ATTACHMENT B: STATEMENT OF WORK

Kitsap Community Resources Recovery Outreach and Stabilization Team (ROAST)

Background

In 2005, Washington State approved legislation allowing counties to raise their local sales tax by one-tenth of one percent to augment state funding of mental health and chemical dependency programs and services. In September 2013, the Kitsap County Board of Commissioners passed a resolution authorizing a sales and use tax for Mental Health, Chemical Dependency and Therapeutic Court Programs. The goal of this tax is to prevent and reduce the impacts of disabling chemical dependency and mental illness by creating and investing in effective, data-driven programs for a continuum of recovery-oriented systems of care.

Project Description

This project will provide behavioral health services within the Recovery Support Services level of the continuum of care and addresses the following strategic goals:

- Improve the health status and wellbeing of Kitsap County residents.
- Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.
- Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.
- Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.
- Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

This project will coordinate the Recovery Outreach and Stabilization Team (ROAST) and provide housing stabilization support to 200 adults with behavioral health needs. Services will include outreach, rental assistance, eviction prevention, rapid rehousing, case management, housing stabilization, crisis intervention and mental health referrals for individuals and families who are struggling with substance abuse and mental health issues.

Project Activities

The Recovery Outreach and Stabilization Team is a joint project between Kitsap Community Resources' Housing Solutions Center team and Kitsap Community Resources' Housing and Homeless Services team. The Housing Solutions Center (HSC) will administer ROAST's rental assistance program for individuals and families that have had a behavioral health or substance use diagnosis within the last year.

KCR's Housing Team will be tasked with running ROAST's supportive housing arm for some of the most vulnerable individuals experiencing homelessness in

Kitsap County. Both HSC and Housing team members will work in close collaboration to build KCR's ROAST program into an effective project for households in Kitsap that have a mental health or substance use issues.

The ROAST team will be comprised of two Outreach Coordinators, two Housing Stabilization Specialists, and one Behavioral Health Specialist. The Outreach Coordinators will be housed in HSC and focus on administering the rent assistance side of ROAST, along with reaching new clients in the community. The Housing Stabilization Specialists (HSS) will be part of KCR's Housing Team and will offer supportive housing services to clients with significant barriers to housing stability. The Behavioral Health Specialist will be a subcontracted position with a behavioral health provider and will focus on connecting clients to services in conjunction with our Housing Stability Specialists.

The Outreach Coordinator team will work as a pair to conduct outreach to the homeless throughout Kitsap County and administer rent assistance. They will reach the hardest to serve clients experiencing homelessness by meeting them in the community, treatment facilities, jail, hospital, shelter, or encampments where they currently reside. Coordinators will discuss housing choices with clients, coordinate rental assistance, and provide referrals to community resources.

ROAST's Housing Stabilization Specialists (HSSs) will provide case management for clients with severe behavioral health and substance use barriers. These clients face tremendous hurdles to maintaining housing, requiring intensive support for at least one year. Both will have caseloads of less than twenty clients in order to provide a high level of support to each client. The HSSs will provide crucial tenant advocacy services to ensure housing is maintained for the target population as dealing with landlords is often very difficult. HSSs will also prioritize linking individuals to needed support services that foster resiliency and stability. The frequency and intensity of the housing stability supportive services are tailored to the needs of the household using a progressive engagement approach.

ROAST's Behavioral Health Specialist will work with clients from both Housing Stabilization Specialists to provide crisis management, mental health referrals, care coordination, and housing stability support. If necessary and desired by the client, the Behavioral Health Specialist will link participants to intensive mental health and substance use services including inpatient and outpatient treatment, crisis services, and relapse- prevention services.

ROAST will centralize all the rent assistance given by the Mental Health, Chemical Dependency, and Therapeutic Courts Treatment Sales Tax (TST) that go to landlords and housing programs throughout Kitsap County with the Housing Solutions Center. Housing Solutions Center (HSC) will act as the main hub and control for any person or

housing partners that requests TST rent assistance funds for clients. HSC will regulate rental assistance in order to ensure the same treatment and qualifications for every

client and housing provider being funded. This centralization will assure that the same beds are not being double paid.

Rental assistance is identified as eviction prevention (pay or vacate notice) or Rapid Rehousing (deposit and first month's rent) for those that are literally homeless - street, shelter, car, place not meant for habitation, and fleeing domestic violence). Rent assistance can include utilities if they are included with rent or transportation funds if linking to permanent housing.

Qualifying factors:

1. Income at or below 50% AMI with proof of income.
2. In services for mental health or chemical dependency within the past six months with proof of services.
3. Must have pay or vacate notice or homeless verification.

Must have copy of lease.

Project Design

The Contractor will integrate the following evidence-based best practices into the Recovery Outreach and Stabilization Team:

- Housing First - Housing First is a homeless assistance best practice that prioritizes providing permanent housing to people experiencing homelessness without requiring them to participate in programs, treatment, or classes in order to help them become ready for housing.
- Trauma Informed Care - Trauma Informed Care is an approach that first seeks to understand clients' past adverse experiences and how those experiences affect clients' physical, psychological and emotional safety in relation to themselves and staff members.
- Progressive Engagement - Progressive Engagement is the practice of helping households end their homeless crisis as rapidly as possible despite their housing barriers with the most effective and efficient use of resources.
- Motivational Interviewing - Motivational Interviewing (MI) is a client-centered approach which strives to elicit behavior change by helping clients move past and resolve their ambivalence.

Project Outcomes and Measurements

The contractor will participate in the Evaluation Plan for Treatment Sales Tax Programs. Programs or services implemented under the Treatment Sales Tax are reviewed by the Citizens Advisory Committee and monitored by the Human Services Department. The Contractor will have an evaluation plan with performance measures. The emphasis will be on capturing data at regular intervals that can be used to determine whether Treatment Sales Tax funded programs met expectations. Some common measures will be identified that will be reported on.

Evaluation efforts must include standardized data collection and reporting processes that produce the following types of information:

- Quantity of services (outputs).
- Level of change occurring among participants (outcomes).
- Return-on-investment or cost-benefit (system savings) if evidence-based.
- Adherence to the model (fidelity).
- Common measures (to be identified by the Citizens Advisory Committee and Kitsap County Human Services staff).

Data will be collected to monitor the following goals and objectives identified by the Contractor:
