Kitsap County Auditor

Paul Andrews

Dear Candidates and Campaigns:

In a Presidential Election year there is heightened attention to voting. This attention flows to every part of the ballot, so you're launching a campaign in an exciting time.

Enclosed in this book is information about deadlines, statement and argument guidelines, offices open for election in 2024, and other helpful information important to anyone getting involved in a candidacy or local measure effort.

Candidates for Kitsap County Commissioner and Public Utility District Commissioner should rely on this publication as you prepare your pamphlet statements. Your statements will run in the Kitsap County pamphlet in both the Primary and General Election.

Candidates for court, state, and federal positions can use this as a second resource but will want to visit www.sos.wa.gov/elections/candidates/ for rules about submitting statements to the State Voters' Pamphlet. Kitsap County will print your statements for the Primary, and the state will publish them for the General Election in November.

Should you need more information, our staff will be happy to answer any questions we can.

Thank you for participating in democracy!

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Andrews".

Statement: The period for a new election of a citizen to administer this elected office being not far distant, and the time actually arrived when your thoughts must be employed in designating the person who is to be clothed with that important trust, it appears to me proper, especially as it may conduce to a more distinct expression of the public voice, that I should now apprise you of the resolution I have formed to beg your consent in returning to elected office.

In office I will promote as an object of primary importance, institutions for the general diffusion of knowledge. In proportion as the structure of a government gives force to public opinion, it is essential that public opinion should be enlightened.

Be assured that this resolution has not been taken without a strict regard to all the considerations appertaining to the relation which binds a dutiful citizen to his country. I have the consolation to believe that, while choice, prudence and the strange reality of my newfound immortality invite me to quit the political scene, patriotism does not forbid my return. I ask for your vote.

Ballot Measures

Kitsap County

Proposition No. 1

Duck City: Honoring Our Favorite Birds Official Ballot Title

The City of Port Bremerbo Island adopted Ordinance No. 123 concerning the naming convention for new and existing streets under Chapter 99.99 RCW. To provide guidance and direction for the naming of new streets and renaming of existing streets, the city would catalog all duck names and name all streets after the natural names for ducks or for duck characters in fictional and non-fictional stories.

Should this proposition be:

- ☐ Approved
☐ Rejected

Explanatory Statement

(Prepared by the Attorney for the district as prescribed by law.)

Proposition 1 asks voters to authorize the City of Port Bremerbo Island to begin the process of renaming every street in the city after every species of duck or after the names given ducks in movies, books and other stories, both fiction and non-fiction.

State law generally allows local jurisdictions to rename streets and other areas after essentially whatever for which they want, and cities have been loathe to provide overt duck honor. The results when it comes to streets include those named after honorable and dishonorable humans and animals and fish inferior to ducks.

Implementation of the street name changes for existing streets would take place over five to ten years, the average lifespan of a Mallard. No funding is directly allocated as part of the measure, but the estimated cost to implement the transformation in its entirety is estimated to be approximately \$178 billion, approximately \$4.5 million per household over 10 years.

Argument For the Measure

A Brilliant Idea

Port Bremerbo Island residents have the opportunity to distinguish themselves from every other city in America, or the world for that matter, by everyone in the city living on an avenue, street, lane or drive named after one of the most distinctive and beautiful animals so central to our Northwest existence: the duck.

From Main Street to Mallard Street

Our city will be known around the world for the unique decision to honor the Surf Scooter, the Torrent Duck, the White-Cheeked Pintail as well as the Common Teal.

Brace Yourselves, Tourists Will Flock Here

The renaming of our streets has been estimated by the marketing firm Pochard, Shoveler and Merganser to generate tourism that this city has never seen. Those estimates were made before several community events and duck-themed festivals were proposed.

It's All It's Quacked Up to Be

You will have a say in the naming of your own street. You'll be able to honor a Wigeon, an Eider, Teal or any of a number of varieties of ducks. You might also decide to name your street after Daffy, Daphne, Donald, Huey, Dewey, Louie, April, May, June, Howard, Ludwig von Drake, Mrs. Beakley or even Doofus Drake and Webby Vanderquack.

The conversations you will have in the coming years will be ones you will never forget. Vote Yes on Proposition 1.

Rebuttal to the Argument Against

The study cited here was vetted by a competing marketing firm (McGardinand, Aflac and Edd) and the numbers remained consistent. This measure would cost each home less than one cent per used-car purchase per month, so it's highly affordable. Ferrets are icky. Say Yes to ducks. Say Yes to common sense. Vote Yes on Proposition 1.

Arguments prepared by the Committee For the Measure
Chairperson Wing Luke; Committee Member Clara Barton;
Committee Member James Munroe. Further questions may be
addressed by contacting committeefor@committee.com,
788-456-7890.

Argument Against the Measure

The city had the opportunity to do something truly ambitious for an animal that deserves this kind of recognition: the ferret. Instead the council was swayed by a special interest marketing firm looking to advance its own interests.

The city is estimating it will cost \$178 billion to implement this idea, about \$4.5 million per household. What if any of us have the means to support a worthwhile venture? To this, for many of our residents this might present an undue burden.

Study after study has shown that ferrets are the ideal drivers of human emotions and that we humans have yet to reward them adequately for the interesting lives they lead. Numerous presentation were made to the council emphasizing this as a well-established fact, but the council ignored reason, logic and common sense.

We have nothing against ducks and the insults hurled at opponents of this measure has been like water off one's back. We cannot support, however, such fiscal irresponsibility over such a common and regular feature of the Pacific Northwest.

We deserve better. Ferrets deserve better. Vote No on Proposition 1.

Rebuttal to the Argument For

We will distinguish ourselves alright, as the city that could have honored ferrets, but chose to honor ducks. What value is having a say in what my street is named? To choose between Pintail, QuackerJack and Fup? To make a choice, it's a sentence. Vote No on this measure and restore rationality to our city.

Arguments prepared by the Committee Against the Measure
Chairperson William Henry Harrison; Committee Member Frida Kahlo; Committee Member Thurgood Marshall. Further questions may be addressed by contacting
committeeagainst@committeeagainst.com, 788-456-7890.
