8. Suspension, Debarment, and Lobbying

The Contractor shall certify, on a separate form (Exhibit A), that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency. Also, the Contractor, on a separate form (Exhibit B), will certify that it does not use Federal funds for lobbying purposes. Both forms are attached to this Contract.

9. Olympic Consortium's Complaint And Grievance System

Any protest, dispute, or claim not covered by any other process or procedure described in this Contract will be subject to the Olympic Consortium's Complaint And Grievance System.

10. Salary and Bonus Limitations

In compliance with Public Law 109-234, none of the funds appropriated in Public Law 109-149 or prior Acts under the heading 'Employment and Training' that are available for expenditure on or after June 15, 2006, shall be used by a recipient or sub-recipient of such funds to pay the salary and bonuses of an individual, either as direct costs or indirect costs, at a rate in excess of Executive Level II, except as provided for under section 101 of Public Law 109-149. This limitation shall not apply to vendors providing goods and services as defined in OMB Circular A-133. Where States are recipients of such funds, States may establish a lower limit for salaries and bonuses of those receiving salaries and bonuses from sub-recipients of such funds, taking into account factors including the relative cost-of-living in the State, the compensation levels for comparable State or local government employees, and the size of the organizations that administer Federal programs involved including Employment and Training Administration programs. See Training and Employment Guidance Letter number 5-06 for further clarification.

The incurrence of costs and receiving reimbursement for these costs under this award certifies that your organization has read the above special condition and is in compliance.

11. Safeguarding of Client Information

The use or disclosure by any party of any information concerning a program recipient or client for any purpose not directly connected with the administration of the Contractor's responsibilities with respect to contracted services provided under this Contract is prohibited except by written consent of the recipient or client, his/her attorney or his/her legally authorized representative.

17. Conflict of Interest

Contractor shall take every reasonable course of action in order to maintain the integrity of this expenditure of public funds and to avoid any favoritism or questionable or improper conduct. This Contract will be administered in an impartial manner, free from personal, financial, or political gain. The Contractor, its executive staff and employees, in administering this Contract, will avoid situations that give rise to a suggestion that any decision was influenced by prejudice, bias, special interest, or personal gain.

A conflict of interest arises when any of the following have a financial interest or other interest in the firm or organization selected for award:

- a. Individual;
- b. Member of the immediate family;
- c. Employing organization; or
- d. Future employing organization.

A Contractor cannot be involved with decision making if there is a direct financial benefit to themselves or immediate family. Such uses include, but are not limited to, the right to modify and distribute such products worldwide by any means, electronically or otherwise. Federal funds may not be used to pay any royalty or licensing fee associated with such copyrighted material, although they may be used to pay costs for obtaining a copy which is limited to the developer/seller costs of copying and shipping. “This workforce solution was funded by a grant awarded by the U.S. Department of Labor’s Employment and Training Administration. Per the Debt Collection Act of 1982, interest shall start accruing after the debt has been established for 30 days and will continue until the debt is settled. The rate of interest assessed shall be the current value of funds to the U.S. Treasury. A penalty charge of six percent a year shall be charged on any portion of the debt more than 90 days past due. In addition, an administrative charge of one percent to cover the costs of processing and handling delinquent claims shall be assessed. Should the debtor choose to appeal the FF&D, the interest penalty will continue to accrue. - c. In the case of a participant's ineligibility and any associated disallowed costs, which are the result of the participant's misrepresentation, fraudulent intent or acts of omission, wherein information was withheld that was necessary for a correct eligibility determination, the liability will be the participants. Upon determination by the Consortium that the liability for the disallowed costs is the participant's, the Contractor will make reasonable efforts to secure repayment of those costs from the participant. If the Contractor is unable to collect repayment, the Contractor and the Consortium will mutually share the repayment of disallowed costs when repayment is required by the State of Washington ESD.

These internal controls are needed to provide safeguards to protect personally identifiable information, records, contracts, grant funds, equipment, sensitive information, tangible items, and other information that is readily or easily exchanged in the open market, or that the County or the Contractor or sub-recipient considers to be sensitive, consistent with applicable Federal, State and local privacy and confidentiality laws.
