ATTACHMENT 1: STATEMENT OF WORK

The Contractor will provide the services and staff and otherwise do all things necessary for or incidental to the performance of work in the region (county or counties), as set forth herein.

1. Background

Trueblood, et al., v. DSHS et al., No. 15-35462 is an active lawsuit that challenged unconstitutional delays in competency evaluation and restoration services for individuals detained in jails. As a result of this case, Washington State has been ordered to provide court-ordered competency evaluations within fourteen (14) days and competency restoration services within seven (7) days. Trueblood helps individuals who are detained in city and county jails awaiting competency evaluation or restoration services, and individuals who have previously received competency evaluation and restoration services, who are released and at-risk for re-arrest or being reinstitutionalized. The Trueblood settlement agreement aims to resolve the contempt of the court resulting from the Trueblood lawsuit by creating a plan delivering an array of services for Trueblood Class Members and potential Trueblood Class Members.

2. Purpose

The purpose of this Agreement is to provide regional coordination, outreach, and education to support the implementation and ongoing operation of the Trueblood Settlement Agreement in the Salish region. Effective implementation requires close coordination between the Trueblood Element Programs which include FPATH, FHARPS, OCRP, and the DSHS forensic navigator programs. The Trueblood Element Programs also require the behavioral health system, court system, law enforcement, and provider community for successful implementation. Additionally, outreach and education to local communities within the phase two regions are incorporated throughout each of the Trueblood Settlement Agreement Projects. DSHS and HCA focus on statewide intersection and interdependencies among the projects. These coordination efforts must also occur at the local level among regional Trueblood Element Program providers, criminal legal system, behavioral health agencies, and community stakeholders.

3. Objectives and Service Requirements

The Contractor will provide the following objectives and service requirements:

- 3.1. Provide regional coordination oversight and facilitation in the BH-ASO region between the Trueblood Element Programs, stakeholders, criminal legal system, behavioral health providers, and other potential partners.
- 3.2. Facilitate meetings, information sharing, and coordination on behalf of individual Trueblood Class Members, FPATH eligible population, and individuals referred to or enrolled in the OCRP, FPATH, and FHARPS Programs.
- 3.3. Provide oversight and necessary updates to the Trueblood Contract Manager to Trueblood related projects, programs, and funding items within the larger BH-ASO contract, including but not limited to:
 - 3.3.1. Care coordination requirements applicable to the Trueblood Element Programs; and
 - 3.3.2. Schedule B, Trueblood Enhanced Crisis Stabilization Unit / Crisis Relief Centers/Crisis Services.
 - 3.3.3. Schedule D Crisis Housing Vouchers.
- 3.4. Coordinate with the Administrative Office of the Courts (AOC) and the HCA Trueblood program management team to support a one (1) day regional Trueblood Sequential Intercept Model (SIM) mapping event. The AOC SIM mapping program manager will provide the SIM mapping facilitators free of cost and organize the event. The Contractor will help identify regional subject matter experts, stakeholders, and partners to attend the SIM mapping event based on AOC's recommended attendees list.
- 3.5. Identify and provide training opportunities and connection to resources for the Trueblood Element Program providers.

4. Staffing

The Contractor will provide one (1) full-time equivalent (FTE) employee and one (1) employee at 0.2 FTE to meet Section 3, Objectives and Service Requirements

5. Coordination and Collaboration

- 5.1. The Contractor will organize and facilitate recurring meetings between the Trueblood Element Program providers to provide participant-level coordination on behalf of individual Trueblood Class Members, FPATH eligible population, and people referred to or enrolled in the OCRP, FPATH, and FHARPS Programs.
- 5.2. The Contractor will utilize available databases and the DSHS Research and Data Analysis (RDA) Division FPATH or “high utilizer” eligibility list and/or the regional Trueblood Class Member list to provide the Trueblood Element Programs with information regarding if eligible individuals are currently in jails, hospitals, or connected to other regional programs.
- 5.3. Organize and facilitate recurring meetings and/or workgroups between judges, law enforcement, prosecutors, defense attorneys, and Trueblood Settlement Agreement program staff to increase referrals and connections to programs, identify issues in the program implementation, and help create solutions to reduce programmatic barriers.
- 5.4. The Contractor will collaborate with the MCOs) for care coordination and the intersection of the Trueblood Settlement Agreement Projects which are critical to the success of the Trueblood implementation plan.
- 5.5. The Contractor will provide coordination and information sharing related to local homeless continuum of care, mobile crisis teams, homeless outreach teams, and any contempt fine funded programs including phase five housing units to the HCA Program Managers and Trueblood program providers.
- 5.6. The Contractor will facilitate training events based on stakeholder feedback for topics such as change management, trauma informed approaches, equity, and motivational interviewing for the behavioral health system, court system, law enforcement, and provider community in order to address a paradigm shift in how individuals with serious mental illness are entwined in the criminal justice system. The Contractor is permitted to use funding from this Agreement to cover the cost of training events.
- 5.7. The Contractor will attend quarterly meetings with the HCA Trueblood Program Management Team and the other regional BH-ASO contractors to learn about statewide Trueblood updates, provide an update on regional coordination efforts, and discuss coordination successes and challenges with regional BH-ASOs.

6. Quarterly Reports

- 6.1. The Contractor will complete and submit quarterly reports to the HCA Contract Manager using the template provided by the HCA, in accordance with the due dates established in Attachment 3, SFY27 Deliverables Table.
- 6.2. The reports will include updates and progress towards Section 3, Objectives and Service Requirements
- 6.3. The reports will identify the applicable Agreement requirements and deliverables, summarize activities performed during the quarter, provide updates on progress toward established objectives, and describe the progress made toward identified deliverables.
