

1 **Amendment #1: Land Use Chapter**

2
3 The Kitsap County Comprehensive Plan, Chapter 1 (Land Use), page 1-17, adopted by Ordinance 534
4 (2016), is amended as follows:

5
6 Land Use Policy 26. Include the following components in each Urban Growth Area Management
7 Agreement:

- 8 ▪ Specification that the city’s zoning code; densities; development, subdivision,
9 environmental and construction standards; and levels of service shall apply to the entire
10 Urban Growth Area unless mutually agreed otherwise by the city and the County.
- 11 ▪ Confirmation that the city’s comprehensive plan should reflect land use and capital
12 facilities planning for the entire Urban Growth Area. This should include agreement
13 regarding the operation and maintenance of County-owned public facilities such as
14 parks and other community buildings.
- 15 ▪ Identification of the responsibility and mechanisms for comprehensive plan
16 amendments, zoning changes and development applications within the Urban Growth
17 Area.
- 18 ▪ Identification of the services to be provided, the service provider and the terms of
19 services. All service providers should be included in Urban Growth Area planning.
- 20 ▪ Provisions on revenue sharing.
- 21 ▪ Description of the city’s pre-annexation planning to ensure logical and coordinated
22 boundaries which shall include:
 - 23 ◆ Conditioning City service extensions upon actual annexation for properties
24 contiguous to the City boundary or to agreements of no protest to future
25 annexation for properties not contiguous.
 - 26 ◆ Offering pre-annexation agreements to property owners interested in
27 annexation and needing assurances from the City about service, planning, or
28 other issues.
 - 29 ◆ Plans for tiering and/or phasing of infrastructure development, appropriate to
30 the individual Urban Growth Area.
 - 31 ◆ City priorities for City-led annexation efforts as appropriate.
- 32 ▪ Other issues as appropriate for specific Urban Growth Area Management Agreements.
- 33 ▪ ~~Perform~~ **Perform** post-annexation reviews and evaluate accomplishment of the pre-
34 annexation plan goals.

35
36 The Kitsap County Comprehensive Plan, Chapter 1 (Land Use), page 1-28, adopted by Ordinance 534
37 (2016), is amended as follows:

38
39 **Strategy 3 – Recognize Diversity in Land Uses**

40 *Supports policies ~~50-55, 37, 38, 41-49, 56-69~~ 37-38, 41-69*

- 41 ▪ Partnerships: Meet annually with Naval Base Kitsap to implement the Joint Land Use
42 Study (JLUS) findings.
- 43 ▪ Projects and Programs: Create policies and programs supporting Kitsap County’s local
44 food system based on the Kitsap County Agricultural Strategic Plan.

- 1 ■ Projects and Programs: Partner with the U.S. Department of Defense to recognize
2 diverse land use opportunities within Kitsap County and to ensure compatible uses in
3 the vicinity of local military installation.
- 4 ■ Projects and Programs: Create a Public Facilities zone.
- 5 ■ Projects and Programs: Consider establishing a historic review board for Kitsap County.
- 6 ■ Measuring, Monitoring and Evaluation: Geo-analyze rural lands to determine
7 appropriate zoning.
- 8 ■ Measuring, Monitoring and Evaluation: Analyze rural lands to determine appropriate
9 zoning based on prime soils for agriculture or timber.
- 10 ■ Finance and Budget: Explore methods to efficiently update resource lands information.

13 **Amendment #2: Housing and Human Services Chapter**

14
15 The Kitsap County Comprehensive Plan, Chapter 4 (Housing and Human Services), pages 4-50 to 4-
16 52, adopted by Ordinance 534 (2016), is amended as follows:

18 **Discussion**

19 Everyone matters in Kitsap County. As part of the Comprehensive Plan, the County will work to
20 provide policy guidance for assistance to the most at-risk residents, while directing funding to
21 programs that support these populations. As part of this effort, the County will consider and
22 review a housing first model for support for the most at-risk residents. The County also strives to
23 provide policy direction to facilitate adequate housing for all economic segments of the county.
24 Part of this effort includes intergovernmental coordination to make the most efficient use of
25 resources to provide housing while avoiding concentrating housing in environmentally sensitive
26 areas and protecting natural systems adequately to ensure long-term viability of groundwater
27 supplies and maintain a high quality of life.

28
29 Kitsap County has had stable population growth over the past two decades. Much of the growth
30 is driven by the County's location in the Central Puget Sound and its relative proximity to jobs in
31 King, Pierce and Snohomish Counties. This said, Kitsap County has also increased its job base
32 over the past two decades as well.

33
34 Kitsap County's housing stock continues to be mainly single-family detached housing with the
35 largest amount of multi-family housing in Bremerton and unincorporated Kitsap County.
36 Statistics from the U.S. Census bureau comparing housing stock between the 2000 and 2010
37 censuses show that a majority of Kitsap County residents are homeowners. U.S. Census and
38 ongoing real estate research efforts show that the price of owning a home, after the housing
39 crash of 2008 is now again rapidly increasing. Affordable housing for first time homebuyers, in
40 particular, is declining in Kitsap County. The county has a large percentage of renters and
41 homeowners earning less than the county median and paying more than 30 percent of their
42 income for housing, meeting the definition of cost-burdened households.

