TECHNICAL SPECIFICATIONS

POLYMER

The county is soliciting bids for supplying liquid polymer to the Central Kitsap Treatment Plant for the purpose of dewatering anaerobic digested sludge and thickening waste activated sludge (WAS). Projected usage is expected to be approximately 195,000 pounds of liquid polymer for sludge dewatering and 90,000 Pounds of liquid polymer for WAS thickening for one year.

The attached testing procedures and specifications provide the parameters in which the County will accept bids. Vendors who wish to bid on the annual requirements of polymers for wastewater sludge dewatering and WAS thickening must comply with all testing and bid specifications.

SPECIFICATIONS:

Scheduling for on-site bench tests and full-scale plant tests must be made with the Central Kitsap Treatment Plant for testing on site for the weeks of:

- September 29 – October 3
- October 6 – October 10
- October 13 – October 17
- October 20 – October 24

Copies of the signed originals of this form must be submitted with this bid. All dates must be updated though out the bid document.

Calculation forms must be completed on-site and countersigned by the Plant Supervisor or his designee. The signed originals of this form must be submitted with a bid.

Successful bidders will be required to provide technical assistance for operator training and operations evaluation, concurrent with the initial delivery of polymers, at no extra charge to the county. Training shall not exceed four (4) hours.

All prices are to be F.O.B. Central Kitsap Treatment Plant loading area.

Polymers are to be delivered to 12351 Brownsville Hwy NE, Poulsbo, WA 98370, in returnable containers and with pick-up services for returnable containers.

It is the intent of the County to award the lowest responsive, responsible bidder based on the cost of polymer per dry ton to obtain the following results for these two sludge processes:

1. The biosolids dewatering process needs to produce a minimum of 23 percent solids content while maintaining a maximum of 500 mg/L of TSS in the centrate.
2. The WAS thickening process needs to produce a minimum thickened sludge solids concentration of 5 percent, with 90 percent minimum solids capture rate.

During the term of this purchase contract, the supplier will ensure that the manufacturer's specification for product, as initially tested at time of award, will not vary or change.

Additionally, should the sludge chemistry change for the County, the County reserves the right to re-negotiate the price of an appropriate polymer with the successful bidder.

TESTING SPECIFICATIONS

1. Prior to field-testing, vendors' representatives shall perform bench tests on the plants' sludge to determine optimum polymer and dosage rate. No more than two (2) specific polymer product numbers can be field-tested per plant; only one item may be bid per plant.
2. Each bidder shall then be assigned a scheduled testing date (Monday through Thursday) for a one-day, full-scale plant test for each polymer tested. Vendor will be required to provide a full drum of each polymer with a data sheet as well as any onsite technical assistance to evaluate the testing at no charge to the county.
3. Polymer concentration will be prepared at approximately 0.5% active polymer solution concentration and post diluted to 0.1%. All test polymers will be prepared, and applied, at the same "active polymer" concentration.
4. All polymers will be tested with the same machine adjustments (backdrive settings), and at the same sludge flow rate.
5. For the centrifuge a total of five discrete dosages will be applied to the feed sludge and the machine operated for 45 minutes at each dosage increment. At 30- and 45-minute intervals, samples will be taken at each dose. Two cake samples at each dosage analyzed separately for Total Suspended Solids (TSS) and the analytical results averaged. Two centrate samples will be composited and analyzed for TSS. The feed sludge will be collected half in the morning and half in the afternoon and composited for one TSS analysis.
6. For the WAS thickening a total of five discrete dosages will be applied to the feed sludge and the machine operated for 45 minutes at each dosage increment. At 30- and 45-minute intervals, samples will be taken at each dose. Two TWAS samples will be taken and each dosage analyzed separately for Total Suspended Solids (TSS) and the analytical results averaged. Two filtrate samples will be composited and analyzed for TSS. The feed sludge will be collected half in the morning and half in the afternoon and composited for one TSS analysis.
7. Pounds polymer per dry ton will be calculated from test results at each dose on the attached work sheets in appendix "C".
8. When laboratory results are available, (usually the day after samples are taken to the Lab.) the County will enter the results on the bid calculation form and forward the original to the Vendor.
9. The County may at its option buy more of a specific polymer, if necessary, for more detailed testing.

