

ABOUT US

- Kitsap Recovery Center (KRC), located in Port Orchard, provides both inpatient and outpatient substance abuse treatment services.
- KRC is state-approved and utilizes the American Society of Addiction Medicine (ASAM) treatment criteria.
- The facility houses 16 inpatient treatment beds and 16 sub-acute detoxification beds. Employees include treatment staff, administrative support staff and two private contracted consultants to provide medical and dietary advice and assistance.
- Annually, approximately 2,000 adult men and women receive chemical dependency treatment for drug and/or alcohol addiction.
- KRC serves primarily low-income and Medicaid-eligible clients. It also accepts clients with private insurance and provides information, education and referrals to all county residents.