1 Kitsap County is projected to gain an additional 80,438 residents ~~by between 2010 and~~ 2036, for
2 a total ~~estimated~~ population ~~at of~~ approximately ~~of 335,000~~ 331,570 persons. This implies a
3 need for approximately 34,000 new housing units by 2036.
4

5 It is a vision of the County to allow flexible development standards for housing being
6 proposed in the vicinity of critical areas to reach both goals of meeting housing targets and
7 environmental protection. The County also seeks to allow diversity of housing stock to include
8 provision of energy efficient housing types that conserve non-renewable energy and helps
9 minimize impact on air quality and climate.
10

11 In the coming years the County will work to develop design guidance to create and maintain
12 attractive housing stock while encouraging integration of affordable housing in new
13 development and working to permit housing in areas with adequate public facilities and
14 services.
15

16 Throughout the 20-year plan period the County will continue to partner with and encourage
17 developers to provide for open space, in association with new housing developments.
18 Integration of housing and open space will be a priority to be located near new employment
19 opportunities.
20

21 This Comprehensive Plan also seeks to:

- 22 ■ promote the development of housing that contributes to healthy urban areas that
23 attract existing and future residents,
- 24 ■ provide policy guidance and assistance to property owners of historical and culturally
25 significant housing to encourage preservation of those resources within the county,
- 26 ■ encourage housing growth and rehabilitation sufficient to meet the needs of the
27 growing Kitsap County economy,
- 28 ■ encourage growth of housing in areas with sufficient public facilities and capacity in
29 place, as well as,
- 30 ■ require upgrades to public services and facilities where new housing is planned and
31 services and facilities will not meet standards with new growth.
32

33 In an effort to meet these challenges Kitsap County and the City of Bremerton, Washington have
34 prepared a Consolidated Plan in order to implement our community's federal program funds
35 from the U.S. Dept. of Housing and Urban Development (HUD). These funds are Community
36 Development Block Grant (CDBG) and Home Investment Partnership Program (HOME). This plan
37 is for the period of January 1, 2016 to December 31, 2020. Kitsap County is designated as an
38 Urban County and receives a direct allocation of CDBG funds.
39

40 The City of Bremerton receives a direct CDBG allocation, and works in partnership with the
41 Kitsap County Consortium to administer HOME funds. The City of Bremerton receives its share
42 of HOME funds based on a percentage allocation determined by HUD. The Consolidated Plan
43 follows requirements of the U.S. Department of Housing and Urban Development (HUD), and
44 uses HUD's format and data tables required for plans adopted after November 15, 2012. The
45 purpose of this plan to evaluate community needs and set goals for the five-year plan period.
46 Through a Community Needs Assessment, Housing Market Analysis and with community input,

1 the County and City of Bremerton have developed a Strategic Plan. The Strategic Plan outlines
2 the priorities and goals which guide the allocation of funds over the five year period. The County
3 and City will each develop an Action Plan annually which will include projects awarded funds
4 through an annual application process. These projects will address the priorities and goals over
5 the 5-year period. Community Development Block Grant (CDBG) and Home Investment
6 Partnership Program (HOME) funds will be used over the next five years to address the needs
7 outlined in the Strategic Plan. HUD's objectives guiding the proposed activities are to 1. Provide
8 decent affordable housing; 2. Create suitable living environments; and 3. Create economic
9 opportunities. ~~(The following link will be included in the plan)~~

24
25 The Kitsap County Comprehensive Plan, Chapter 11 (Appendices), Kitsap County Comprehensive
26 Plan Map, page 11-145, adopted by Ordinance 534 (2016), is amended as follows:
27

28 The 'MRO - Mineral Resource Overlay' is shown to overlay the underlying land use designations
29 as depicted in Exhibit A1 for the parcels listed in Exhibit A3. The Silverdale Regional Growth
30 Center Boundary is added to the map.
31
32

33 **Amendment #5: Zoning Map**

34
35 The Kitsap County Comprehensive Plan, Chapter 11 (Appendices), Kitsap County Zoning Map, page
36 11-146, adopted by Ordinance 534 (2016), is removed from the Kitsap County Comprehensive Plan,
37 but not repealed, and therefore remains in effect pursuant to Kitsap County Code 17.120.030
38 'Revised maps'.
39

40 The Kitsap County Zoning Map, last amended by Ordinance 534 (2016), is amended pursuant to
41 Kitsap County Code Section 17.120.030 'Revised maps' as follows:
42

43 The 'MRO - Mineral Resource Overlay' is added and shown to overlay the underlying zones as
44 depicted in Exhibit A2 for the parcels listed in Exhibit A3.
45
46

47 **Amendment #6: Comprehensive Plan Land Use Designations, Zoning Classifications, and Densities**

The Kitsap County Comprehensive Plan, Chapter 11 (Appendices), pages 11-147 to 11-149, adopted by Ordinance 534 (2016), is amended as follows:

Appendix B – Comprehensive Plan Land Use Designations, and Zones Zoning Classifications, and Densities

Appendix B defines which zone classification(s) are allowed within each Comprehensive Plan land use designation as well as the density of dwelling units (DU) per acre allowed within each zone. Minimum density shall be calculated based on net developable acreage and maximum density shall be calculated based on gross acreage. A cell marked with “NA” indicates there are no specific requirements.

1. The Mineral Resource Overlay (MRO) overlays and supersedes the requirements of the existing land use designation and zoning classification until the site has been reclaimed, after which the MRO shall be removed and the requirements of the underlying land use designation and zoning classification resumed.
2. These zones are not intended to accommodate population growth and therefore do not have allowed density. However, limited new residential uses may occur in these zones which support the intent of these zones to provide employment and services. Therefore, up to one dwelling unit may be allowed per existing parcel for the limited residential uses allowed in Kitsap County Code Chapter 17.410.