- 5.5. Product Discontinuance. Should a product or model identified in the Contract be subsequently discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request prior permission from the County to substitute a new product or model and shall provide the County with documentation from the manufacturer confirming that the product or model has been discontinued and identifying the names of the replacement product or model. All replacements shall meet or exceed all Contract specifications, be compatible with all the functions or uses of the discontinued product or model, and be at a price equal to or less than the discontinued product or model.
- 5.6. Guarantee. All Goods and Services shall be guaranteed for a minimum period of one (1) year from the date of acceptance by the County against defects in material and workmanship. The Contractor at its sole expense shall be responsible for the repair or replacement of any defects identified during that period, unless the defect was caused solely by misuse of the County.

SECTION 6. INDEMNIFICATION

- 6.1. To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless Kitsap County and its elected and appointed officials, officers, employees, and agents (collectively "Indemnitees") from and against all Claims resulting from or arising out of the performance of the Contract, whether such Claims arise from the acts, errors, or omissions of the Contractor, its Personnel, third parties, or anyone directly or indirectly employed by any of them, or anyone for whose acts, errors, or omissions for which any of them may be liable. It is the specific intent of the parties that the Indemnitees shall, in all instances except Claims arising from the sole negligence or willful misconduct of the Indemnitees, be indemnified by the Contractor from and against any and all Claims.
- 6.2. With regard to any Claim against any Indemnitee by any of the Contractor's Personnel, or anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the Contractor's indemnification obligation shall not be limited in any way by a limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or the Contractor's Personnel under workers compensation acts, disability benefit acts, or other employee benefit acts. Solely for the purposes of this indemnification provision, the Contractor expressly waives its immunity under Title 51 RCW (Industrial Insurance) and acknowledges this waiver was mutually negotiated by the parties.

- 6.3. Claim. "Claim" means all losses, claims, suits, actions, liabilities, damages, demands, judgments, settlements, expenses, fines, or other liabilities of any kind or nature whatsoever, including without limitation, all costs including costs of Claim processing, investigation, reasonable attorneys' fees, consequential damages, and punitive damages, for any personal or bodily injury, sickness, disease, disability, or death, or loss or damage to tangible or intangible business or property, including the loss of use. Claim includes any infringement, violation, or misappropriation of copyright, patent, trademark, or other proprietary rights of any third parties.
- 6.4. Obligations/Notice of Claim. The County will provide the Contractor notice of the assertion of liability by a third party that may give rise to a Claim by the County against the Contractor based on the indemnity contained herein. The Contractor shall respond to the County's tender of defense of a claim in writing within fourteen (14) calendar days from the notice date and will advise the County if the Contractor accepts or denies tender of the claim. The County may in its discretion withhold all or part of any payment due the Contractor under the Contract until the Contractor responds to such notice. The Contractor shall keep the County timely and fully informed through all stages of the defense and promptly respond to and comply with the County's requests for information. The County at all times reserves the right but has no obligation to participate in the defense and settlement of any Claim. Such participation shall not constitute a waiver of the Contractor's indemnity and defense obligations under the Contract. The Contractor shall not settle or compromise any Claim in any manner that imposes any obligations upon the County without the prior written consent of the County. The Contractor shall promptly advise the County of any occurrence or information known to the Contractor that could reasonably result in a Claim against the County. The violation of any provisions of Section 6, including improper refusal to accept tender, is a material breach.

SECTION 7. INSURANCE

- 7.1. Minimum Insurance Required. The Contractor and its subcontractors, if any, shall procure and maintain, until all of Contract obligations have been fully discharged, including any warranty period, all insurance required in Section 7 with an insurance company duly licensed in Washington State with an A.M. Best Company ratings of not less than A-VIII and a category rating of not less than "8", with policies and forms satisfactory to the County. Use of alternative insurers requires prior written approval from the County. Coverage limits shall be at minimum the limits identified in Section 7, or the limits available under the policies maintained by the Contractor without regard to the Contract, whichever is greater.
- 7.2. Professional Liability. *(Check one of the following options):*
- ☐ Not applicable.
 - ☐ Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage will apply to liability for professional error, act or omission arising out of or in connection with the Contractor's Services under the Contract. The coverage shall not exclude bodily injury, property damage, or hazards related to the work rendered as part of the Contract or within the scope of the Contractor's services under the Contract, including testing, monitoring, measuring operations, or laboratory analysis where such Services are rendered under the Contract.
- 7.3. Commercial General Liability ("CGL"). Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include personal injury, bodily injury, and property damage for premise-operations liability, products/completed operations, personal/advertising injury, contractual liability, independent contractor liability, and stop gap/employer's liability. Coverage shall not exclude or contain sub-limits less than the minimum limits required herein, without the prior written approval of the County. The certificate of insurance for the CGL policy shall expressly cover the indemnification obligations required by the Contract.

