# Executive Summary

## AP-05 Executive Summary - 91.200(c), 91.220(b)

### 1. Introduction

The 2023 Action Plan includes projects awarded CDBG and HOME funds through Kitsap County's Coordinated Grant Application Process. These projects address the priorities and goals identified in the 2021-2025 Consolidated Plan. Funding recommendations are made by a citizen committee and approved by the Kitsap County Board of Commissioners and the Bremerton City Council for Bremerton's share of HOME funds.

CDBG public service funding is awarded for a two-year period. This Action Plan includes public service projects first year of funding. Projects in good standing will receive a renewal award in 2024.

Additional HOME funding is available due to program income received from loan portfolio payments. This increase is included in the allocation of HOME funds. Kitsap County will use \$9,000 of its HOME admin funds for administration of Housing Kitsap's HOME Down Payment Assistance Loan Portfolio.

### 2. Summarize the objectives and outcomes identified in the Plan

**This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.**

Community Development Block Grant (CDBG) and Home Investment Partnership Program (HOME) funds will be used in 2023 to address the needs outlined in the Strategic Plan. HUD's objectives guiding the proposed activities are:

- *Provide decent affordable housing*
- *Create suitable living environments and*
- *Create economic opportunities.*

The specific activities are outlined and described in the "AP-35 Projects" section of this Action Plan.

**HOUSING** - Funds have been awarded for on-going homeowner program activities including the Housing Rehabilitation program and Weatherization and/or Minor Home Repair program. Also funded are construction of new rental units serving seniors and disabled individuals; multi-family rehab serving seniors; and acquisition of homeownership housing in Bremerton.

**SERVICES** - Funds have been awarded for programs that provide critical support services to meet basic needs and promote long-term self-sufficiency. These include programs serving children and youth and food assistance.

**ECONOMIC DEVELOPMENT** - Funds have been awarded to a micro-enterprise program which provides business training and on-going support services to assist low-income micro-enterprise business owners with skills to start or expand their business.

**PUBLIC FACILITIES** - Funds have been awarded to two facility projects, rehabilitation of an existing building for a medical respite center serving homeless individuals and the construction of a new food bank.

**HOMELESS SERVICES** - Homeless Services and Operations and Maintenance projects are funded through Kitsap County's Housing and Homelessness Program.

### **3. Evaluation of past performance**

**This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.**

Kitsap County and the City of Bremerton have continued to work collaboratively to use CDBG and HOME funds in the most efficient way possible. Funding during the 2021-2025 Consolidated Plan period is prioritized for housing, public services, microenterprise assistance and public facilities and infrastructure. Housing affordability continues to be a significant issue in Kitsap County. For this reason, the Grant Recommendation Committee prioritized the allocation of 2023 funds for affordable housing and public facility projects that impact homeless, seniors, and disabled individuals.

### **4. Summary of Citizen Participation Process and consultation process**

Kitsap County published the 2023 CDBG/HOME Policy Plan on May 24, 2022, informing the public of the allocation process and providing guidance to applicants. A legal ad was published in the Kitsap Sun and notice was sent via Kitsap County's electronic notification system (Gov Delivery). Written comments by mail or email were encouraged through June 8, 2022. The public was also encouraged to attend the public hearing to review and approve the 2023 CDBG/HOME Policy Plan held during the Kitsap County Board of County Commissioners' regularly scheduled meeting in the Commissioners Chambers on June 27, 2022.

The draft 2023 Kitsap County CDBG/HOME Annual Action Plan was open for a 30-day written public comment period September 13, 2022 thru October 13, 2022. Notice to the public regarding the written comment period and the public hearing were provided through a legal ad in the Kitsap Sun and through Kitsap County's electronic notification system (Gov Delivery). A separate legal ad was published in the Kitsap Sun on October 12, 2022 again notifying the public of the public hearing to be held on October 24, 2022. The Board of County Commissioners (BOCC) held a public hearing and reviewed and approved the funding recommendations on October 24, 2022. The City of Bremerton approved by separate action

the City of Bremerton HOME projects at a public meeting at their Bremerton City Council meeting on November 2, 2022.

The Draft 2023 Action Plan was based on estimated CDBG and HOME funds but the public process included contingencies for increases and decreases to the project awards based on final 2023 allocations from HUD, program income, and rollover funds. The final 2023 Annual Action Plan reflects those contingencies.

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

Kitsap County consulted with other government agencies, housing and service providers, advisory boards and the public in the development of the five-year plan and included conducting a survey; review of published plans and studies; requests to specific agencies to gather additional data and two written public comment periods.

#### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

Kitsap County has coordination between housing providers and health, mental health and service agencies through on-going meetings and coordinated planning. All organizations serving Kitsap's lowest income residents participate in the Kitsap Housing and Homelessness Coalition (Continuum of Care). Through regular meetings information is shared and gaps in service are identified. Housing providers partner with those serving special needs populations to provide housing to our County's most vulnerable and work together to identify needs and develop new projects. The Housing Solutions Center (HSC) is Kitsap County's single point of entry for those needing housing. The goal of the HSC is to prevent homelessness when possible and move people as quickly as possible into shelter or permanent housing. Improved discharge planning and coordination has been identified as a high priority and work continues to develop respite beds for those who are homeless and discharged from systems of care.

Kitsap County sought to enhance coordination through implementation of the Coordinated Grant Application process. A single online application platform is used for CDBG, HOME, Affordable Housing Grant Program (AHGP) funds and Homeless Housing Grant Program (HHGP) funds. Funding is prioritized through the Consolidated Plan for CDBG and HOME and the Kitsap Homeless Housing Plan for AHGP and HHGP funds. Through this process duplication of funding is minimized and high priority capital projects are provided an opportunity to maximize local funding. Kitsap County has coordination between housing providers and health, mental health and service agencies through on-going meetings and coordinated planning.

#### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

Nearly all organizations serving Kitsap's lowest income residents participate in the Kitsap Housing and Homelessness Coalition KHHC (Continuum of Care). The KHHC is an active and engaged coalition of member agencies serving the needs of the homeless and those living in poverty in Kitsap County. The KHHC meets monthly to discuss and share information on housing, prevention of homelessness,

restoration of homeless individual families to stable living environments, and to promote community awareness of homelessness through education, legislative advocacy, mutual support and the sharing of resources. The KHHC members work closely with staff from the Housing and Homelessness division of Kitsap County Dept. of Human Services to address current homeless needs and implement solutions. Staff also leads the annual Point in Time Count, coordinates and compiles data for Kitsap County's HMIS and is responsible for the Homeless Housing Plan.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

Kitsap County does not receive a direct allocation of ESG funds. Kitsap County is part of the Balance of State and receives ESG through the Balance of State process each year. Kitsap County has fully implemented the Homeless Management Information System (HMIS) including full data sharing. Agencies that receive funding through the Coordinated Grant Application process for homeless projects are required to report in HMIS.

**Table 3 – Other local / regional / federal planning efforts**

**Narrative**

The county, through the various planning efforts and groups, including the Grant Recommendation Committee, Homeless Housing Grant Program, and through the Continuum of Care (operated by the State of Washington) has involved all known providers of affordable housing, public services, visionary planning efforts and citizen involvement in the development of this plan.

## **AP-12 Participation - 91.401, 91.105, 91.200(c)**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

All citizens are encouraged to participate in the development and review of the Action Plan. The Citizen Participation Plan details the ways citizens may be involved in the process. The County and City Block Grant Programs provide equal access and reasonable accommodations for citizens with disabilities upon request. An alternate format is also provided for those requiring special accommodations or alternative formats of the document.

Annually Kitsap County holds two public comment periods and public hearings to take input from citizens and organizations on policies for the use of funds and projects selected and included in the Action Plan. Each year a Citizen Committee, appointed by elected officials from Kitsap County and each of its Cities, reviews and evaluates project applications and makes recommendations for funding.

## **AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)**

### **Introduction**

Kitsap County, as an Urban County, receives a direct allocation of Community Development Block Grant (CDBG) funds from HUD. Kitsap County and the City of Bremerton together form a consortium for HOME Investment Partnership (HOME) funds from HUD. The City of Bremerton receives a direct allocation of CDBG funds from HUD and is responsible for administration of their funds. The amounts included in Table 4: Anticipated Resources is based on the FY 2023 formula allocation, program income received and prior year funds.

Program Income is generated from loans made with CDBG and HOME funds. All Program Income is returned to Kitsap County and is then re-allocated to projects and included in the annual Action Plan. The amount varies from year to year and is estimated for remaining years.

**Anticipated Resources**

**Table 2 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

Federal CDBG and HOME funds leverage private, state and local funds. For large capital projects CDBG and HOME funds are a small percentage of the overall budget but an important commitment of local funds that project sponsors use to demonstrate to other funders the local community support for the project. At the time of application, all applicants for CDBG or HOME funds must submit a Sources of Funding form to indicate what other funding is expected to be used for the project. This information is updated when a written agreement is executed. All Capital projects require a match, 5% for CDBG and 25% for HOME. Documentation of commitment for all other funding in the project is required before funds are committed and a written agreement is executed. For HOME a non-federal source of match is required and must be at least 25% of the project budget. Match can be other non-federal funds or any other eligible form of match such as the value of sweat equity. Kitsap County's value of match typically far exceeds our match liability. Match is recorded on the County Match Log and reported to HUD.

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Kitsap County does not have a program to identify and use county owned land to address needs in the Consolidated Plan.

## AP-35 Projects - 91.420, 91.220(d)

### Introduction

The 2023 Action Plan includes projects awarded funds through an annual application process. These projects address the priorities and goals prepared by Kitsap County and the City of Bremerton, Washington in order to implement our community's federal program funds from the U.S. Dept. of Housing and Urban Development (HUD). These funds are Community Development Block Grant (CDBG) and Home Investment Partnership Program (HOME). The Consolidated Plan period is from January 1, 2021 to December 31, 2025. This Action Plan is the third year under 2021-2025 Consolidated Plan. Kitsap County is designated as an Urban County and receives a direct allocation of CDBG funds. The City of Bremerton receives a direct CDBG allocation and works in partnership with the Kitsap County Consortium to administer HOME funds. The City of Bremerton receives its share of HOME funds based on a percentage of allocation determined by HUD. The Strategic Plan is part of the Consolidated Plan and outlines the priorities and goals which guide the allocation of funds over the five year period. New activities selected for funding in the 2023 Action Plan were determined through our Coordinated Grant Application Process (CGAP). Funding recommendations are made by a citizen committee and approved by the Kitsap County Board of Commissioners and the Bremerton City Council for Bremerton's share of HOME funds.

**Table 4 – Project Information**

**Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

In 2023 funds were allocated according to the priorities outlined in the Consolidated Plan. Within these priorities, the first year of a two-year award of Public Service funds was made to organizations providing services that help the most vulnerable populations, including extremely low-income households, elderly, children and the disabled. Capital funds were awarded to housing projects serving low-income households and CDBG Economic Development funds were awarded for micro-enterprise assistance.

The primary obstacle to addressing underserved need in the community is lack of funding and constrained capacity to develop more affordable housing. Most programs and projects submitted in the annual application cycle are not able to be fully funded. Rapidly rising costs associated with the acquisition or development of housing has limited the ability of housing providers to bring on new units or assist low-income homebuyers in purchasing homes. The high cost of materials, labor and land means longer timelines to put together financing and increased risk.

## **AP-50 Geographic Distribution - 91.420, 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

Kitsap County allocates funding on a competitive basis to eligible organizations who carry out programs and projects in all areas of the County. All of Kitsap County's allocation of CDBG funds will be directed to projects serving low-income populations county-wide, outside the City of Bremerton.

County HOME funds are allocated to housing projects serving low-income households, with households at or below 50% AMI and special populations the priority.

### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>

**Table 5 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

The county does not distribute funds specifically on a geographic basis. CDBG projects funded through the Coordinated Grant Application Process serve individuals and households county-wide. HOME funding is also distributed through the Coordinated Grant Application Process with County HOME funds prioritized for rental and homeowner projects outside the City of Bremerton and City HOME funds prioritized for projects in the City. County HOME funds may be invested in a project located in the City of Bremerton, provided City HOME funding is also in the project and the project serves a special population meeting needs throughout the County. The projects in the Action Plan meet the high priority need for additional units of rental units affordable to households with very low incomes.

## **AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)**

### **Introduction**

Targeted funding to address homelessness in Kitsap County comes from the Homeless Housing Grant Program, the Consolidated Homeless Grant Program, and the Affordable Housing Grant Program and participation in the Coordinated Grant Application process to address the needs of homeless populations.

The Kitsap Homeless Crisis Response and Housing Plan will guide the allocation of resources. Kitsap County also receives McKinney Vento grant funds annually through the Continuum of Care Balance of State. All projects related to providing services and temporary housing for homeless populations will be funded from these sources in Kitsap County.

The 2023 Action Plan contains one project specifically targeted towards homeless individuals. Peninsula Community Health Services was awarded funds for construction of a new 22 bed medical respite facility where individuals will receive 24 hours a day/ 7 days a week support for up to 30 days to recuperate from an acute illness or injury. The Plan also contains a project for construction of 8 new units of rental housing prioritized for seniors and disabled households and another for rehabilitation of a 45-unit rental complex for seniors.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Consolidated Plan does not have goals for reducing and ending homelessness. The goals and actions are contained in the Kitsap Homeless Crisis Response and Housing Plan. This plan, updated in 2019, includes an Action Plan with specific goals, strategies, performance indicators and timelines for addressing homelessness. These goals go beyond a one-year time period and are: (1) Make homelessness rare; (2) Make homelessness brief; (3) Make homelessness one-time; (4) Continuously improve the homeless crisis response system; and (5) Expand community engagement. Projects to meet these goals are funded through the Coordinated Grant Application process each year. In addition, member agencies of the Continuum of Care (Kitsap Housing and Homelessness Coalition) work towards these goals. The annual Point in Time Count, Homeless Management Information System, and County data is used to measure progress towards meeting these goals. Outreach to homeless persons includes referrals to the coordinated entry program, the Housing Solutions Center, which provides intake, assessment and referrals to emergency housing and support services. Each year, in conjunction with the annual Point in Time Count survey, the Kitsap Housing and Homelessness Coalition sponsors a Project Connect event with vendors providing services and information to over 500 low-income and homeless guests. Services provided include hygiene kits, haircuts, diapers, vision screenings, pet vaccinations, medical exams, immunizations, and a hot meal. Housing resources are also offered, both directly and

through connections with the coordinated entry program. Project Connect has expanded to provide service fairs in two other parts of the County - North Kitsap and South Kitsap - so that more residents could access these services.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

Kitsap's coordinated entry program, the Housing Solutions Center, includes a community-wide emergency housing waiting list for shelter and transitional housing. Kitsap County's homeless housing inventory includes residential emergency shelter beds (up to 90 days) – comprised of shelters for women with children, shelters for families, one shelter for men, a shelter for survivors of domestic violence. There are an additional 6 shelter beds dedicated for unaccompanied young adults. These shelter programs also offer referrals to other community services.

Transitional housing units provide housing for up to two years for families who need case management and supports to regain self-sufficiency. Rapid rehousing programs serve as many households as possible within program and funding constraints and the shortage of affordable housing units.

### **Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

Priority will be given to making shelter stays as short as possible and utilizing rapid rehousing programs whenever possible, as funding permits. Housing case management and early connections with employment, education, and skill-building services assist households to increase self-sufficiency and avoid future homelessness. Kitsap providers strive to reduce the number of households that return to homelessness after graduating to permanent housing. Several programs work with homeless clients to get them into permanent housing as soon as possible. Housing Kitsap's Housing Stabilization Program facilitates homeless households' access to housing authority units with housing subsidies and case management. Kitsap Community Resources' Rapid Rehousing Program provides short-term graduated subsidies and housing case management for homeless families. Bremerton Housing Authority programs provide Housing Choice Vouchers for households successfully transitioning to permanent housing.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

Existing prevention programs will provide short-term rental assistance for eviction prevention, as well as first/last/deposit funding for households with sufficient income to maintain housing after these supports. Kitsap Mental Health will continue its program working with jail inmates with mental health issues prior to discharge to coordinate their housing upon exit. West Sound Treatment Center will continue to offer a program to work with people with substance abuse disorders who are exiting jails to successfully transition to housing programs. Olive Crest provides independent living case management for foster kids who are aging out of the system to improve housing stability outcomes. This program has supported former-foster youth to maintain independent housing, support with life-skills training. Coffee Oasis provides housing case management, employment training and placement and housing supports for youth coming out of foster care, juvenile justice programs and mental health programs. All of these programs that coordinate exits to stable housing from systems of care are unable to serve all individuals in need of these services due to lack of funding resources.

## **AP-75 Barriers to affordable housing -91.420, 91.220(j)**

### **Introduction**

Kitsap County and the City of Bremerton, like all jurisdictions in Washington State, have land use policies implementing the Growth Management Act. Generally, these policies drive new development towards designated urban growth areas that can support higher densities and better infrastructure such as sewers, public water supply, storm-water controls, more efficient transportation systems and public parks. Kitsap County and its cities engage in ongoing efforts to advance policy for increasing the supply of affordable housing. Effort has been made to coordinate planning activities among jurisdictions, streamline the permit process and include incentives for affordable housing development.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

Through the planning process for the Kitsap County Comprehensive Plan update, goals and strategies have been identified to address barriers to affordable housing and included in the Housing Element. County staff, along with local housing providers and developers, will continue to work together to identify and implement policies that encourage and increase the production of affordable housing.

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

There is a significant and growing need for affordable housing, and agencies, including CHDOs, struggle to have the capacity to successfully develop new units in Kitsap County. A challenging environment exists for obtaining financing for the construction of new affordable rental units, as well as preservation of existing subsidized properties, and has resulted in a growing need in the rental housing market. The County will continue to explore new and innovative ways to increase affordable housing and expand economic opportunities for low-income individuals and families.

### **Actions planned to address obstacles to meeting underserved needs**

Kitsap County has a wide variety of non-profit and government agencies working together to address our community's underserved needs. Presently there is a great need for affordable rental housing, particularly for households with incomes at or below 50% area median income and for those with special needs. The 2023 Action Plan includes projects to preserve existing rental and homeowner housing, build new affordable rental housing targeting seniors and the disabled and assisting low-income homebuyers.

### **Actions planned to foster and maintain affordable housing**

Kitsap County has made affordable housing a high priority for CDBG and HOME funds. The Kitsap Homeless Housing Plan contains strategies to address housing barriers experienced by people experiencing homelessness. Kitsap County has also implemented the Housing Solutions Center to provide people experiencing housing problems a single point of contact for information and referral. Through the projects funded, Kitsap County will continue to foster and maintain affordable housing throughout the county.

### **Actions planned to reduce lead-based paint hazards**

Housing units assisted with CDBG and HOME funds are evaluated for potential lead hazard. Programs providing rehabilitation or weatherization services have staff trained in lead hazard evaluation and lead safe work practices.

### **Actions planned to reduce the number of poverty-level families**

Kitsap County will continue to target grant funds towards projects that serve the lowest income households including awarding funds for public service.

### **Actions planned to develop institutional structure**

Kitsap County has a well-developed institutional structure to provide service delivery and provide funding for capital projects. The County has continued to look for ways to improve its processes for grant management and efficient contracting with its partners in the community. Through a coordinated application process each year CDBG and HOME funds along with Homeless Housing Grant funds and Affordable Housing Grant funds are awarded. These funding sources are administered by the County and staff is housed in the Dept. of Human Services. The City of Bremerton's HOME funds are also allocated through the Coordinated Grant Application process. The City of Bremerton uses a separate NOFA to allocate its CDBG funds.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

Many housing and social service agencies are members of the Kitsap Housing and Homelessness Coalition. Member organizations meet monthly to share information and coordinate efforts to serve the most vulnerable populations. The County Block Grant Program and Housing and Homeless Program have on-going conversations with housing agencies in the County to understand the challenges associated with housing and what plans they have for developing new projects.

### APPENDIX 1 Kitsap County Recapture and Resale Policy for HOME Funded Projects

#### Kitsap County Block Grant Program - HOME funded Homebuyer Resale Policies:

1. The length of the affordability period is based on the dollar amount of HOME funds invested in the unit; either 5, 10, or 15 years.
2. The subject property must be homebuyer's principal residence at all times during the Period of Affordability.
3. When the property is sold, it must be sold to an income qualified homebuyer with an income of no more than 80 percent of Area Median Income (AMI) for Kitsap County, as published annually by HUD. The range will be further defined and narrowed in the HOME written agreement executed for the specific project. The range will be the same for all homebuyers in the project.
4. Determining Sales Price:  
There are two factors in determining the sales price of the home on resale:
  - The property must be sold at a price that is affordable to a reasonable range of low-income buyers (described below).
  - The owner shall receive a fair return on their investment (described below).

It may not be possible to sell the house for the maximum return and still meet the requirement for a sales price that is affordable to a reasonable range of low-income homebuyers. If the fair market value of the HOME-assisted unit is more than what the defined range of low-income homebuyers can afford, the resale price must be set to provide a fair return to the original homebuyer while ensuring that the property is affordable to its target population. It is also important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price.

5. Affordable to a reasonable range of low-income buyers:  
For the home to be affordable to a range of buyers, the home price must be set so the home would be affordable to households at the lowest end of the range. For example, if the range is 51-80% AMI, the home would need to be affordable to a household with income at 51%. You must also establish the potential homebuyer household size. This should be based on the number of bedrooms in the home. The housing costs including Principal, Interest, Taxes and Insurance should not exceed 30% of annual income.
  - a. 1-bedroom unit: calculate using 1-person household
  - b. 2-bedroom unit: calculate using 2-person household
  - c. 3-bedroom unit: calculate using 3-person household

6. Fair Return on Investment: This means the total homeowner investment which includes the total cash contribution (excluding standard maintenance) plus the approved capital improvements as described below:
  - a. The cost of any capital improvements, documented with receipts provided by the homeowner, including but not limited to:
    - i. Any additions to the home such as a bedroom, bathroom, or garage;
    - ii. Replacement of heating, ventilation, and air conditioning systems;
    - iii. Accessibility improvements such as bathroom modifications for disabled or elderly, installation of wheelchair ramps and grab bars, any and all of which must have been paid for directly by the Owner and which were not installed through a federal, state, or locally funded grant program; and
    - iv. Outdoor improvements such as a new driveway, walkway, retaining wall, or fence.
  - b. All capital improvements will be visually inspected to verify their existence.

The **Housing Price Index (HPI)** of the **Federal Housing Finance Agency** will be used as the index to determine fair return on investment. The percentage of change as calculated by the HPI projects what a house purchased at a point in time would be worth today if it appreciated (or depreciated) at the average rate for all homes in the areas. The calculation shall be performed for the Bremerton-Silverdale Metropolitan Statistical Area (MSA).

Calculating Fair Return on Investment: Calculating the Fair Return to the original homeowner would be as follows:

Step 1: Owner cash contribution at closing + capital improvements x HPI% change = fair return on initial & capital investments

Step 2: The results are then added to the owner's cash contribution (mortgage principal payments) + capital improvements to get the **maximum** total return to the original homebuyer at sale.

7. Establishing the Sales Price: Once the Fair Return on Investment has been calculated, the final sales price should be determined by adjusting this number based on a sales price that is affordable to a reasonable range of homebuyers as determined in #5 above.
8. The Kitsap County Block Grant Program must approve the resale price.

## Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2022 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

**OPTIONAL Community Development Block Grant Certification**

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities which are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

## Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2023 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

**Compliance with Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K, and R.

**Compliance with Laws** -- It will comply with applicable laws.
