TITLE VI ACCOMPLISHMENTS & GOALS REPORT

APRIL 1, 2024 THROUGH MARCH 31, 2025

Accomplishments

1. Have there been any changes to the approved Title VI Plan that have not been reported to OEO? If yes, please submit an update to the Title VI Plan with a new signature.

An updated plan was submitted on March 13, 2025.

2. Organization, Staffing, Structure – Describe the Title VI Program reporting structure including the Title VI Coordinator, Administrative Head, and transportation-related staff. The list should include name, race, color, and national origin of each individual. Include the same details if your LPA has a volunteer or appointed board related to transportation decision making.

Updated February 2025

3. Community Demographics – Using a map of the LPA’s boundaries, describe the demographics of the LPA’s service area (e.g., race, color, national origin, low-income). List, by individual languages, the percent of the population(s) that is limited English proficient.

As of October 2024, the following reports (US Census Bureau, EPA/EJScreen, ACS Summary Report) list Kitsap County demographics, including incorporated cities, for race, color, and household income based on data from the US Census Bureau. Additionally, we used data from the EPA to review and report on demographics for National Environmental Policy Act (NEPA) applications/compliance on projects funded with Federal Highway Funds/Grants.

Environmental Justice & Supplemental Indexes

The environmental justice and supplemental indexes are a combination of environmental and socioeconomic information. There are thirteen EJ indexes and supplemental indexes in EJScreen reflecting the 13 environmental indicators. The indexes for a selected area are compared to those for all other locations in the state or nation. For more information and calculation details on the EJ and supplemental indexes, please visit the [EJScreen website](#).

EJ INDEXES

The EJ indexes help users screen for potential EJ concerns. To do this, the EJ index combines data on low income and people of color populations with a single environmental indicator.

EJ INDEXES FOR THE SELECTED LOCATION

SUPPLEMENTAL INDEXES

The supplemental indexes offer a different perspective on community-level vulnerability. They combine data on percent low-income, percent linguistically isolated, percent less than high school education, percent unemployed, and low life expectancy with a single environmental indicator.

SUPPLEMENTAL INDEXES FOR THE SELECTED LOCATION

These percentiles provide perspective on how the selected block group or buffer area compares to the entire state or nation.

*Diesel particulate matter, air toxics cancer risk, and air toxics respiratory hazard index are from the EPA's Air Toxics Data Update, which is the Agency's ongoing, comprehensive evaluation of air toxics in the United States. This effort aims to prioritize air toxics, emission sources, and locations of interest for further study. It is important to remember that the air toxics data presented here provide broad estimates of health risks over geographic areas of the country, not definitive risks to specific individuals or locations. Cancer risks and hazard indices from the Air Toxics Data Update are reported to one significant figure and any additional significant figures here are due to rounding. 4. Complaints – Provide a copy of the LPA’s Title VI complaint log, including new Title VI complaints received during this reporting period and any still pending. Include the basis of the complaint (race, color, national origin) and describe the disposition (status/outcome).

There were no Title VI complaints filed during this reporting period and no pending complaints. The complaint form is available in English, Spanish and Tagalog. The forms are posted as PDF’s on our website –[Title VI](#). Copies of the forms are attached as Exhibit 1.

5. Planning – Describe the transportation planning activities performed this reporting period. Describe the actions taken to promote Title VI compliance regarding transportation planning, including monitoring and review processes, community involvement, their outcome or status. Include examples of community outreach.

We updated our Six-Year Transportation Program with presentations at the following meetings:

- **Board of County Commissioners Public Hearing on November 25, 2024**
- **Manchester Citizen Advisory Committee on June 4, 2024**

The Roads Division did not conduct the outreach for these meetings. Information was sent by the office of the Board of County Commissioners via variety of outlets, including GovDelivery as the main media.

The Public hearings for the Six Year Transportation Program and the Annual Road Construction Program were held during the Board of Commissioners regular evening meeting (November 25, 2024), where the public was invited and given an opportunity to give testimony, virtually and in person.

6. Right-of-way actions – Describe activities during this reporting period associated with the purchase, sale, lease/use, or transfer of real property (related to highway transportation/public right-of-way use). Include demographic information of affected populations. For example, the race, color, national origin of affected property/business owners(s)/tenant(s).

There were twenty-eight (28) negotiations for Public Works projects during this reporting period. No disparity in contract negotiations was noted. Negotiations were accomplished utilizing three (3) in-house staff. No demographic information was volunteered to the County by the individuals we negotiated with.

List of individuals we negotiated with for acquisitions (permanent and/or temporary) during this reporting period:

KITSAP COUNTY PUBLIC WORKS, ROADS DIVISION TITLE VI ACCOMPLISHMENTS & GOALS REPORT APRIL 1, 2024 THROUGH MARCH 31, 2025

11. Transportation-related Construction and Consultant Contracts (if applicable) – Briefly describe the process used to advertise and award construction contracts during this reporting period. Include the process for negotiated contracts (e.g., consultants).

KCPW Roads Division advertised all solicitations for bids on Federal (FHWA) and Non-Federal funded construction projects for a minimum of three (3) weeks in the “Kitsap Sun” and in the “Daily Journal of Commerce”. Title VI language was included in all advertisements for the Federal funded projects. Construction contracts were awarded in accordance with RCW 39.04, the Standard Specifications for Road, Bridge and Municipal Construction, as issued by the Washington State Department of Transportation (WSDOT) and the American Public Works Association (APWA), Washington State Chapter.

Bid opening and Bid review were conducted by the Road Division’s Design Team, and all Awards were made by the County Engineer.

Advertisements for Consultant services, professional services, RFPs and RFQs for Architectural/Engineering Consultants appeared in the “Kitsap Sun” and “Daily Journal of Commerce”. Consultants for professional services were selected in accordance with Chapter 39.80 RCW, Contracts for Architectural and Engineering Services. Submittals were scored based on qualifications and the advertised criteria. A team reviewed the submittals, scored the submittals, and short-listed with subsequent interviews. Once the selection was made negotiations were held with the successful consultant. It is the policy of Kitsap County to comply with 49 Code of Federal Regulations, Part 26, to ensure that Disadvantaged Businesses, including minorities and women, have an equal opportunity to receive and participate in all contracts. Kitsap County does not exclude any person from participation in, deny any person the benefits of, or otherwise discriminate in connection with the award or performance of any contract on the basis of race, color, or national origin.

We assessed the need for soliciting for architectural and engineering services (A&E) essentially based on two items, first if we had the expertise required to do the work with in-house staff, second if we had the capacity to complete the work with in-house staff. If either of those were true, and concurrence was received by the County Engineer, the Project Manager (PM), in conjunction with his/her supervisor evaluated what was most appropriate, an RFP or an RFQ.

The solicitation and selection process for the RFP/RFQ followed Chapter 31 in the Local Agency Guidelines (LAG) manual. The PM drafted the RFP/RFQ for concurrence by the Senior Program Manager. The RFP/RFQ solicitation was advertised. The PM assembled an evaluation team for the RFP/RFQ. All review teams were assembled with a diverse makeup including staff with a variety of expertise, experience, and project involvement, as well as stakeholder representative(s) from entities affected by the project.

The scoring criteria was established for each RFP/RFQ and was based on project specific needs, with input from the evaluation team. Exhibit 8 provides an example of a solicitation (advertisement) for A&E services.

Transportation related construction encompasses all KCPW Roads Division projects. KCPW Roads Division reviewed all projects in the design phase for their potential to have a disproportionate impact on low-income and minority populations who are subject to additional consideration in accordance

KITSAP COUNTY PUBLIC WORKS, ROADS DIVISION TITLE VI ACCOMPLISHMENTS & GOALS REPORT APRIL 1, 2024 THROUGH MARCH 31, 2025

with applicable Title VI and Environmental Justice provisions. None of the projects reviewed required substantial analysis to determine whether potentially affected areas meet thresholds for consideration as low-income or minority communities.

12. Describe the actions taken to promote construction contractor/consultant compliance with Title VI by construction contractors/consultants, including monitoring and review processes, and their outcomes/status (e.g. what Title VI language was included in contracts and agreements; were contractors and consultants reviewed to ensure compliance; what Title VI responsibilities are explained to contractors and consultants?)

Our transportation related construction projects with Federal Highway Funds/Grants were evaluated by WSDOT Office of Equal Opportunity for Disadvantage Business Enterprise opportunities (DBE goals). The following Title VI Language was included in the construction bid documents and call for bid advertisements:

The Kitsap County Board of Commissioners, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

Prior to us awarding a Contract, a review was conducted to assure compliance with Title VI requirements.

At the Pre-Construction meetings, Equal Employment Opportunity (EEO) and Title VI requirements and responsibilities as outlined in the project's Contract Provisions are explained to the prime contractor. These requirements and responsibilities include subcontracting requirements and job site postings. For all federally funded projects, the contractor was reminded to insert the EEO clauses found in the Required Contract Provisions "Federal Aid Construction Contract's FHWA 1273" in all subcontract agreements with each lower-tier subcontractor. Required job site employment posters (per FHWA and L&I) were supplied to the prime contractor at the start of the project. Job sites are then monitored to ensure that posters remained visible throughout the duration of the project. In addition to posting these required posters, the Prime Contractor was responsible for providing and posting the EEO Policy and Statement of Intent to Pay Prevailing Wages for Prime and all subcontractors on the job site and make them available to all employees. These postings are monitored throughout the duration of the project to ensure they are visible at all times.

For consultants, Title VI requirements are outlined in the Request for Proposal or Qualifications as part of the consultant solicitation process and are incorporated into the selected consultant contract.

All contractors and consultants entering into agreement with the County on Federally (FHWA) funded projects report directly to the Diversity Management Compliance System (DMCS) through their system.

KITSAP COUNTY PUBLIC WORKS, ROADS DIVISION TITLE VI ACCOMPLISHMENTS & GOALS REPORT APRIL 1, 2024 THROUGH MARCH 31, 2025

14. Education & Training – Describe actions taken to promote Title VI compliance through education and trainings, including monitoring and review processes, and their outcomes/status.

During this reporting period 113 Roads employees attended County internal Diversity, Equity and Inclusion Training. No certificates were offered for attendance.

Title VI compliance was a regular topic in group meetings. All employees in the Engineering and Traffic Divisions have been encouraged to participate in the NHIs education programs, however, none of the topics have been of interest or fit staff schedules this reporting period.

List Title VI training/webinars your Title VI Coordinator attended this reporting period. Include dates and entity that conducted the training.

The Title VI Coordinator did not attend any Title VI specific training this reporting period. She met virtually with WSDOT Title VI staff in August for assistance with improvements to the County Roads Division's Title VI plan.

When was Title VI internal training provided to staff? Who conducted the training? What was the subject of the training? Provide the job titles and race/color/national origin of attendees.

The Title VI coordinator conducted training quarterly to internal staff. The training mainly consisted of reminders of the requirements and to keep awareness when addressing the public. This training was held in conjunction with regularly scheduled staff meetings.

The Title VI coordinator participated in all design review meetings (30-60-90 percent completion) for Capital Projects and assures that public outreach discussions include Title VI considerations. The Title VI coordinator disseminated information about review of the demographics for project areas, developing on-line submittal for collecting demographics information, and potential language translation of postcards. We have found that our postcard mailings are very effective in getting information out, and to keep the text to a minimal. In this reporting period we found no areas appropriate for, or requiring, translation of our materials.

List other civil rights training conducted locally. Provide dates and a list of participants by job title and Title VI role, if applicable.

This reporting period was low for any training. We don't have records of anyone attending Civil Rights training locally or on-line.

Title VI Goals for Upcoming Year

What area(s) of Title VI does your agency plan to focus on in the upcoming year? Describe by particular program area what your agency hopes to accomplish. Include any significant problem areas to focus on then plans to address those.

KCPW Roads Division's goals for 2025:

Continue to improve on outreach/translation services to other languages if there is a need. Post cards have proven to be a great outreach method, and trying to keep the language short and simple, with good pictures will continue to be a goal as well.

**KITSAP COUNTY PUBLIC WORKS, ROADS DIVISION
TITLE VI ACCOMPLISHMENTS & GOALS REPORT
APRIL 1, 2024 THROUGH MARCH 31, 2025**

Review the need of translation of vital documents (ex. Title VI Plan) in appropriate language(s) and add the offer for language services on public notices in the identified language when appropriate.

Improve on collection of public involvement forms. Find new ways, additional encouragement, to entice attendees to submit the forms back to us.

Identify additional staff resource(s) to support the Title VI program.

Seek input from the County's DEI Manager on Roads Title VI Plan and implementation.

SOCIAL & COMMUNITY IMPACTS DECISION MATRIX

The following decision matrix is an approach that uses a series of questions with Yes/No answers to provide direction on when additional analysis and documentation is appropriate for a proposed project. If additional documentation is necessary, consider all potential sources of impacts to protected populations in the analysis.

- 1) Are any protected populations present within the proposed limits of the project's impacts?

No – Document findings on CE documentation form and include demographic data; findings should be confirmed by using at least two information sources. No further analysis is required.

☒ Yes – Proceed to question 2.

- 2) Does the project require permanent right-of-way acquisition?

No – Document findings on CE documentation form and include demographic data; findings should be confirmed by using at least two information sources. No further analysis is required.

☒ Yes – Proceed to question 3.

- 3) Does the proposed project require any relocation of real and/or personal property?

☒ No – Document findings on CE documentation form and include demographic data; findings should be confirmed by using at least two information sources. Proceed to question 4.

Yes – An EJ memo is likely required. If so, the local agency must describe the project impacts and analyze their severity. Proceed to question 5.

- 4) Does the permanent right of way acquisition require more than 10 percent of any parcel?

☒ No – Document findings on CE documentation form and include demographic data; findings should be confirmed by using at least two information sources. No further analysis is required.

Yes – Proceed to question 5.

- 5) Does the proposed project require displacement of more than 10 residences or businesses?

No – An EJ memo is required. The local agency must describe and analyze the proposed project's potential impacts in the form of an EJ Memo.

Yes – This project will require a discipline report and public outreach to make an environmental justice determination.

Environmental Justice & Supplemental Indexes

The environmental justice and supplemental indexes are a combination of environmental and socioeconomic information. There are thirteen EJ indexes and supplemental indexes in EJScreen reflecting the 13 environmental indicators. The indexes for a selected area are compared to those for all other locations in the state or nation. For more information and calculation details on the EJ and supplemental indexes, please visit the [EJScreen website](#).

EJ INDEXES

The EJ indexes help users screen for potential EJ concerns. To do this, the EJ index combines data on low income and people of color populations with a single environmental indicator.

EJ INDEXES FOR THE SELECTED LOCATION

SUPPLEMENTAL INDEXES

The supplemental indexes offer a different perspective on community-level vulnerability. They combine data on percent low-income, percent linguistically isolated, percent less than high school education, percent unemployed, and low life expectancy with a single environmental indicator.

SUPPLEMENTAL INDEXES FOR THE SELECTED LOCATION

These percentiles provide perspective on how the selected block group or buffer area compares to the entire state or nation.

*Diesel particulate matter, air toxics cancer risk, and air toxics respiratory hazard index are from the EPA's Air Toxics Data Update, which is the Agency's ongoing, comprehensive evaluation of air toxics in the United States. This effort aims to prioritize air toxics, emission sources, and locations of interest for further study. It is important to remember that the air toxics data presented here provide broad estimates of health risks over geographic areas of the country, not definitive risks to specific individuals or locations. Cancer risks and hazard indices from the Air Toxics Data Update are reported to one significant figure and any additional significant figures here are due to rounding. Sidewalk Improvement Project

Construction Spring 2024 through Fall 2024

Fairgrounds Road

Sidewalk Improvement Project

Kitsap County Department of Public Works is providing sidewalk improvements along Fairgrounds Road NW to promote safe routes to schools.

Project Will:

- Add a curb, gutter, sidewalk on both sides, eastbound bike lane, westbound shared use lane and lighting on NW Fairgrounds Rd from Woodridge Ln to Nels Nelson Rd intersection
- Install new conveyance piping and catch basins to collect stormwater and discharge to existing outfalls
- Install bioretention facility to manage stormwater runoff and water quality

What to Expect:

- One lane of traffic will be maintained throughout the duration of the project
- Traffic delays during construction are expected, but will be minimized to the maximum extent possible
- Access to private driveways will be maintained throughout the project
- Emergency vehicles, pedestrians and bicyclists will be provided access at all times

Notice of Informational Meeting - February 20, 2025

Kitsap County Public Works invites you to an informational meeting to discuss the upcoming Bahia Vista Slide Repair Project. This is an important opportunity to learn about the project's progress and discuss related construction logistics planned for summer 2025.

Meeting Details:

Date: Thursday, February 20, 2025

Time: 5:30 PM

Location: Kitsap Regional Library, Bremerton - Sylvan Way branch, **Heninger Room**

Address: 1301 Sylvan Way, Bremerton

The purpose of this meeting is to provide updates on the current project design and to hear directly from you, the residents of Bahia Vista. Your feedback is crucial in understanding how the construction may affect access to your homes and utilities. We encourage all Bahia Vista residents to attend and participate in this discussion. Your input will help us ensure that we address your concerns and minimize disruptions during the project.

If you have any questions before the meeting, please contact Michele Filley, PE by phone at 360.271.1844 or email mfilley@kitsap.gov.

If you have immediate concerns regarding the roadway or slope, please continue to contact Jacques or Nic:

- Jacques Dean (Road Superintendent), 360.509.1583 or jdean@kitsap.gov
- Nic Graves (Roads Maintenance Program Supervisor), 360.865.0084 or

ngraves@kitsap.gov

Thank you for your patience as we work through this project.

Example of Solicitation (advertisement) for A&E services

REQUEST FOR QUALIFICATIONS
ENGINEERING CONSULTANT SERVICES FOR
Colchester Drive, Duncan Creek Fish Passage Culvert
CRP# 2633, Fed Aid: # (TBD)

KITSAP COUNTY DEPARTMENT OF PUBLIC WORKS

SUBMITTAL DUE DATE: Friday, January 24, 2025 @ 4:30 PM

Kitsap County Department of Public Works (KCDPW) is soliciting Statements of Qualifications from qualified firms with fish passage and stream restoration design experience. Specialties involved in the design phase of this federally funded project include: Civil, Environmental, Geotechnical, and Structural Engineering, Public Outreach and Regulatory Permitting. The selected firm is expected to assist KCDPW during bidding and construction.

Project Scope: The proposed project will replace an existing culvert system under Colchester Drive E in Manchester, WA with a fish-passable buried structure, restore the stream alignment and habitat complexity, and replace the existing comingled stormwater system with a new system and outfall. The roadway and prism will be restored to meet Kitsap County Road Standards.

Consultant Scope: The work to be performed by the Consultant consists of, but is not limited to, designing and preparing the Plans, Specifications and Estimate (PS&E), and reports required for permitting and construction of fish-passage culvert and stormwater outfall.

Schedule: Expected time period for this work will be from April 2025 through construction completion, which is anticipated by December 2027.

Requirements: The consultant selected will be subject to Federal Equal Employment Opportunity (EEO) requirements.

Disadvantaged Business Enterprise (DBE) program requirements assigned to the agreement will have a mandatory goal of sixteen percent (16%).

Fee Estimate: The County estimates the Consultant fee for this project to be approximately \$618,000.

Submittal:

A complete copy of the solicitation documents can be viewed and obtained by accessing the Kitsap County website at:

<https://www.kitsapgov.com/pw/report/request-for-proposal>

Electronic submittals will be accepted until 4:30 PM on Friday January 24, 2025, at the Kitsap County Department of Public Works website as shown in the solicitation documents. Submittals will not be accepted after that time and date.

Questions regarding this solicitation shall be directed to Matthew Oxford, Capital Projects Manager, at moxford@kitsap.gov or (360) 307-4383.