7.4. Automobile Liability. (Check one of the following options):

- ☐ Contractor shall maintain personal automobile insurance on all vehicles used for Contract purposes as required by law.
- ☐ Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include liability for any and all owned, hired, and non-owned vehicles. Coverage may be satisfied with an endorsement to the CGL policy.
- ☐ Not less than \$100,000 per occurrence and \$300,000 annual aggregate. If a personal automobile liability policy is used to meet this requirement, it must include a business rider and cover each vehicle to be used in the performance of the Contract. If the Contractor will use non-owned vehicles in performance of the Contract, the coverage shall include owned, hired, and non-owned automobiles.

7.5. Umbrella or Excess Liability. The Contractor may satisfy the minimum liability limits required for the CGL and Automobile Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the Umbrella or Excess Liability; however, the annual aggregate limit shall not be less than the highest "Each Occurrence" limit for either CGL or Automobile Liability. The Contractor agrees to an endorsement naming the County as an additional insured as provided in Section 7, unless the Umbrella or Excess Liability provides coverage on a "Follow-Form" basis.

7.6. Workers' Compensation and Employer Liability. If applicable, the Contractor shall maintain workers' compensation insurance as required under the Title 51 RCW (Industrial Insurance), for all Contractor's Personnel eligible for such coverage. If the Contract is for over \$50,000, then the Contractor shall also maintain employer liability coverage with a limit of not less than \$1,000,000.

7.7. Primary, Non-Contributory Insurance/Subcontractors. The Contractor's and its subcontractors' insurance policies and additional named insured endorsements will provide primary insurance coverage and be non-contributory. Any insurance or self-insurance programs maintained or participated in by the County will be excess and not contributory to such insurance policies. All Contractor's and its subcontractors' liability insurance policies must be endorsed to show as primary coverage. The Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All subcontractors shall comply with all insurance and indemnification requirements herein.

7.8. Review of Policy Provisions. Upon request, the Contractor shall provide a full and complete copy of all requested insurance policies to the County. The County reserves the right without limitation, but has no obligation to revise any insurance requirement, or to reject any insurance policies that fail to meet the requirements of the Contract. The County also has the right, but no obligation to review and reject any proposed insurer providing coverage based upon the insurer's financial condition or licensing status in Washington. The County has the right to request and review the self-insurance retention limits and deductibles, and the Contractor's most recent annual financial reports and audited financial statements, as conditions of approval. Failure to demand evidence of full compliance with the insurance requirements or failure to identify any insurance deficiency shall not relieve the Contractor from, nor be construed or deemed a waiver, of its obligation to maintain all the required insurance at all times as required herein.

7.9. Waiver of Subrogation. In consideration of the Contract award, the Contractor agrees to waive all rights of subrogation against the County, its elected and appointed officials, officers, employees, and agents. This waiver does not apply to any policy that includes a condition that expressly prohibits waiver of subrogation by the insured or that voids coverage should the Contractor enter into a waiver of subrogation on a pre-loss basis.

- 7.10. Additional Insured, Endorsement, and Certificate of Insurance. All required insurance coverage, other than the workers' compensation and professional liability, shall name the County, its elected and appointed officials, officers, employees, and agents, as additional insureds and be properly endorsed for the full available limits of coverage maintained by the Contractor and its subcontractors. Endorsement is not required if the Contractor is a self-insured government entity, or insured through a government risk pool authorized by Washington State.

The Certificate of Insurance and endorsement shall identify the Contract number and shall require not less than thirty (30) days' prior notice of termination, cancellation, nonrenewal, or reduction in coverage. At the time of execution, the Contractor shall provide the Certificate of Insurance, endorsement, and all insurance notices to: Risk Management Division, Kitsap County Department of Administrative Services, 614 Division Street, MS-7, Port Orchard, WA 98366.

- 7.11. No Limitation on Liability. The coverage limits identified herein are minimum requirements only and will not in any manner limit or qualify the liabilities or obligations of the Contractor under the Contract. All insurance policy deductibles and self-insured retentions for policies maintained under the Contract shall be paid by the Contractor. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the County, its elected and appointed officials, officers, employees, or agents. The Contractor's insurance shall apply separately to each insured against whom a claim is made or suit is brought, subject to the limits of the insurer's liability.
- 7.12. Claims-Made. If the Contractor's liability coverage is written as a claims-made policy, the Contractor shall purchase an extended-reporting period or "tail" coverage for a minimum of three (3) years following completion of the performance or attempted performance of the provisions of this Contract.

