## Summary of Notice of Funding Availability

---

Kitsap County (hereinafter referred to as “the County”) is offering this Notice of Funding Availability, seeking applications from qualified agencies for the provision of housing and services that support the goals identified in the Homeless Crisis Response and Housing Plan: make homelessness rare, brief, and one-time. <https://www.kitsapgov.com/hs/Pages/HH-Homeless-Crisis-Response-and-Housing-Plan.aspx>

It is anticipated that the County will contract with multiple organizations for provision of various homeless housing and services interventions that, together, make up Kitsap County’s Homeless Crisis Response System.

Respondents should carefully review this NOFA and the minimum program requirements for eligible types of homeless housing and services.

## About the Funding

---

A brief description of each funding source for this NOFA is listed below. For more detailed information regarding funding requirements and policies that will apply if your program is funded, please refer to the Kitsap County Homeless Housing Grant Program, Affordable Housing Grant Program, and Consolidated Homeless Grant Policy Plan (hereinafter referred to as “the Policy Plan”).

### **Homeless Housing Grant Program (HHGP)**

The Homeless Housing Grant Program (HHGP) was created in Washington State by Engrossed Second Substitute House Bill (ESSHB) 2163 on August 1, 2005. The law created a document recording fee on certain documents to be utilized by counties to reduce homelessness. Administration of the grant funds are shared between local governments and the state. Eligible uses of the funds are broad as long as the funded program meets goals and strategies identified in the Kitsap Homeless Crisis Response and Housing Plan.

### **Affordable Housing Grant Program (AHGP)**

The Affordable Housing for All Grant Program (AHGP) came about through enactment of Substitute House Bill 2060 which became law in Washington State on June 13, 2002. The law created a document recording fee on certain documents to be utilized for affordable housing projects and maintenance. Specific allowable uses of funds are outlined in the legislation and policy plan.

The Affordable Housing Grant Program and the Homeless Housing Grant Program grant funds are considered local funds. A portion of the funds collected is remitted to Washington State for distribution through statewide housing and homeless programs. The State uses their portion of the funds for the Consolidated Homeless Grant program, which is contracted with counties and sub-contracted to homeless service providers. The portion of the funds that remains in each

county is used to further the goals of the legislation through local grant programs in accordance with their local homeless housing plan.

### **Consolidated Homeless Grant (CHG)**

The Consolidated Homeless Grant (CHG) program is funded through the portion of document recording fees that are not retained locally and are transmitted to the Washington State Department of Commerce. Commerce distributes these funds back to counties through contracts for specific homeless housing and services. These grant funds are administered by the Kitsap County Housing and Homelessness Division and sub-contracted to eligible service providers. Eligible uses of Consolidated Homeless Grants (CHG) are determined by the Washington State Department of Commerce in their periodically published CHG Guidelines.

## **Eligible Applicants**

---

Eligible applicants/recipients include:

- City or County governments
- Tribes
- Public Housing Authorities
- Public and private IRS-certified nonprofit organizations 501(c)(3)
- Local development corporations
- Faith-based organizations

Additionally, all applicants must:

- Demonstrate an active governing body or board of directors with skills and experience to provide leadership and direction to the agency;
- Demonstrate the legal, financial, and programmatic ability to administer the proposed program; and
- Meet the County requirements for contracting agencies such as insurance requirements, audit, and financial requirements.
- Applicant must have the organizational and management capacity to carry out the proposed project;
- Applicant must have sufficient financial capacity; and
- Applicant must be able demonstrate a positive history of performance with prior grant funds and not be out of compliance with current grant awards.

## **Funds Available**

---

Funds for Affordable Housing Grants (AHGP) and Homeless Housing Grants (HHGP) for each grant cycle are collected in advance; therefore, grant award amounts are final, unless legislative action affects the funding or eligibility.

For 2026 - 2027, the minimum award for responses to this NOFA is \$10,000. Awards are for one year; a second year of funding is anticipated to be available through a renewal process.

