**22. Miscellaneous Provisions.**

- a. Regulatory References. A reference in this Contract to a section in the HIPAA Rules means the section as in effect or amended.
- b. Interpretation. Any ambiguity in this Contract shall be interpreted to permit compliance with the HIPAA Rules.

## Exhibit A - Data Security Requirements

1. **Definitions.** The words and phrases listed below, as used in this Exhibit, shall each have the following definitions:
  - a. "Authorized User(s)" means an individual or individuals with an authorized business requirement to access DSHS Confidential Information.
  - b. "Hardened Password" means a string of at least eight characters containing at least one alphabetic character, at least one number and at least one special character such as an asterisk, ampersand or exclamation point.
  - c. "Unique User ID" means a string of characters that identifies a specific user and which, in conjunction with a password, passphrase or other mechanism, authenticates a user to an information system.
2. **Data Transport.** When transporting DSHS Confidential Information electronically, including via email, the Data will be protected by:
  - a. Transporting the Data within the (State Governmental Network) SGN or Contractor's internal network, or;
  - b. Encrypting any Data that will be in transit outside the SGN or Contractor's internal network. This includes transit over the public Internet.
3. **Protection of Data.** The Contractor agrees to store Data on one or more of the following media and protect the Data as described:
  - a. **Hard disk drives.** Data stored on local workstation hard disks. Access to the Data will be restricted to Authorized User(s) by requiring logon to the local workstation using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards.
  - b. **Network server disks.** Data stored on hard disks mounted on network servers and made available through shared folders. Access to the Data will be restricted to Authorized Users through the use of access control lists which will grant access only after the Authorized User has authenticated to the network using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on disks mounted to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

For DSHS Confidential Information stored on these disks, deleting unneeded Data is sufficient as long as the disks remain in a Secured Area and otherwise meet the requirements listed in the above paragraph. Destruction of the Data as outlined in Section 5. Data Disposition may be deferred until the disks are retired, replaced, or otherwise taken out of the Secured Area.
  - c. **Optical discs (CDs or DVDs) in local workstation optical disc drives.** Data provided by DSHS on optical discs which will be used in local workstation optical disc drives, and which will not be transported out of a Secured Area. When not in use for the contracted purpose, such discs must be locked in a drawer, cabinet or other container to which only Authorized Users have the key, combination or mechanism required to access the contents of the container. Workstations which access DSHS Data on optical discs must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

- d. Optical discs (CDs or DVDs) in drives or jukeboxes attached to servers. Data provided by DSHS on optical discs which will be attached to network servers, and which will not be transported out of a Secured Area. Access to Data on these discs will be restricted to Authorized Users through the use of access control lists which will grant access only after the Authorized User has authenticated to the network using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on discs attached to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
- e. **Paper documents.** Any paper records must be protected by storing the records in a Secured Area which is only accessible to authorized personnel. When not in use, such records must be stored in a locked container, such as a file cabinet, locking drawer, or safe, to which only authorized persons have access.
- f. **Remote Access.** Access to and use of the Data over the State Governmental Network (SGN) or Secure Access Washington (SAW) will be controlled by DSHS staff who will issue authentication credentials (e.g. a Unique User ID and Hardened Password) to Authorized Users on Contractor staff. Contractor will notify DSHS staff immediately whenever an Authorized User in possession of such credentials is terminated or otherwise leaves the employ of the Contractor, and whenever an Authorized User's duties change such that the Authorized User no longer requires access to perform work for this Contract.
- g. **Data storage on portable devices or media.**
  - (1) Except where otherwise specified herein, DSHS Data shall not be stored by the Contractor on portable devices or media unless specifically authorized within the terms and conditions of the Contract. If so authorized, the Data shall be given the following protections:
    - (a) Encrypt the Data with a key length of at least 128 bits
    - (b) Control access to devices with a Unique User ID and Hardened Password or stronger authentication method such as a physical token or biometrics.
    - (c) Manually lock devices whenever they are left unattended and set devices to lock automatically after a period of inactivity, if this feature is available. Maximum period of inactivity is 20 minutes.
 Physically Secure the portable device(s) and/or media by
    - (d) Keeping them in locked storage when not in use
    - (e) Using check-in/check-out procedures when they are shared, and
    - (f) Taking frequent inventories
  - (2) When being transported outside of a Secured Area, portable devices and media with DSHS Confidential Information must be under the physical control of Contractor staff with authorization to access the Data.
  - (3) Portable devices include, but are not limited to; smart phones, tablets, flash memory devices (e.g. USB flash drives, personal media players), portable hard disks, and laptop/notebook/netbook computers if those computers may be transported outside of a Secured Area.

