KITSAP COUNTY COMPREHENSIVE PLAN PLANNING COMMISSION DISCUSSIONS

KITSAP COUNTY MARCH 19, 2024

compplan@kitsap.gov

(360) 337-5777

Kcowa.us/compplan

DECISION PROCESS

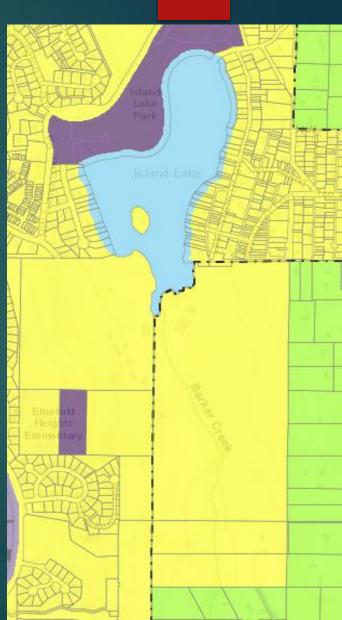

Key Decision Points for Preferred Alternative

- Any Urban Growth Area Expansions and Rezones
- Any Rural Rezone Requests
- Maximum Density Increases
 Centers, Multi-family and Single-family
- Maximum Height Increases
 Centers and Multi-family
- General Range of CAO Changes (stream buffers)
- Major New Policy Initiatives
 Tree Retention/Tree Replacement or SEPA Exemptions

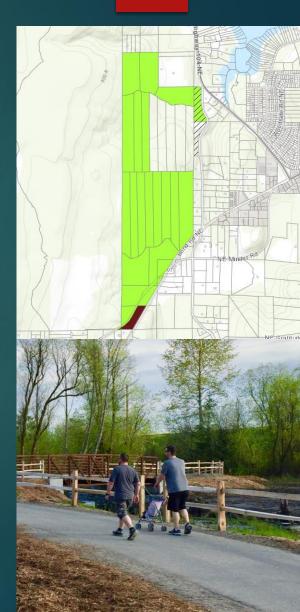

THEMES FROM PUBLIC COMMENT

- Rayonier Rural Reclassification
 Primarily Opposition Based on Rural Character and Impacts
- Island Lake UGA Expansion
 Primarily Opposition Based on Environmental and Traffic Impacts
- Concerns About General UGA Expansions
 Especially those focused on Single-Family Zoning
- Expanded Environmental Protections
 Tree Canopy Protection, Net Ecological Gain, Water Supply
- Concerns About Increased Density
 Traffic, Neighborhood Character, Quality of Life

THEMES FROM PUBLIC COMMENT

- Need for More Affordable Housing Young, Seniors and Low-Income
- Increased Housing Diversity in General Urban Centers
- Increased Multi-Modal Transportation Options
 Sidewalks and Bike Lanes/Shoulders
- Impacts on Farming
 Opposition to Rural Reclassifications, Increased Incentives
- Concerns about SEPA exemptions
 Limits public notice and project-based off-site improvements

DRAFT ALTERNATIVES

- No Action: All maps, policies and regulations remain as they are today with no changes proposed. Meets neither Housing nor Population Targets.
- Focused Growth/Urban Center Focus: Population, housing and employment growth is focused in existing multi-family, urban areas such as Silverdale, Kingston and Central Kitsap with policies to incentivize more diverse housing types such as townhomes, multi-family and cottage housing.
 Meets Commerce Housing Targets but exceeds CPP Population Targets.
- Wicets commerce mousing rangets but exceeds on a openation rangets.
- Dispersed Growth: Distributes growth similar to historic trends focusing on single-family housing. Urban areas are expanded to accommodate growth and some additional rural development is allowed for housing and jobs.
 Additional environmental protections are included.
 - Meets CPP Population Targets but not Housing Targets.

STAFF ASSUMPTIONS

- Alternative 2 is most in line with regional planning, GMAconsistency and new Commerce requirements.
- Preferred Alternative should acknowledge potential CAO changes and implications on developable land.
- Rural areas have substantial existing capacity well beyond 20-year forecast.
- Increasing housing diversity is a priority.
- Requiring trees be part of development is a priority but also carries impacts on developable land.

STAFF ASSUMPTIONS

- Commerce guidance directs housing units # and type.
- Current zoning is significantly under in multi-family capacity and over in single-family, detached capacity.
- Rural areas are considered single family, detached due to current pattern and zoning limitations.

U	GA	Housing Need 2044	Housing Type Accommodating	•	
			Multi-Family,

101%- >120%		1,012 4,103	Single Family – Attached, Single Family Detached, Cottage Housing Single Family - Detached		
Sub-T	otal	6,143		7,546	???

POPULATION TARGET TO CAPACITY

- Population adjusted to 2022 to compare to 2022 Land Capacity Analysis.
- Black numbers = under target. Red numbers = over target

UGA	Census Population 2020	CPP Targeted Growth 2020-2044	Adjusted Growth 2022-2044	Land Capacity Alt 1 2022	Land Capacity Alt 2 2022	Land Capacity Alt 3 2022	Growth to Land Capacity Alt 1 2022-2044	Growth to Land Capacity Alt 2 2022-2044	Growth to Land Capacity Alt 3 2022-2044

STAFF PROPOSALS

- Refer all rural reclassification requests (including Rayonier) to a 2025 planning process.
- UGA expansions are limited to those that increase housing diversity, provide employment opportunities or supports City annexation goals.
- Review critical area limitations based on the current March 8th Draft CAO.
- Establish a tree canopy requirement that strongly incentivizes the retention of mature trees.

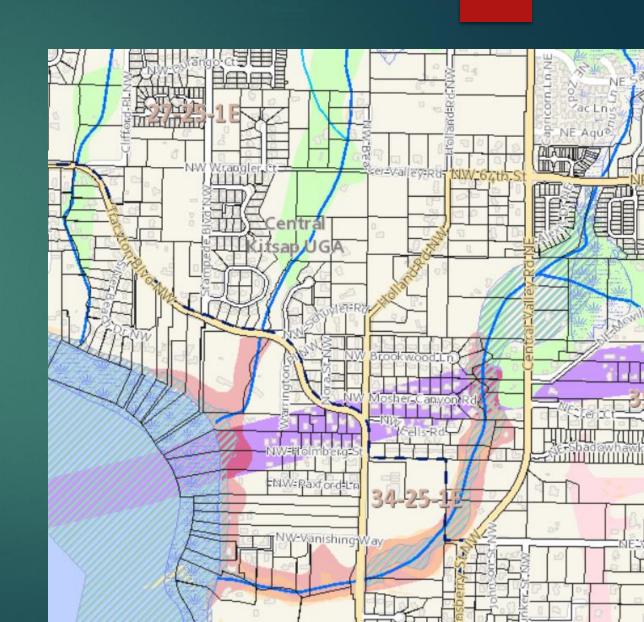

CRITICAL AREAS REGULATIONS

March 8th Public Draft

Stream buffers are increased by 50 feet on F and NF streams with some urban development flexibility.

Impacts on land capacity limited by:

- Redevelopment focus
- Existing ravines and associated wetlands.
- Increased housing types allowing greater clustering.
- Mostly impacts low density zones (fewer assumed units)

STAFF PROPOSALS

 Below is a legend for the next series of slides. Tables show current code/policy and Staff Recommendation. Maps have icons on them that mean (Alternative 2 is the base):

Removed from Alternative 2 (Excluded from Preferred)

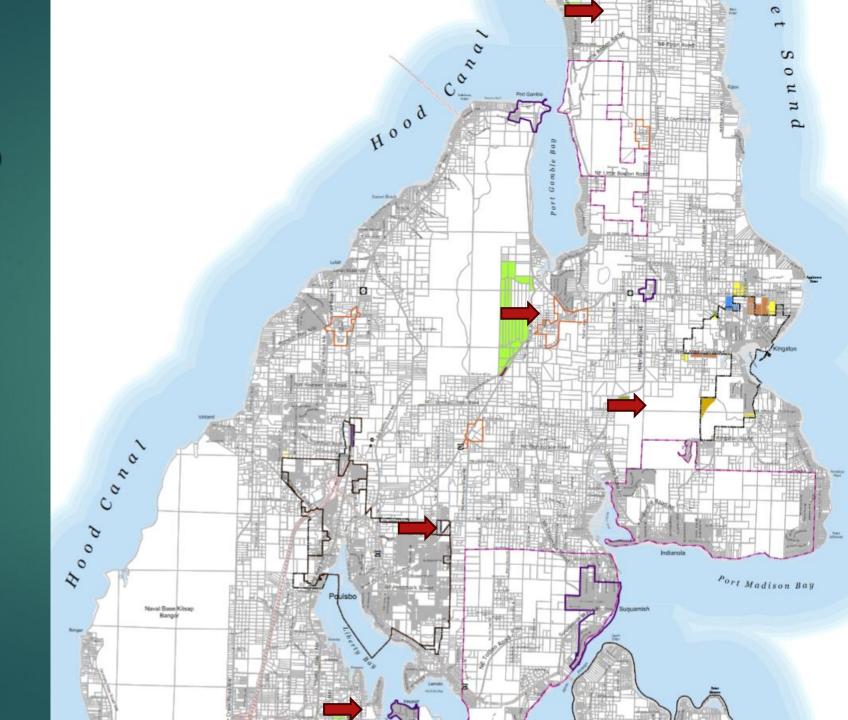

Referred to future focused land use process (2025-)

