

What types of commercial development or services would you like to see more of in the Silverdale Center and where?

Options (for inspiration)

Note/Comment

Grocery or specialty food markets

Convenience stores/pharmacies

Big box retail

Boutique stores/small retail

Mixed-use development/retail cluster

Local coffee shops and bakeries

Restaurants/Special Occasion

Chain/Fast food

Bars/Breweries

Walkable shopping centers

Co-working or maker spaces

Child care services

Wellness/Beauty

Auto/Insurance/Print/Other etc.

Drive thru

Accessibility and congestion are vital considerations

walkability, safe sidewalks

Mixed-use buildings

More incentives to keep (and encourage) local business and owners

other?

With housing set to shape the future of Silverdale, what types of housing would best serve the community, what should it look like and where should it go?

Options (for inspiration)

Note/Comment

Multifamily (lowrise)

Large multifamily (midrise)

Mixed-use (housing above retail/businesses)

Transit-oriented development

Multifamily designed with public open space

Large multifamily (highrise)

Attached townhomes/small-scale multi-family units

Compact courtyard clusters

Bungalow Courts/Cottage clusters

Duplex/Single Family

Senior housing

Workforce housing

other?

not enough parking around the waterfront

protect the views from building height/density

3 to 5 stories feels reasonable for downtown urban, but protect views

fire protection for taller multi-family buildings

“Third spaces” (places to gather outside of home and work) are essential to community life — what kinds would you like to see in the Silverdale Center?

Options (for inspiration):

Community centers or event spaces

Arts and Culture focused

Indoor Activity (e.g. arcades, sports, youth centers, classes)

Live music venues, events, theatres

Cafes, libraries, bookstores

Parks/Flexible open spaces

Parks with amenities (e.g. playgrounds, picnic areas, splash pads)

Connected trails/multi-use paths

Pocket parks (smaller, easy to walk to)

Public infrastructure like plazas, street furniture, walkways etc.

Waterfront access and amenities

Dog parks

Indoor: public lobby/shared seating

Planned events/Street closures

Natural areas/habitats

Clear
Creek trail
safety

enhance
what we
already
have

opportunity
near Old Mill
Park, more
amenities

increased
parking,
increased
accessibility
to Old Mill

other?

How do you usually get around Silverdale, what kinds of connectivity or mobility improvements would you like to see—and where?"

Options (for inspiration):

Transit Options

Bike infrastructure

Pedestrian infrastructure (sidewalks, crossings, etc.)

Connected trails, pathways (non motor)

Multimodal/Complete Streets

Urban passageways/through-block connections

Alternative/shared mobility options

Ferry/water access

Transit center design

Transit stop design

Improved access to or between certain areas/locations

Wayfinding

Parking management

Improvements - intersections, roads, etc.

other?

bike safety, bike lanes

Silverdale feels "separated" from itself from one side to the other (mostly due to Silverdale Way)

public/private partnership to designate existing parking for public parking

Park and ride?
