Certificates, policies and endorsements scheduled to expire before completion of services will be renewed before expiration. If the Contractor's liability coverage is written as claims-made-policy, then the Contractor must evidence the purchase of an extended-reporting period or "tail" coverage for a three-year period after completion of the services.

Any certificate or endorsement limiting or negating the insurer's obligation to notify the County of cancellation or changes must be amended so as not to negate the intent of this provision.
 - C. The Contractor will furnish the County with evidence that the additional-insured provision required above has been met. Acceptable forms of evidence are the endorsement pages of the policy showing the County as an additional insured or a letter of self-insurance from a public entity risk pool which waives the requirement.
 - D. Certificates of insurance will show the certificate holder as Kitsap County and indicate "care of" the appropriate County office or department. The address of the certificate holder will be shown as the current address of the appropriate County office or department.
-

- E. The Contractor will request that the Washington State Department of Labor and Industries, Workers Compensation Representative, send verification to the County that the Contractor is currently paying workers' compensation.

ATTACHMENT B: STATEMENT OF WORK

Coffee Oasis – Youth Intervention

Background

In 2005, Washington State approved legislation allowing counties to raise their local sales tax by one-tenth of one percent to augment state funding of mental health and chemical dependency programs and services. In September 2013, the Kitsap County Board of Commissioners passed a resolution authorizing a sales and use tax for Mental Health, Chemical Dependency and Therapeutic Court Programs. The goal of this tax is to prevent and reduce the impacts of disabling chemical dependency and mental illness by creating and investing in effective, data-driven programs for a continuum of recovery-oriented systems of care.

Project Description

This project will provide education, support, networks and case management for youth at risk.

- Improve the health status and wellbeing of Kitsap County residents.
- Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.
- Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.
- Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.
- Reduce the number of people in Kitsap County who cycle through the criminal justice systems, including jails and prisons.

This program will serve approximately 240 individuals.

Project Activities

Crisis Services Manager: One (1) FTE to provide vision and leadership to the Crisis Program by building community relationships and providing program oversight; provide crisis support services to youth referred by first response agencies, hospitals, schools, and other partnered organizations; and actively support field operations, crisis text services, and therapeutic mentorship.

Project Design

The Contractor will provide proactive support for student well-being to nine schools; South Kitsap High School, Discovery Alternative, Mountain View Junior High, Bremerton High, Renaissance, Chief Academy, North Kitsap High, Kingston High, Kingston Junior High, by collaborating with school counselors, provide restorative practices, tools, coping skills, and counseling students to facilitate success throughout the year, and provide transportation for youth to participate in treatment and prosocial activities.

The project will offer employment opportunities in collaboration with community partners through job training and internship; provide transportation to appointments; provide field-based services for youth with Serious Mental Illnesses and deliver individualized case management; create diverse and nontraditional self-help groups; recruit youth for mentorship, peer support, and culturally relevant self-help groups; establish a multi-disciplinary team to reach the outlying areas of Silverdale, Seabeck, North Kitsap, and Suquamish to coordinate access services to youth; and continue providing a 'Hub' that seeks to connect youth to services and resources.

Project Outcomes and Measurements

The contractor will participate in the Evaluation Plan for Treatment Sales Tax Programs. Programs or services implemented under the Treatment Sales Tax are reviewed by the Community Advisory Committee and monitored by the Human Services Department. The Contractor will have an evaluation plan with performance measures developed in partnership with Sound Within contracted Epidemiologist. The emphasis will be on capturing data at regular intervals that can be used to determine whether Treatment Sales Tax funded programs met expectations. Some common measures will be identified that will be reported on. Evaluation efforts must include standardized data collection and reporting processes that produce the following types of information:

- Quantity of services (outputs).
- Level of change occurring among participants (outcomes).
- Return-on-investment or cost-benefit (system savings) if evidence-based.
