these properties. The data used to develop our current model data was collected from our mail survey, site visits, local sales, national publications, and data supplied for review or appeal.

## Model Calibration

Preliminary Ratio Analysis: Analysis of 10 sales resulted in a mean ratio of $79 \%$, a median ratio of $86 \%$, and a coefficient of disperson (COD) of $21.35 \%$.

## Market/Sales Comparison Approach Data and Analysis

Sales: Range of Sale Dates: $1 / 1 / 2014$ to $12 / 31 / 2016$. A total of 4 local sales, and 6 countywide sales, and 0 national sales were used in the sales analysis. Additional information is provided on the sales analysis data sheet.

Kitsap County attempts to review, analyze, and validate via telephone, mail, or in person interviews, all commercial sales within the county for inclusion or exclusion in our market/sales approach.

Market/Sales Rates: Sales ranged from $\$ 48,409$ to $\$ 159,375$ per unit.

## Property type: Apartment (continued)

## Income Approach and Data Analysis

Values were calculated using a full service income model.
Income and expense information was collected from mailed surveys, property representatives, on-site visits, and market research (publications, newsletters, websites, etc.)

Rent Data: The Assessor validated rents from $0 \%$ of the market. Typical reported rents had a range of $\$ 511$ to $\$ 1888$. We selected $\$ 500$ to $\$ 1520$ for our model.

Vacancy Data: Typical reported vacancy had a range of $0 \%$ to $30 \%$. We selected $5 \%$ to $5 \%$ for our model.
Expense Data: Typical reported expense had a range of $0 \%$ to $0 \%$. We selected $45 \%$ to $50 \%$ for our model.
Capitalization Rate (Cap) Data: Typical sale cap rates ranged from 6\% to $8.25 \%$. We selected $6 \%$ to $8.25 \%$ for our model.

## Model Validation

Final Ratio Analysis: Analysis of 10 sales resulted in a mean ratio of $90 \%$, a median ratio of $90 \%$, and a coefficient of disperson (COD) of 9.7\%.

If all else is equal, but the configuration is a duplex or townhouse, consider increasing one grade.
Count manager's unit in the income stream.
Small projects (in the range of 20 units or less) with limited interior and no exterior or common area amenities, move to multifamily model.
Age restricted apartments may have limited exterior amenities, but many interior amenities including hair salons and mini-marts.
Multi-story age restricted apartments SHOULD have an elevator. If not, consider dropping upper units a grade
Check unit size and rents per unit.
