

Vote Centers and Accessible Voting

Federal law requires jurisdictions to provide a vote center with certified accessible voting devices that enable voters with disabilities to cast their ballots independently and in private.

Accessible Voting Units provide all contests in audio and high-contrast text formats and are available beginning 18 days prior to the General Election.

Online Ballot Access and Braille and Large-Print Voters' Pamphlets

The State of Washington provides an accessible online ballot and a Local Voters' Pamphlet at VoteWA.gov. Braille and large-print voter pamphlets are available by contacting us at (360) 307-VOTE (8683) or auditor@kitsap.gov.

The online access is compatible with commonly used accessibility software such as screen readers and screen magnifiers, and allows for navigation without the use of a mouse and without having to see the cursor on the screen. All candidate video statements include closed captions.
