If a personal lines automobile liability policy is used to meet this requirement, it must include a business rider and must cover each vehicle to be used in the performance of the Contract and the certificates of insurance must evidence that these conditions have been met. If the Contractor will use non-owned vehicles in performance of the Contact, the coverage will include owned, hired, and non-owned automobiles.

  - C. The Contractor's commercial general liability insurance and automobile liability insurance (if applicable) will contain no special limitations on the scope of protection afforded to the County as an additional insured.
  - D. Any failure to comply with reporting provisions of the policies will not affect the coverage provided to the County, its officers, officials, employees, or agents.
  - E. The Contractor's insurance will apply separately to each insured against whom claim is made or suit is brought subject to the limits of the insurer's liability.
  - F. The Contractor will include all subcontractors as insureds under its policies or will furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors will be subject to all of the requirements stated in these provisions.
  - G. The insurance limits mandated for any insurance coverage required by the Contract are not intended to be an indication of exposure, nor are they limitations on indemnification.
-

- H. The Contractor will maintain all required policies in force from the time services commence until services are completed. Certificates, policies, and endorsements scheduled to expire before completion of services will be renewed before expiration. If the Contractor's liability coverage is written as claims-made-policy, then the Contractor must evidence the purchase of an extended-reporting period or "tail" coverage for a three-year period after completion of the services.

**7.6 Verification of Coverage and Acceptability of Insurers.**

- A. The Contractor will place insurance with insurers licensed to do business in the State of Washington and having A.M. - B. The Contractor will furnish the County with properly executed certificates of insurance or a signed policy endorsement which will clearly evidence all insurance required in this Section before work under this Contract shall commence. The certificate shall, at a minimum, list limits of liability and coverage. The certificate will provide that the underlying insurance contract may not be canceled, or allowed to expire, except on 30-days' prior written notice to the County. Any certificate or endorsement limiting or negating the insurer's obligation to notify the County of cancellation or changes must be amended so as not to negate the intent of this provision.
- C. The Contractor will furnish the County with evidence that the additional-insured provision required above has been met. Acceptable forms of evidence are the endorsement pages of the policy showing the County as an additional insured or a letter of self-insurance from a public entity risk pool which waives the requirement.
- D. Certificates of insurance will show the certificate holder as Kitsap County and indicate "care of" the appropriate County office or department. The address of the certificate holder will be shown as the current address of the appropriate County office or department.
- E. The Contractor will request that the Washington State Department of Labor and Industries, Workers Compensation Representative, send verification to the County that the Contractor is currently paying workers' compensation.
- F. Evidence of such insurance, as required above, shall be provided to the County at the following address:

In that event, the County will pay the Contractor for all costs incurred by the Contractor in performing the Contract up to the date of such notice, subject to the other provisions of the Contract.
- 8.2 If funding for the underlying project or matter is withdrawn, reduced, or limited in any way after the Contract is signed or becomes effective, the County may summarily terminate the Contract notwithstanding any other termination provision in the Contract. Termination under this provision will be effective upon the date specified in the written notice of termination sent by the County to the Contractor. No costs incurred after the effective date of termination will be paid.
- 8.3 If the Contractor breaches any of its obligations under the Contract and fails to cure the breach within 10 days of written notice to do so by the County, the County may terminate the Contract. In that event, the County will pay the Contractor only for the costs of services accepted by the County. Upon such termination, the County, at its discretion, may obtain performance of the work elsewhere, and the Contractor will bear all costs and expenses incurred by the County in completing the work and all damages sustained by the County by reason of the Contractor's breach.

## **SECTION 9. ASSIGNMENT, DELEGATION AND SUBCONTRACTING**

The goal of this tax is to prevent and reduce the impacts of disabling chemical dependency and mental illness by creating and investing in effective, data-driven programs for a continuum of recovery-oriented systems of care.

