VICINITY MAP

1. Background

Application proposes to construct an accessory dwelling unit (ADU) with an attached garage on a 1.13-acre lot zoned Rural Residential. The proposed ADU will be 845 square feet and approximately 150 feet from the 1,698-square-foot existing single-family residence. The ADU will be served by PSE for power and a septic drain field.

2. Project Request

The applicants, Zachary Vanchiere and Vanessa Vanchiere, seek approval for a Conditional Use Permit (CUP) to allow the construction of a detached ADU. Kitsap County Code 17.410.042.100 requires a CUP for a detached ADU in the Rural Residential zone.

3. SEPA (State Environmental Policy Act)

The State Environmental Policy Act (SEPA), found in Chapter 43.21C RCW (Revised Code of Washington), is a state law that requires the County to conduct an environmental

impact review of any action that might have a significant, adverse impact on the environment. The review includes the completion of an Environmental Checklist by the applicant and a review of that checklist by the County. If it is determined that there will be environmental impacts, conditions are imposed upon the applicant to mitigate those impacts below the threshold of “major” environmental impacts. If the impacts cannot be mitigated, an environmental impact statement (EIS) must be prepared. The decision following environmental review, which may result in a Determination of Nonsignificance (DNS), Mitigated DNS, or the necessity for an EIS is called a threshold determination. A separate notice of the threshold determination is given by the County. If it is not appealed, it becomes part of the hearing record as it was issued, since it cannot be changed by the Hearing Examiner.

Pursuant to WAC 197-11-355, the optional DNS process was utilized for this project. The SEPA Comment period previously occurred concurrent with the Notice of Application dated January 10, 2024. A Determination of Nonsignificance (DNS) was issued on August 22, 2024.

The SEPA appeal period expired September 5, 2024. No appeals were filed; therefore, the SEPA determination is final.

4. Physical Characteristics

The parcel is rectangle-shaped. The parcel is located outside of the shoreline jurisdiction.

6. Site Design

ADU site design will be analyzed under Section 10.a of this report.

7. Policies and Regulations Applicable to the Subject Proposal

The Growth Management Act of the State of Washington, RCW 36.70A, requires that the County adopt a Comprehensive Plan, and then implement that plan by adopting development regulations. The development regulations must be consistent with the Comprehensive Plan. The Comprehensive Plan process includes public involvement as required by law, so that those who are impacted by development regulations have an opportunity to help shape the Comprehensive Plan which is then used to prepare development regulations.

Kitsap County Comprehensive Plan, adopted June 30, 2016 (amended in 2018 and 2020).

The following Comprehensive Plan goals and policies are most relevant to this application:

Land Use Policy 50

Limit the designed rural area to low residential densities that can be sustained by minimal infrastructure improvements, cause minimal environmental degradation, and that will not cumulatively create the future necessity or expectation of urban levels of service.

Land Use Policy 51

Permit residential uses in rural areas consistent with the planned rural character of the surrounding area.

Land Use Policy 53

Outside of the Type III Limited Area of More Intensive Rural Development (LAMIRD), limit development only to that which serves rural residential or resource needs and does not draw population from Urban Growth Areas. This policy is implemented through Comprehensive Plan Land Use designation, zoning designation, and zoning code provisions.

Housing, Human Services Goals and Policies

Housing, Human Services Policy 5

Use regulatory strategies to incentivize and provide flexibility for development of affordable and special needs housing.

Housing, Human Services Policy 7

Adopt regulatory changes to allow non-traditional housing types.

Housing, Human Services Policy 11

Promote fair housing to ensure that all residents of Kitsap County have an equal and fair opportunity to obtain safe and sanitary housing suitable to their needs and financial resources, regardless of race, religion, gender, sexual orientation, age, national origin, family status, income, disability, or other protected class.

Housing, Human Services Policy 12

Identify and remove regulatory barriers and limits access to or the provision of a diverse affordable housing supply.