(4) Portable media includes, but is not limited to: optical media (e.g., CDs, DVDs), magnetic media (e.g. floppy disks, tape), or flash media (e.g. CompactFlash, SD, MMC).

**h. Data stored for backup purposes.**

- (1) DSHS data may be stored on portable media as part of a Contractor's existing, documented backup process for business continuity or disaster recovery purposes. Such storage is authorized until such time as that media would be reused during the course of normal backup operations. If backup media is retired while DSHS Confidential Information still exists upon it, such media will be destroyed at that time in accordance with the disposition requirements in Section 5. Data Disposition
- (2) DSHS Data may be stored on non-portable media (e.g., Storage Area Network drives, virtual media, etc.) as part of a Contractor's existing, documented backup process for business continuity or disaster recovery purposes. If so, such media will be protected as otherwise described in this exhibit. If this media is retired while DSHS Confidential Information still exists upon it, the data will be destroyed at that time in accordance with the disposition requirements in Section 5. Data Disposition.

**4. Data Segregation.**

- a. DSHS Data must be segregated or otherwise distinguishable from non-DSHS data. This is to ensure that when no longer needed by the Contractor, all DSHS Data can be identified for return or destruction. It also aids in determining whether DSHS Data has or may have been compromised in the event of a security breach. As such, one or more of the following methods will be used for data segregation.
- b. DSHS Data will be kept on media (e.g., hard disk, optical disc, tape, etc.) which will contain no non-DSHS data. And/or,
- c. DSHS Data will be stored in a logical container on electronic media, such as a partition or folder dedicated to DSHS Data. And/or,
- d. DSHS Data will be stored in a database which will contain no non-DSHS data. And/or,
- e. DSHS Data will be stored within a database and will be distinguishable from non-DSHS data by the value of a specific field or fields within database records.
- f. When stored as physical paper documents, DSHS Data will be physically segregated from non-DSHS data in a drawer, folder, or other container.
- g. When it is not feasible or practical to segregate DSHS Data from non-DSHS data, then both the DSHS Data and the non-DSHS data with which it is commingled must be protected as described in this exhibit.

**5. Data Disposition.** When the contracted work has been completed or when no longer needed, except as noted in Section 3. Protection of Data b. Network Server Disks above, Data shall be returned to DSHS or destroyed. Media on which Data may be stored and associated acceptable methods of destruction are as follows:

---

<b>Data stored on:</b>	<b>Will be destroyed by:</b>
------------------------	------------------------------

---

Server or workstation hard disks, or  Removable media (e.g., floppies, USB flash drives, portable hard disks) excluding optical discs	Using a "wipe" utility which will overwrite the Data at least three (3) times using either random or single character data, or  Degaussing sufficiently to ensure that the Data cannot be reconstructed, or  Physically destroying the disk
Paper documents with sensitive or Confidential Information	Recycling through a contracted firm provided the contract with the recycler assures that the confidentiality of Data will be protected.
Paper documents containing Confidential Information requiring special handling (e.g., protected health information)	On-site shredding, pulping, or incineration
Optical discs (e.g., CDs or DVDs)	Incineration, shredding, or completely defacing the readable surface with a coarse abrasive
Magnetic tape	Degaussing, incinerating or crosscut shredding

6. **Notification of Compromise or Potential Compromise.** The compromise or potential compromise of DSHS shared Data must be reported to the DSHS Contact designated in the Contract within one (1) business day of discovery. If no DSHS Contact is designated in the Contract, then the notification must be reported to the DSHS Privacy Officer at [dshsprivacyofficer@dshs.wa.gov](mailto:dshsprivacyofficer@dshs.wa.gov). Contractor must also take actions to mitigate the risk of loss and comply with any notification or other requirements imposed by law or DSHS.
7. **Data shared with Subcontractors.** If DSHS Data provided under this Contract is to be shared with a subcontractor, the Contract with the subcontractor must include all of the data security provisions within this Contract and within any amendments, attachments, or exhibits within this Contract. If the Contractor cannot protect the Data as articulated within this Contract, then the contract with the subcontractor must be submitted to the DSHS Contact specified for this contract for review and approval.

