

Kitsap County Mental Health, Chemical Dependency & Therapeutic Court Programs

**2020 New Grant Proposal
Letters of Intent
RFP 2019-137**

January 1, 2020 – December 31, 2020

**KITSAP COUNTY MENTAL HEALTH, CHEMICAL DEPENDENCY
AND THERAPEUTIC COURT PROGRAMS
2020 NEW GRANT REQUEST FOR PROPOSALS (RFP) SUMMARY**

Treatment Sales Tax (TST)

The Kitsap County Department of Human Services (KCDHS) is requesting New Grant Proposals for moneys collected under RCW 82.14.460. New Grant Proposals are proposals from organizations which have not been funded during the previous funding year (2019) using the TST. Proposals **“must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services.** Programs and services includes, but is not limited to, **treatment services, case management, transportation, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service.”**

Approximately \$6,000,000 will be awarded for projects or program services delivered between January 1, 2020 and December 31, 2020. **Proposal Deadline: July 25, 2019 at 3:00 p.m.**

Eligibility Requirements: All New Grant Applicants must attend a Mandatory New Grant Proposer’s Conference and submit a letter of intent on line to be eligible to apply for the 2020 TST funding. The “New Grant Proposal Letter of Intent” will be made available at the New Grant Proposer’s Mandatory Conference to be held on May 15, 2019 from 1:00 p.m. – 2:30 p.m. at Givens Community Center in the Olympic Room, 1026 Sidney Avenue, Port Orchard, WA. **The “New Grant Proposal Letter of Intent” is due May 31, 2019 at 3:00 p.m.**

Background: In 2005, Washington State approved legislation allowing counties to raise their local sales tax by one-tenth of one percent to augment state funding of mental health and chemical dependency programs and services. In September 2013, the Kitsap County Board of Commissioners (BOCC) passed a resolution authorizing a sales and use tax for Mental Health, Chemical Dependency and Therapeutic Court Programs. This sales and use tax shall be known as “Treatment Sales Tax” or TST. The BOCC has the decision-making authority for funding decisions, the KCDHS serves as the fund manager, and the Citizens Advisory Committee (CAC) has the recommending authority.

Scope of Work: Proposals for TST funding must improve the continuum of care including prevention, crisis intervention, treatment and recovery support services identified in the 2014 Kitsap County Behavioral Health Strategic Plan and 2017 Strategic Plan Review. The Strategic Plan and Review can be found at <https://spf.kitsapgov.com/hs/Pages/CAC-REPORTS-INFORMATION-PLANS.aspx>.

Access the RFP at <https://spf.kitsapgov.com/das/Pages/Online-Bids.aspx> or by contacting Colby Wattling at: Kitsap County Purchasing Department, 614 Division Street MS-7, Port Orchard, Washington 98366, Phone: 360.337.7036, Fax 360.337.4638, Email: cwattling@co.kitsap.wa.us. The Kitsap County Human Services Department reserves the right to make unilateral modifications to the RFP to address changes at the state and/or local level. Questions about the RFP and related issues should be directed to Colby Wattling at the address and phone number above.

2020 NEW GRANT REQUEST FOR PROPOSALS (RFP) TIMELINE

Mental Health, Chemical Dependency and Therapeutic Court Programs

All New Grant Applicants must attend a Mandatory New Grant Proposer's Conference and submit a letter of intent on line to be eligible to apply for the 2020 TST funding. The "New Grant Proposal Letter of Intent" will be made available at the New Grant Proposer's Mandatory Conference. **The "New Grant Proposal Letter of Intent" is due May 31, 2019 at 3:00 p.m.**

New Grant Proposal Deadline: July 25, 2019 at 3:00 p.m.

Date	Activity
January – April 2019	RFP Sub-Committee convenes and develops final draft of 2020 New Grant Request for Proposals (RFP)
April 16, 2019	Citizens Advisory Committee (CAC) Meeting to Approve RFP and Timeline
April 22, 2019	CAC presents RFP recommendations to the Board of Kitsap County Commissioners (BOCC) in Work Study Session
April 2019	2020 New Grant Request For Proposals Released upon Board of Commissioners approval
Mandatory May 15, 2019	Mandatory New Grant Proposers Conference – 1:00 p.m. Givens Community Center Olympic Room, 1026 Sidney Ave, Port Orchard, WA
May 22, 2019	Notes and Q&A from Proposers Conference Posted
Mandatory May 31, 2019	Mandatory "New Grant Proposal Letter of Intent" online submission Due by 3:00 P.M.
July 25, 2019	New Grant Proposals Due by 3:00 P.M.
July 24 th – 29 th , 2019	Human Services staff review for complete RFP submissions
July 29 – August 26, 2019	CAC reviews Proposals and completes Rating Sheets
August 26, 2019	CAC Rating Sheets due to Department of Human Services