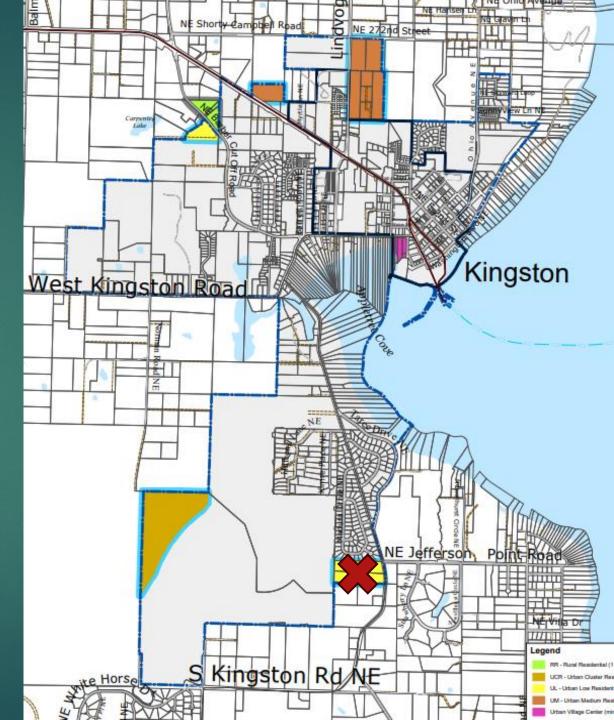

Addition to Alternative 2

RURAL PROPOSALS

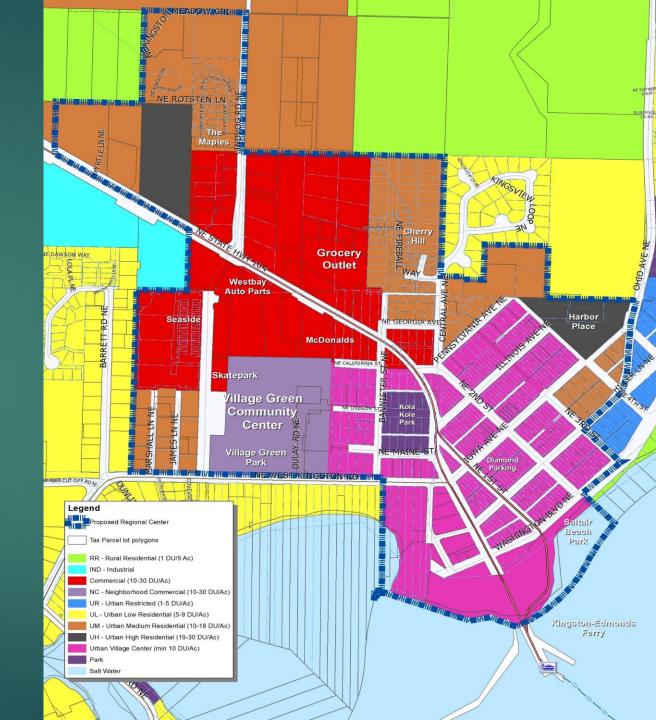

- All forwarded to a 2025 rural focused planning process.
- Discussion of agriculture, rural character and rural water issues.

Lot Aggregation	Required based on property size	No Change
Accessory Dwelling Units (Detached)	ACUP Required	Permitted
Rural		
Accessory Dwelling Units (Detached)	CUP Required	CUP Required

OTHER STAFF PROPOSALS

- Removed or reduced lot dimensions and minimum lot sizes in urban areas.
- Reduced or removed setbacks for multi-family and single-family, attached development.
- Expedited permitting for multi-family projects in Centers such as Silverdale and Kingston.

Not Included:

- Multi-family Tax Exemption Not allowed by legislature
- Expanded SEPA Thresholds Concerns about removing public notice and responsibility for off-site improvements.

OTHER STAFF PROPOSALS

Tree Canopy regulations

- Tree requirements based on tree units per acre.
- Tree retention incentivized with unit credits.
- Tree units required with subdivision or project approval only (not every building site as in current draft).
- Trees within buffers and landscaping count towards requirements.
- Impacts will be deducted from land capacity.

UPDATE SCHEDULE

- Planning Commission Discussions March 26th
- Board of Commissioner Hearing April 8th
- Preferred Alternative Selected End of April

Preliminary Alternative Selected	Draft Documents Released	Public Comment and Outreach for Draft Documents		Preferred Alternative Selected	Final Documents Released	Board Adoption of Plan
April 2023	December 15, 2023	December 15, 2023 - January 31, 2024	January - March 2024	April 2024	August 2024	December 2024
The County Board of Commissioners selected three preliminary land-use alternatives to review for environmental impacts.	Draft EIS, Comprehensive Plan Elements, Capital Facilities Plan, and Development Regulations released for public review.	Public comment period on the draft EIS.	 Outreach, including virtual/in person public meetings, community advisory council presentations. Briefings and work sessions with Board of County Commissioners and Planning Commission. 	The County Board of Commissioners will hold a public hearing to select a preferred alternative which will include aspects from one or all of the preliminary alternatives.	Final EIS, Comprehensive Plan Elements, Capital Facilities Plan, and Development Regulations released for public review.	The Board of County Commissioners will make a decision on the final version of the proposed Comprehensive Plan.