- c. This provision does not apply:
- (1) Unless the written contract or written agreement was executed or permit was issued prior to the "bodily injury", "property damage", or "personal injury and advertising injury".
  - (2) To any person or organization included as an insured by another endorsement issued by us and made part of this Coverage Part.
  - (3) To any lessor of equipment:
    - (a) After the equipment lease expires; or
    - (b) If the "bodily injury", "property damage", "personal and advertising injury" arises out of sole negligence of the lessor
  - (4) To any:
    - (a) Owners or other interests from. whom land has been leased which takes place after the lease for the land expires; or
    - (b) Managers or lessors of premises if:
      - (i) The occurrence takes place after you cease to be a tenant in that premises; or
      - (ii) The "bodily injury", "property damage", "personal injury" or "advertising injury" arises out of structural alterations, new construction or demolition operations performed by or on behalf of the manager or lessor.
  - (5) To "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services.
- This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" or the offense which caused the "personal and

advertising injury" involved the rendering of or failure to render any professional services by or for you.

- d. With respect to the insurance afforded to these additional insureds, the following is added to **SECTION III – LIMITS OF INSURANCE**:

The most we will pay on behalf of the additional insured for a covered claim is the lesser of the amount of insurance:

- 1. Required by the contract, agreement or permit described in Paragraph a.; or
- 2. Available under the applicable Limits of Insurance shown in the Declarations.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

## 2. Additional Insured – Primary and Non-Contributory

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Paragraph 4. **Other insurance:**

### Additional Insured – Primary and Non-Contributory

If you agree in a written contract, written agreement or permit that the insurance provided to any person or organization included as an Additional Insured under **SECTION II – WHO IS AN INSURED**, is primary and non-contributory, the following applies:

If other valid and collectible insurance is available to the Additional Insured for a loss covered under Coverages **A** or **B** of this Coverage Part, our obligations are limited as follows:

#### a. Primary Insurance

This insurance is primary to other insurance that is available to the Additional Insured which covers the

Additional Insured as a Named Insured. We will not seek contribution from any other insurance available to the Additional Insured except:

- (1) For the sole negligence of the Additional Insured;
- (2) When the Additional Insured is an Additional Insured under another primary liability policy; or
- (3) when b. below applies.

If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in c. below.

**b. Excess Insurance**

- (1) This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:
  - (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
  - (b) That is Fire insurance for premises rented to the Additional Insured or temporarily occupied by the Additional Insured with permission of the owner;
  - (c) That is insurance purchased by the Additional Insured to cover the Additional Insured's liability as a tenant for "property damage" to premises rented to the Additional Insured or temporarily occupied by the Additional Insured with permission of the owner; or
  - (d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of **SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY**.
- (2) When this insurance is excess, we will have no duty under Coverages A or B to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.
- (3) When this insurance is excess over other Insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:
  - (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
  - (b) The total of all deductible and self insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

**c. Method Of Sharing**

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each

insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first. If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers

**3. Blanket Waiver of Subrogation**

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS, Paragraph 8. Transfer Of Rights Of Recovery Against Others To Us:**

We waive any right of recovery we may have against any person or organization with whom you have a written contract that requires such waiver because of payments we make for damage under this coverage form. The damage must arise out of your activities under a written contract with that person or organization. This waiver applies only to the extent that subrogation is waived under a written contract executed prior to the "occurrence" or offense giving rise to such payments.

**5. Other Insurance**

- a. For any covered "auto" you own, this Coverage Form provides primary insurance. For any covered "auto" you don't own, the insurance provided by this Coverage Form is excess over any other collectible insurance. However, while a covered "auto" which is a "trailer" is connected to another vehicle, the Covered Autos Liability Coverage this Coverage Form provides for the "trailer" is:

- (1) Excess while it is connected to a motor vehicle you do not own; or
- (2) Primary while it is connected to a covered "auto" you own.

Our share is the proportion that the Limit of Insurance of our Coverage Form bears to the total of the limits of all the Coverage Forms and policies covering on the same basis.

**6. Premium Audit**

- a. The estimated premium for this Coverage Form is based on the exposures you told us you would have when this policy began. The estimated total premium will be credited against the final premium due and the first Named Insured will be billed for the balance, if any. The due date for the final premium or retrospective premium is the date shown as the due date on the bill. If the estimated total premium exceeds the final premium due, the first Named Insured will get a refund.

If any person or organization to or for whom we make payment under this Coverage Form has rights to recover damages from another, which have not been waived through the execution of an "insured contract", written agreement, or permit, prior to the "accident" or "loss" giving rise to the payment, those rights to recover damages from another are transferred to us. That person or organization must do everything necessary to secure our rights and must do nothing after the "accident" or "loss" to impair them.

DISCLOSE INFORMATION**

The following is added to **SECTION IV BUSINESS AUTO CONDITIONS. B. General Conditions**, paragraph 2. **Concealment, Misrepresentation Or Fraud:**
