Background:

The 2024 Comprehensive Plan was adopted in December 2024 with a major focus on growth in Urban Growth Areas. To allow for focus on the rural communities and lands and specific topics impacting rural areas, the county created the Year of the Rural program for 2025.

The three deliverables for the Year of the Rural include:

- Rural and Resource Lands Chapter Update
- Proposed Code Updates
- Rural Reclassification Requests

The purpose of the Chapter is to define and provide policy directions to preserve and enhance the rural character in the unincorporated portions of Kitsap County which will work in tandem with the Kitsap County Comprehensive Plan and Land Use Map.

Proposed code updates include agriculture, child care, and equestrian facilities.

The Board of County Commissioners removed 14 residential reclassifications requests by updating the docket in June 2025. The remaining three reclassification requests are for either Rural Commercial or Rural Industrial designations.

A Programmatic SEPA Determination of Non-Significance (DNS) was published September 2 with a 2-week comment period ending September 16, 2025.

Draft deliverables were published to the Kitsap County project webpage on September 2, 2025 along with a comment form. Comments received until September 23 will be shared with the

Planning Commission and Board of County Commissioners; comments received through November 10 will be shared with the Board of County Commissioners.
