DEPARTMENT OF ADMINISTRATIVE SERVICES
PURCHASING OFFICE**

TREE SERVICES ROSTER

INFORMAL BID (IFB) **2021-138**
RESPONSE DEADLINE: **Wednesday, September 22nd, 2021, by 2:00 p.m.**

The Kitsap County Purchasing Office is soliciting bids from qualified contractors to establish a Tree Services Roster for 2021-132. Informal bids will be received by the Kitsap County Administrative Services Department, Purchasing Office, 614 Division Street MS-07, Port Orchard, WA 98366, before the date and time indicated above. After the review process has been completed, a bid tabulation will be made available for public inspection.

DESCRIPTION OF WORK

It is common for the County to be tasked with removal of trees within the County right-of-way that pose a danger to the traveling public. The danger can be associated with a single tree, a cluster of trees, or with a series of trees along a segment of County roadway. The County responds to the requests throughout the year as they are identified, or as they become known following storm activity. Immediate response is necessary to remove the tree(s) and to absolve the risk to the travelling public. The County is seeking qualified, expert tree services contractors who are skilled in removing trees safely within an active, and often confined, transportation environment.

Contractors will be required to remove existing trees within County right-of-way, as directed by the assigned County personnel. Trees will be in confined areas, adjacent to active County roadways, other roadway improvements, adjacent private property improvements, and overhead utility lines. The Contractor shall be familiar with and comply with the requirements of WAC 296-54-529.

Removal of trees may require the tree to be limbed and fallen in short sections. Use of applicable rigging may be required. The use of boom trucks or small cranes may be necessary.

All trees shall be close cut to within 2 inches of the surrounding ground surface. When directed by the County, stumps shall be ground to 6" below the surrounding ground surface. The elevation of the surrounding ground surface shall be determined by an average measurement of the ground within a 10-foot radius from the center of the stump.

All trees, tree sections, limbs or slash resultant from the tree falling activities shall be removed and disposed of at an off-site location. Recycling of this material is encouraged. In any event, the site shall be restored to an acceptable condition, as determined by the County.

Adjacent trees or vegetation damaged during the tree falling operation shall be appropriately trimmed or pruned.

Costs to repair damage to existing roadway improvements or private property improvements shall be the responsibility of the Contractor.

Traffic control will be required during tree falling and clean-up activities. The Contractor is responsible for performing all work in accordance with WAC 296-54, the current Manual on Uniform Traffic Control Devices Manual, and all other applicable laws.

All work shall be performed during regular work hours. Regular hours are defined as Monday through Friday, 7:00 a.m. to 6:00 p.m. Any overtime costs incurred is the Contractor's responsibility. County recognized holidays are considered non-workdays.

A site meeting will be scheduled for each work request prior to work taking place. A County representative and an authorized Contractor representative shall be present. Work scope and schedule will be agreed upon, specific to the work necessary at each individual work location.

Prior to beginning any work, the Contractor shall submit to the County a work plan and schedule, which includes the means, methods and timing for completion of the work, the number of, and classification of employees, and the type of equipment proposed to be utilized, as agreed upon during the project site visit between the County and Contractor. Employee wages and equipment costs shall be commensurate with those included in the bid. The County may require adjustment of the plan and schedule and may reject the plan for any reason.

Contract Option A

The County may have need of a certified Arborist to evaluate tree health and condition. Your company may, or may not, employ a certified Arborist. If your company does, please provide a bid quote for this service. An Arborist is required to be currently certified through the International Society of Arboriculture.

The term of this contract will expire September 31, 2022.

INSTRUCTION TO BIDDERS

Contractors will be chosen from the developed bid roster, as services are needed. All labor costs must be equal to, or greater than the minimum Prevailing Wage at the time of bid submittal, including the addition of overhead and profit. Current prevailing wages can be found at <https://lni.wa.gov/licensing-permits/public-works-projects/prevailing-wage-rates/>

Kitsap County reserves the right to reject any and all bids, to waive irregularities, and may accept any bid and make such award(s) that is judged to be in the best interest of the County.

Kitsap County reserves the right to terminate this contract should it be determined to be in the best interest of the County.

Bidders must correctly prepare and submit all required bid documents to the Kitsap County Purchasing Office only. **The following documents are required for a complete bid package:**

Bid Sheet
Contractor's Registration Certificate

Certificate of Insurance
Addenda Acknowledgement Receipt, if any

Arborist Certification

Every item on the Bid Sheet must be complete in all respects, including authorized signature. Bidders shall acknowledge receipt of all addenda in the spaces provided. Failure to include all items may be cause for the bid to be rejected as non-responsive.

NOTICE TO CONTRACTORS:

All work shall be in accordance with the bid specifications, and other contract documents, as administered by the Kitsap County Department of Administrative Services Department, Purchasing Office. Contractors for this project must comply with all applicable government and local agency requirements. All successful bidders shall be a licensed contractor in the State of Washington and must submit a photocopy of their valid Washington State Contractor's Registration at the time of bid.

PREVAILING WAGE

As this is a "Public Works" contract, as defined by RCW 39.040.010, all contractors, shall comply with RCW Chapter 39.12. An Intent to Pay Prevailing Wages and Affidavit of Wages Paid shall be filed with the Department of Labor and Industries for each project. Certified payrolls will be required and shall be submitted for each time period that the Contractor participates in the work.

INSURANCE REQUIREMENTS

All successful bidders shall submit a copy of their Certificate of Liability Insurance at the time of bid.
