**KITSAP COUNTY STORMWATER PARK ANALYSIS PROJECT**

**Response Deadline: Friday April 25, 2025 @ 2:00 PM**

Kitsap County Public Works Stormwater Division (“County”) seeks proposals from qualified firms to assess water quality needs, evaluate stormwater park (SWP) opportunities, and develop conceptual designs and cost estimates for at least five (5) priority sites. This work builds on the County’s Stormwater Management Action Plans (SMAPs) and other planning efforts, including those by local Tribes and neighboring cities, to identify locations that provide both stormwater treatment benefits and community park amenities.