- 9.5. Independent Contractor. Each party under the Contract shall be for all purposes an independent contractor. Nothing contained herein will be deemed to create an association, a partnership, a joint venture, or a relationship of principal and agent, or employer and employee between the parties. Neither the Contractor nor its Personnel shall be, or be deemed to be, or act or purport to act, as an employee, agent, or representative of the County. The Contractor shall have complete responsibility and control over its Personnel. The Contractor and its Personnel shall have no County employee-type benefits of any kind whatsoever, including without limitation, insurance, pension plan, vacation pay, or sick pay, or other right or privilege afforded to County employees. The Contractor and its Personnel shall be responsible for payment of all insurance, taxes, and benefits.

SECTION 10. OWNERSHIP, CONFIDENTIAL INFORMATION, AND BREACH

- 10.1. Ownership. Any and all work product, deliverable, equipment, or any other materials created, prepared, constructed, assembled, made, performed, or otherwise produced by the Contractor or its Personnel for delivery to the County under this Contract are the sole property of the County, must be delivered to the County upon termination of the Contract, or final payment to the Contractor, and shall not be used or released by the Contractor without prior authorization from the County. Ownership of the intellectual property includes the right to copyright, patent, and register, and the ability to transfer these rights. Material the Contractor uses to perform this Contract that is not created, prepared, constructed, assembled, made, performed, or otherwise produced for or paid for by the County is owned by the Contractor and is not "work made for hire" within the terms of the Contract.
- 10.2. Personal Identifying Information/Breach. Upon Contract expiration or termination all confidential information shall be returned to the County or destroyed at the County's discretion.

SECTION 11. REPRESENTATIONS AND RECORDS

- 11.1. No Fee. If the County determines that records in the custody of the Contractor are needed to respond to a request under the Act, the Contractor shall make all such records promptly available to the County at no cost to the County. With the exception of the Contract, if the Contractor considers any portion of any record, electronic or hard copy, to be protected from disclosure under the Act, the Contractor shall clearly identify all specific information it claims to be confidential or proprietary. If the County receives a request under the Act to inspect or copy proprietary information that has been identified by the Contractor as protected from disclosure and the County determines that release of the information is required by the Act or otherwise appropriate, the County's sole obligation will be to make a reasonable effort to notify the Contractor of the request and the date that such protected information will be released unless the Contractor obtains a court order to enjoin disclosure pursuant to RCW 42.56.540. If the Contractor fails to timely obtain a court order enjoining disclosure, the County will release the requested information on the date specified. The County has no obligation on behalf of the Contractor to claim any exemption from disclosure under the Act. The County will not be liable to the Contractor for releasing records pursuant to the Act.

SECTION 12. RIGHTS AND REMEDIES

- 12.1. Responsibility for Correction. Any defects of design, workmanship, or materials that would result in non-compliance with the Contract specification or law shall be fully corrected by the Contractor (including parts, labor, shipping or freight) without cost to the County. This includes any necessary labor to remove, repair, install, or to ship or transport any item to a point of repair and return.
- 12.2. Default in One Installment. The Contractor shall deliver conforming goods in each installment or lot of this Contract and may not substitute nonconforming goods. Delivery of nonconforming

goods or a default of any nature, at the option of the County, shall constitute a breach of the Contract as a whole.

Upon request, the Contractor shall provide any clarifications and/or explanations regarding any Goods and Services provided as required by the County, at no cost to the County. In the event of noncompliance, error or omission under the Contract, the Contractor shall, at no cost to the County, provide all necessary design drawings, estimates, and all other services the County deems necessary to rectify and correct the matter to the satisfaction of the County. The Contractor shall continue to be responsible for the accuracy of Goods and Services, even after accepted by the County and the termination or expiration of the Contract.

The County shall be entitled to offset against any sums due the Contractor and reimbursement from the Contractor for any defects, damages, expenses, and any costs whatsoever incurred by the County due to the Contractor's nonconforming performance or failure to perform under the Contract.
- 12.8. Waiver. Either party's failure to insist upon the strict performance of any provision of the Contract, or to exercise any right based upon a breach thereof or the acceptance of any performance during such breach, will not constitute a waiver of any right or remedy under the Contract unless expressly so agreed in writing by an authorized representative.
- 12.9. The County may, upon termination of the Contract, procure on terms and in the manner that it deems appropriate, Goods and Services to replace those under the Contract. The Contractor shall be liable to the County for any and all costs, expenses, penalties, and fees incurred by the County in procuring Goods and Services in substitution for those due from the Contractor.