Housing, Human Services Policy 13

Identify and remove impediments to creating housing for harder to house populations.

Housing, Human Services Policy 14

Disperse affordable housing opportunities throughout the County.

The County’s development regulations are contained within the Kitsap County Code. The following development regulations are most relevant to this application:

Code Reference	Subject
Title 12	Storm Water Drainage
Title 13	Water and Sewers
Title 14	Buildings and Construction
Title 17	Zoning
Chapter 18.04	State Environmental Policy Act (SEPA)

9. Public Outreach and Comments

The Notice of Application was sent out on December 20, 2023. One comment was received in opposition to the proposal. The comment described that the proposal would set a dangerous precedent for the neighborhood as the rest of the neighborhood is Single Family Residences. According to 17.410.042.102, Accessory Dwelling Units are a conditionally permitted use in the zone.

10. Analysis

a. Planning/Zoning

Kitsap County Code 17.415.015.B: In order to encourage the provision of affordable housing, an accessory dwelling unit (ADU), detached, located outside an urban growth area shall meet the following criteria:

1. Only one ADU shall be allowed per lot;

Staff Comment: Only one ADU is proposed and there are no existing ADUs on the subject property.

2. Owner of the property must reside in either the primary residence or the ADU;

Staff Comment: The owners of the property, Zachary and Vanessa Vanchiere will reside in the Accessory Dwelling Unit.

3. The ADU shall not exceed fifty percent of the square footage of the habitable area of the primary residence or nine hundred square feet, whichever is smaller. Dimensions are determined by interior measurements;

Staff Comment: The proposed ADU is 845 square feet and the existing primary residence has 1,698 habitable square feet. The size of the existing primary residence allows for an 849-square-foot ADU. The proposed ADU is 845 square feet and meets this requirement. There is a proposed garage attached to the ADU which does not count toward habitable area. It will not be heated.

4. The ADU shall be located within one hundred fifty feet of the primary residence or shall be the conversion of an existing detached structure (e.g., garage);

Staff Comment: The proposed ADU is proposed to be 150 feet from the primary residence. The distance meets this requirement.

5. The ADU shall be designed to maintain the appearance of the primary residence;

Staff Comment: The proposed ADU will have the same pitched roof, roof material and siding.

6. All setback requirements for the zone in which the ADU is located shall apply;

Staff Comment: The setbacks are being met.

7. The ADU shall meet the applicable health district standards for water and sewage disposal;

Staff Comment: The Kitsap County Health District approved the site for additional sewage and water supply.

8. No mobile homes or recreational vehicles shall be allowed as an ADU;

Staff Comment: The proposed ADU is stick-built and not a mobile home or recreational vehicle.

9. An ADU shall use the same side-street entrance as the primary residence and shall provide additional off-street parking; and

Staff Comment: The proposed ADU will use the same driveway entering the property that the primary residences uses. In addition, parking for the ADU and primary residences meet the requirements of Kitsap County Code 17.490.030 which requires 4 total spaces. Please see Table 5.

10. An ADU is not permitted on the same lot where an accessory dwelling unit, attached (ADU-A), exists.

Staff Comment: No other ADUs are present or proposed.

b. Lighting

Lighting is not analyzed for ADU proposals.

c. Off-Street Parking

The parking requirement is met. Please see Table 5 below.

Table 5 - Parking Table

Use Identified in 17.490.030	Standard	Required Spaces	Proposed Spaces/Existing Spaces
Single-Family (attached or detached)	3 per unit (for existing primary residence)	3+1 = 4	4 spaces – the area near the single-family

	1 additional space for accessory dwelling units		residences and the proposed ADU exceed 720 square feet required for 4 parking spaces.
Total			4

d. Signage

No signage was proposed in this application.

e. Landscaping

Landscaping is not analyzed for ADUs.

Table 6 - Landscaping Table

	Required	Proposed
Required Landscaping (Sq. Ft.) 15% of Site	N/A	N/A
Required Buffer(s) 17.500.025	N/A	N/A