Title of New Grant Proposal
Crisis Intervention Coordinator

Estimated Funds Requested
126,262

Please check which area(s) on the continuum the project addresses
Prevention, Early Intervention, Crisis Intervention

Please check which strategic goal(s) the project addresses

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

This proposal is to fund a full time Kitsap County Crisis Intervention Coordinator (CIC) Deputy. The role of this position will be to coordinate the Patrol/field response to providing essential services to the community and to address some of the gaps that have been identified in addressing the needs of those members of our community who suffer from mental illness and substance abuse related issues.

Currently, there is no position within the Kitsap County Sheriff's Office charged with coordinating the Law Enforcement/Patrol response, or coordinating the various programs and resources available to these members of our community.

Fired Up for Health

Estimated Funds Requested
280,000

Please check which area(s) on the continuum the project addresses

Prevention, Early Intervention, Crisis Intervention, Outpatient Treatment, Medical or Sub-Acute Detoxification, Recovery Support Services

Please check which strategic goal(s) the project addresses

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

Building off our mobile behavioral health clinic, we want to launch a partnered program between PCHS, Bremerton Fire and Bremerton Police to deliver high-intensity substance abuse, mental health and medical (medical provided as a match) mobile care, including "house calls", to patients in Bremerton in response to frequent 911 calls and/or addressable, substance/mental health related criminal activity. The goal is to reduce accessing inappropriate higher levels of care, expand the delivery of SBIRT/MAT, adding mobile needle exchange tied to substance abuse treatment services, deliver coordinated medical care (provided as a match from PCHS and BFD).

Please check which area(s) on the continuum the project addresses
Recovery Support Services

Please check which strategic goal(s) the project addresses

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

Recovery Café utilizes a peer-to-peer service delivery model in which women and men traumatized by homelessness, addiction and other mental health challenges come to a beautiful, safe, warm, drug-and-alcohol free space, and a loving community to anchor them in the sustained recovery needed to gain and maintain access to housing, social and health services, healthy relationships, education and employment. See <https://recoverycafenetwork.org/> (Bremerton is in Cohort 5)

The funds applied for in this letter of intent will be used to secure and improve a site for the Recovery Cafe - Kitsap and to hire 3 full time staff members.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

Koinonia Inn located in Port Orchard is a Transitional Housing Program for low income pregnant , parenting, post-partum women and their children while they participate in Substance Abuse Treatment. Funds requested will support our capital improvement project of the residence to insure a safe living environment . The current building is over 100 years old and in need of many repairs due to the wear and tear and high traffic of residence. This support will help us provide substance abuse treatment to this priority population along with housing for another 30 years.

SUD treatment and Family Therapy

Estimated Funds Requested
300000

Please check which area(s) on the continuum the project addresses
Prevention, Outpatient Treatment, Recovery Support Services

Please check which strategic goal(s) the project addresses
Improve the health status and wellbeing of Kitsap County residents.
Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

New Grant Proposal Summary

When family member abuses substances, the effect on the family may differ according to the family structure. The family has a central role to play in the treatment of any health problem. Family work has become a strong theme of many treatment approaches, but a primary challenge remains the broadening of the substance abuse treatment focus from the individual to the family. SUD counselors can benefit from incorporating family therapy ideas and techniques into their work with individual clients, groups of clients, and family groups.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

ThoughtSwift (TS) is a customized, electronic, patient screening service designed to integrate physical health and behavioral health using evidence-based screens. TS can be used in home health, jails, schools, clinics and other points of service locations. TS improves patient outcomes, workflow, sustainability, benchmark reporting and provides analytic reporting. The Electronic Health Assessment (EHA,) removes patient care gaps between departments, demonstrates the need for chronic care management, behavioral health integration, mental and drug reduction classes, and provides the medical necessity for patient referrals for all Payers. TS information assists grant acquisitions and community reporting.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

ThoughtSwift (TS) provides the Medicare Annual Wellness Visit (AWV) which is mandated by CMS. The AWV is a comprehensive prevention plan for seniors. TS offers additional screens such as pain, opioid risk, anxiety, cognitive impairment, and prediabetes to not only keep patients out of the ER but prevent them and help providers integrate behavioral health in a comprehensive plan of care every year for seniors. TS provides Chronic Care Management services, analytics for MACRA and HRSA reporting.

New Grant Proposal Summary

The Tyler Moniz Project (TMP) seeks to improve coordination among providers and address identified gaps in services for young adults on Bainbridge Island (BI) by working with The Coffee Oasis to bring a 24/7, local, text-based (preferred by tweens and teens) crisis hotline to our community. We will request funding for a licensed counselor on BI to meet in confidential space TMP will lease and manage to help identified young adults who have attempted suicide. TMP also is seeking to expand its existing family support group and community education forums, and connect with off island Kitsap providers to collaborate on training for parents, teachers and community members to improve community screening and response.

Kitsap County Crisis Triage Center Supplemental Operations Funding

Estimated Funds Requested
\$1,300,000

Please check which area(s) on the continuum the project addresses
Crisis Intervention

Please check which strategic goal(s) the project addresses

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

KMHS requests operational funding for Kitsap County Crisis Triage Center services. The 16-bed, short-stay CTC opened 8/16/2018. At 9 months, of 511 admissions, 68% report Medicaid or Medicaid/Medicare. Low bed day rate is not anticipated to cover actual expenses; as Medicaid transitions from SBHO capitation to Medicaid Managed Care 1/1/2020, supplemental funding covering non-Medicaid individuals via SBHO capitation and State funds may diminish; amount of payment for Triage services by Medicare, private insurance or uninsured remains uncertain. Operation of the 24/7 facility depends on meeting total cost. This Letter of Intent presents "worse-case" budget forecast, less assumed MCO Medicaid payments.

Title of New Grant Proposal
Pacific Hope and Recovery Center Supplemental Operations Funding

Estimated Funds Requested
\$300,000

Please check which area(s) on the continuum the project addresses
Acute Inpatient Care

Please check which strategic goal(s) the project addresses

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

New Grant Proposal Summary

KMHS (licensed per RFP requirements) requests supplemental operational funding for "Pacific Hope and Recovery Center" (PHRC) 30-day, 16-bed co-occurring intensive inpatient treatment facility opened 8/16/18. Created to offset loss of treatment beds previously operated by Kitsap County's "Kitsap Recovery Center", PHRC specializes in substance use treatment of adults with co-occurring mental health and chemical dependencies. At 9 months, of 147 admissions, 80% report Medicaid or Medicaid/Medicare insurance, 7% private insurance, 13% uninsured/unknown. Low reimbursement for services at below cost threatens operational sustainability. This request describes a "worse-case" scenario, less projected MCO Medicaid payments and insurance billing.

Pendleton Place - Permanent Supportive Housing Apartment Complex

Estimated Funds Requested

750,000

Please check which area(s) on the continuum the project addresses

Recovery Support Services

Please check which strategic goal(s) the project addresses

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

KMHS requests capital funding to support construction of "Pendleton Place", a 70 unit permanent supportive housing apartment complex for adults experiencing chronic homelessness and living with mental illness and substance use disorders. Funding requested demonstrate strong local community support, helping leverage additional major funding requests (CDBG/HOME, Low Income Housing Tax Credits, Housing Trust Fund, Federal Home Loan Bank) for total project budget of \$20,800,571. Awarded Mental Health and Chemical Dependency Tax funds will be used for pre-development expenses, and architecture and engineering. Currently committed funds include a \$3.1M investment from the Bremerton Housing Authority and \$750,000 state capital budget allocation.

Please check which strategic goal(s) the project addresses

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

The DRC has years of experience working with the Criminal Justice and Behavioral Health systems. In our work with these populations, we see the value of having strong community connections and strong natural supports. Many people involved in the Drug Court system have burned bridges and have lost community connections. They are then left alone to navigate complicated systems and their road to recovery. A variety of Restorative Practices, including Restorative Circles, can offer an opportunity for Drug Court participants to rebuild bridges with their natural support systems and the broader community, ensuring an increased chance for recovery and a healthy transition back into the community.

Please check which strategic goal(s) the project addresses

Improve the health status and wellbeing of Kitsap County residents.

Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

Reduce the number of people in Kitsap County who recycle through our criminal justice systems, including jails and prisons.

Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.

Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.

New Grant Proposal Summary

The proposed grant funds in the amount of \$200,000 will be used to provide transitional recovery housing, including 2 FTE housing case managers (HCM's) and 25 percent of salary for Administrative Support Staff. The Metamorphosis Program will offer two safe and sober houses (one for men and one for women and their children) and will utilize wrap-around services to provide holistic care as a component of an intensive SUD treatment and case management program. The HCM's will provide case management, educational and vocational services, transportation, participant advocacy and resource collaboration with partner agencies and internal programs to assist our participants in transitioning to being stable, successful members of society.