### **Project Description**

This project will provide behavioral health services within the Prevention, Early Intervention and Training level of the continuum of care and addresses the following strategic goals:

- Improve the health status and wellbeing of Kitsap County residents.
- Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

The Behavioral Health Counseling Enhancement Project (BHCEP) is designed to provide school-based behavioral health services for mental health and substance abuse. The purpose of this project is to promote emotional health and reduce the incidences and severity of chemical dependency and mental illness as identified in the 2021 Kitsap County Behavioral Health Strategic Plan. Mental Health Therapists (MHT) and Student Assistance Professionals (SAP) will provide school-based behavioral health services to three hundred and thirty (330) high-risk students at targeted middle and high schools. Services include individual therapy, group, and family therapy. Support groups offered include Substance Abuse Early Intervention Children of Substance Abusing Parents, Coping Skills, Social Skills, Grief and Loss, and Recovery Support. Counseling techniques will include Cognitive Behavioral Therapy and Dialectical Behavioral Therapy which has shown to reduce symptoms of anxiety and depression and builds emotional regulation skills in youth; and the Motivational Interviewing approach which has also shown to improve engagement and encourages proactive movement towards healthier behaviors.

### **Project Activities**

**Activity #1:** Provide prevention/early intervention services at identified middle and high schools that currently do not have behavioral health services in place. A part-time Student Assistance Professional (SAP) will be housed at each of the following schools: South Kitsap HS, Marcus Whitman MS, Cedar Heights MS, Mountain View

MS, Olympic HS, Klahowya Secondary School, Fairview MS, Ridgetop MS, North Kitsap HS, Kingston MS, Bainbridge HS and Eagle Harbor (which is combined with the Bainbridge High School). The level of service will vary with each student, with some needing just a few sessions and others needing to meet with the SAP all year. The SAP generally serves a total of 30 students per year. Staff will provide behavioral health screenings, referrals and linkages to both school and community resources; provide individual counseling and facilitate multiple support groups.

### **Project Design**

The SAP will follow the Office of Superintendent of Public Instruction Washington Student Assistance Prevention-Intervention Services Program Manual. The manual is based on the National Endorsed Student Assistance Professional model for the National Association for Addiction Professionals. Staff will also use the Global Appraisal of Individual Needs Short Screener, which is a validated, reliable, and standardized screening tool; counseling techniques for mental health and substance use issues will include motivational interviewing, cognitive and dialectical behavioral therapy.

### **Project Outcomes and Measurements**

Olympic Educational Service District 114 will participate in the Evaluation Plan for Treatment Sales Tax Programs. Programs or services implemented under the Treatment Sales Tax are reviewed by the Citizens Advisory Committee and monitored by the Human Services Department. Olympic Educational Service District 114 will have an evaluation plan with performance measures. The emphasis will be on capturing data at regular intervals that can be used to determine whether Treatment Sales Tax funded programs met expectations. Some common measures will be identified that will be reported on. Evaluation efforts must include standardized data collection and reporting processes that produce the following types of information:

- Quantity of services (outputs)
- Level of change occurring among participants (outcomes)
- Return-on-investment or cost-benefit (system savings) if evidence-based
- Adherence to the model (fidelity)
- Common measures (to be identified by the Citizens Advisory Committee and Kitsap County Human Services staff that all programs must report on).

Data will be collected to monitor the following goals and objectives identified by the Contractor:

Goal #1: Increase the overall health and well-being of program participants.

Objective #1: By December 31, 2025, at least 325 students will receive services at targeted middle, and high schools measured by project data.

Objective #2: For secondary students completing 8 or more sessions, there will be a 20% decrease in the percentage of students who feel unhappy, sad or depressed a lot of the time, most of the time, or all of the time.

Objective #3: For secondary students completing 8 or more sessions, there will be a 20% decrease in the percentage of students feeling they can't stop or control their worrying a lot of the time, most of the time, or all of the time.

Strategy: Refer students with behavioral health needs to supportive groups and individual services.

Goal 2: Decrease substance use among program participants.

Objective #4: At end of program service, 50% of middle and high school students with an identified substance use reduction goal for services will show a 50% reduction\* in substance use (cigarettes, alcohol, binge alcohol, marijuana, vape) compared to baseline as measured by the LGAN pre/post self-report tool.

Strategy: Screen all students for specific substance use, Refer students to specific intervention services, Assess overall impact of program services on student's substance use.

### **Data Collection**

The Contractor will provide a Quarterly Report to the Kitsap County Human Services Department by April 30, July 31, October 31, 2025, and January 31, 2026 each year funding is received under this grant detailing progress made on program outcomes during the quarter, what other funding sources have been investigated, and what the future potential for alternative funding is.