Not all guidelines and policies for the funds below are included in this NOFA; they are detailed further in the Policy Plan. It is the applicant's responsibility to read and understand the funding requirements and restrictions.

At the time of this NOFA being issued, funds are still being collected for distribution in the 2026 Cycle. It is estimated that annual funds available for the 2026 - 2027 Cycle will be approximately \$550,000.

## Priorities

---

The volunteer citizen advisory boards, called Grant Recommendation Committees (GRC), use funding priorities to help determine which non-shelter programs/projects should be recommended for funding in each cycle.

The following are the 2026 – 2027 priorities for these funding sources:

### **2026 & 2027 Priorities – Homeless Housing Grant Program**

Eligible activities are those that provide assistance to homeless individuals through activities identified in the most current version of the Kitsap Homeless Crisis Response and Housing Plan.

For 2026 and 2027, priority is given to emergency shelter programs that meet certain requirements and respond to the Request for Proposals for these services.

Priority is also given to new and existing projects that serve people experiencing unsheltered and/or chronic homelessness.

Up to 25% of funding may be available for new programs that serve people experiencing unsheltered and/or chronic homelessness.

### **2026 & 2027 Priorities – Affordable Housing Grant Program**

Prioritized use of funds are for operations and maintenance for emergency shelters that are also funded with Homeless Housing Grant Program funds or CHG funds.

Second priority is operations and maintenance for housing units that are affordable to very-low income households with incomes at or below 50% of the area median income.

### **2026 & 2027 Priorities – Consolidated Homeless Grant**

Eligible activities for non-specified funds are those that provide assistance to homeless individuals through activities identified in the most current version of the Kitsap Homeless Crisis Response and Housing Plan and which are eligible per Commerce's periodically published CHG Guidelines.

For the 2025 to 2027 contract period, first priority for non-specified funds is given to emergency shelter programs that meet certain requirements and respond to the Request for Proposals for these services.

Non-specified funds may also be used for Kitsap County's Coordinated Entry Program, which is an activity required by the Department of Commerce.

Third priority of non-specified funds is new and existing projects eligible under Commerce's periodically published CHG Guidelines that serve people experiencing unsheltered and/or chronic homelessness.

## Eligible Activities

---

Applications must include activities that are eligible for funding and are included in the most recent update to the Kitsap Homeless Crisis Response and Housing Plan ("local plan").

Permanent Affordable Housing programs (as defined below) must have received in the past, or be currently eligible to receive, Washington State Housing Trust funds.

### Program expense types

This application includes allowable expenses of both program operations and building operations and maintenance, with both uses of funding able to be included in a single program budget.

*Funding for emergency shelter operations is not included in this NOFA; funding for shelter interventions was included in the SFY 2026 - 2027 Shelter Operations Request for Proposals (RFP).*

Allowable expenses for AHGP and HHGP funds are detailed in the [Kitsap County Grant Guidelines Handbook](#), which is updated periodically. Allowable expenses for CHG funds are detailed in the in the periodically published [CHG Guidelines](#).

### Eligible types of Homeless Housing and Services

Eligible activities that provide assistance to homeless individuals and impact making homelessness rare, and/or brief, and/or one-time, as identified in the Kitsap Homeless Crisis Response and Housing Plan:

- **Homeless Outreach and Survival**
  - Person-to-person outreach to engage people experiencing homelessness who are otherwise not accessing services for the purpose of connecting them with emergency shelter, housing, or other critical services

  - Can include program operations expenses in the form of assistance for alternative housing options (*e.g.* Tiny House Village fees, home share, etc.)
- **Transitional Housing**
  - Households come directly from unsheltered or sheltered homelessness
  - Provide Housing Stability Case Management, using the Kitsap County Housing Stability Planning and Progress Reports (HSPPR)
  - Stays are limited to no longer than 24 months, with exceptions possible
  - For O&M funding, building must have received in the past, or be currently eligible to receive, Washington State Housing Trust funds, and require supplemental rental income to cover ongoing operating expenses
- **Permanent Supportive Housing**
  - Must prioritize households coming directly from homelessness
  - Provide Housing Stability Case Management, using the Kitsap County Housing Stability Planning and Progress Reports (HSPPR)
  - Provide access to, but do not require participation in, additional supportive services
  - Household incomes must be 30% AMI or below AND individual must have a disability (including mental health, substance use disorders, or physical disability)
  - Funding may be for program operations in the form of rental assistance or for building operations and maintenance
  - For O&M funding, building must have received in the past, or be currently eligible to receive, Washington State Housing Trust funds, and require supplemental rental income to cover ongoing operating expenses
- **Permanent Affordable Housing**
  - Household incomes must be 50% AMI or below
  - Funding may be for program operations in the form of rental assistance or for building operations and maintenance
  - May or may not offer supportive services
  - Individuals do not have to have a disability to be eligible

- **Other Homeless Services**
  - Can include other services and assistance to households experiencing homelessness that directly contributes to their attaining and maintaining shelter and/or stable housing

## Program Requirements

All funded programs must meet the following minimum requirements in their provision of services:

- **Voluntary Services** - Programs must not terminate or deny services to households based on refusal to participate in supportive services. Supportive services are helping or educational resources that include support groups, mental health services, alcohol and substance abuse services, life skills or independent living skills services, vocational services, and social activities.
- **Progressive Engagement** - Whenever possible, households experiencing a housing crisis should be diverted from entering homeless housing programs through problem-solving conversations, linkages to mainstream and natural supports, and/or flexible, and light-touch financial assistance. Initial assessment and services should address the immediate housing crisis with the minimal services needed, and frequent re-assessment determines the need for additional services. Services are individualized and responsive to the needs of each household.
- **Systems Thinking** – the program is an essential component of the County’s homeless response system. To successfully operate the program, the selected provider must embrace a systems-thinking approach.
- **Data-informed** – the data collected will be used for ongoing and continuous system improvement. The provider must have strong commitment to data quality and a willingness to make data-informed decisions.
- **Flexible** – the program is a work in progress. Policies, procedures, and tools will need to be adjusted and refined over time.
- **Collaborative Approach** – the provider must have the ability to build and maintain strong and effective working partnerships homeless service providers, housing providers, and landlords.
- **Communication** – staff must have the ability to communicate how the system works to people experiencing homelessness, service providers, landlords, and the public.
- **Objectivity** – successful operation of the programs requires that the provider use consistency and fairness in applying all policies and procedures and use of tools.
- **Problem Solving** – the program provider must embrace a problem-solving approach to ending homelessness. To be effective, the provider must employ staff who are skilled at problem-solving and understand how to adopt a strengths-based and client-centered approach to all aspects of service delivery.
- **Performance Measurement:** Work towards achieving the countywide performance measures, including the specific performance measures in the agency contract. Washington State is in the process of determining new performance metrics for different types of homeless and housing programs. Once these statewide performance metrics are determined, Kitsap County will incorporate them into our countywide performance measurement system and will include them in the appropriate sub-contracts, including responses to this NOFA.

This is a competitive application process for limited funding; therefore, applications that meet all criteria are not guaranteed an award of funds and successful applications may be funded for less than the amount requested. The County reserves the right to hold funding for the next application opportunity for higher priority projects.

### Project/Program Information

Agency: \_\_\_\_\_

Program Name: \_\_\_\_\_

An eligibility review and risk assessment will be completed by Coordinated Grant Application staff. All projects meeting eligibility thresholds and meeting risk assessment requirements will be subject to this Application Evaluation Review, which is completed separately by Kitsap County staff and by Grant Recommendation Committee members for all eligible projects. Applications are reviewed and evaluated based on written information and attachments provided by the applicant.

#### Scoring Instructions:
