Re: Personal Statement in Support of Application for Appointment

Dear Title 26 GAL / Title 11 CV Registry Review Committee:

As a Professional Family Mediator I am committed to providing divorcing parents with a process which is conducive to them making decisions that will form the basis of a functional co-parenting relationship. I believe deeply that minimizing the conflict in the parenting relationship is what ultimately helps the individuals move forward in their respective lives, and that which contributes greatly to well-adjusted children. It is them, the children of these families that drive me to do what I do and the reason that I am a proponent for access to early mediation. Clearly, mediation is not appropriate in all cases, however. That is particularly true in high conflict situations where issues of DV, Substance abuse, Mental health issues, and allegations of abuse or neglect exist. In such cases where desire for self-determination is compromised by the need to control, retaliate, or win, having an individual who is not involved in the conflict advocate for the best interests of the child, is critical. I eagerly desire to provide that voice.

I have long been committed to children's issues, as evidenced by my involvement in several programs aimed at improving the lives of children growing up in adverse family situations. I have spent a lot of time around children and generally relate to them very well. I was raised in a single parent home, in a culturally and economically diverse city, and now live a very different life in a different country. All of the experiences in between have given me a unique and rich perspective, and one which I believe is the reason I am well able to relate to people of varied backgrounds without preconceived notion. Through my academic, employment, and volunteer experiences I have acquired superior investigative, analytical, problem solving, writing, and oral advocacy skills. In my early work life, I spent several years in a health care environment, and am well versed in medical terminology which has been helpful to me in cases where medical issues are present.

Regardless of the hat that I wear, I am committed to seeing that the best interests of the child are viewed as paramount, and have the ability to stay focused on that primary objective. It would be a privilege to continue to have the opportunity to use my skills, knowledge, and experience to serve children as a Kitsap County Superior Court Title 26 Guardian ad Litem and Title 11 Minor Guardianship Court Visitor/ Guardian ad Litem

Respectfully

Jeannie L. Barei
