Special Care Unit

WHAT IS A SPECIAL CARE UNIT?

A special care unit is a mobile or manufactured home that is placed upon the same lot as a single-family dwelling when a person(s) needs special, frequent, and routine care and assistance by reason of advanced age or ill health.

The special care unit provides housing for either the caregiver or the person(s) needing care.

[Kitsap County Code Title 17.410.050, Footnote 43](#) is the code provision that allows for a special care unit to be placed on a piece of property in unincorporated Kitsap County.

A special care unit must be a mobile or manufactured home because it will be considered a temporary and removable structure.
