Any additional workers' compensation requirements can be found in Attachment A, Special Terms and Conditions.

7.3 **Commercial General Liability.** The Contractor will maintain commercial general liability coverage for bodily injury, personal injury and property damage, subject to a limit of not less than \$1 million per occurrence. The general aggregate limit will apply separately to the Contract and be no less than \$2 million. If a personal lines automobile liability policy is used to meet this requirement, it must include a business rider and must cover each vehicle to be used in the performance of the Contract and the certificates of insurance must evidence that these conditions have been met. If the Contractor will use non-owned vehicles in performance of the Contract, the coverage will include owned, hired and non-owned automobiles.

- C. The Contractor's commercial general liability insurance and automobile liability insurance (if applicable) will contain no special limitations on the scope of protection afforded to the County as an additional insured.
- D. Any failure to comply with reporting provisions of the policies will not affect the coverage provided to the County, its officers, officials, employees or agents.

- E. The Contractor's insurance will apply separately to each insured against whom claim is made or suit is brought subject to the limits of the insurer's liability.
- F. The Contractor will include all subcontractors as insureds under its policies or will furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors will be subject to all of the requirements stated in these provisions.
- G. The insurance limits mandated for any insurance coverage required by the Contract are not intended to be an indication of exposure, nor are they limitations on indemnification.
- H. The Contractor will maintain all required policies in force from the time services commence until services are completed. Certificates, policies and endorsements scheduled to expire before completion of services will be renewed before expiration. If the Contractor's liability coverage is written as claims-made-policy, then the Contractor must evidence the purchase of an extended-reporting period or "tail" coverage for a three-year period after completion of the services.

7.6 Verification of Coverage and Acceptability of Insurers.

- A. The Contractor will place insurance with insurers licensed to do business in the State of Washington and having A.M. - B. The Contractor will furnish the County with properly executed certificates of insurance or a signed policy endorsement which will clearly evidence all insurance required in this Section before work under this Contract shall commence. The certificate will, at a minimum, list limits of liability and coverage. The certificate will provide that the underlying insurance contract may not be canceled, or allowed to expire, except on 30-days' prior written notice to the County. Any certificate or endorsement limiting or negating the insurer's obligation to notify the County of cancellation or changes must be amended so as not to negate the intent of this provision.
- C. The Contractor will furnish the County with evidence that the additional-insured provision required above has been met. Acceptable forms of evidence are the endorsement pages of the policy showing the County as an additional insured, or a letter of self insurance from a public entity risk pool which waives the requirement.
- D. Certificates of insurance will show the certificate holder as Kitsap County and indicate "care of" the appropriate County office or department. The address of the certificate holder will be shown as the current address of the appropriate County office or department.

E. The Contractor will request that the Washington State Department of Labor and Industries, Workers Compensation Representative, send verification to the County that the Contractor is currently paying workers' compensation.

F. Evidence of such insurance, as required above, shall be provided to the County at the following address:

Stacey Smith, Administrator
Kitsap County Division of Aging and Long-Term Care

Port Orchard, WA 98366

Termination under this provision will be effective upon the date specified in the written notice of termination sent by the County to the Contractor. No costs incurred after the effective date of termination will be paid.

8.3 If the Contractor breaches any of its obligations under the Contract, and fails to cure the breach within 10 days of written notice to do so by the County, the County may terminate the Contract. In that event, the County will pay the Contractor only for the costs of services accepted by the County. Upon such termination, the County, at its discretion, may obtain performance of the work elsewhere, and the Contractor will bear all costs and expenses incurred by the County in completing the work and all damages sustained by the County by reason of the Contractor's breach.

SECTION 9. ASSIGNMENT, DELEGATION AND SUBCONTRACTING

Worker

Before beginning work for every client, the Contractor will review the client's plan of care with every assigned home care agency worker. The Contractor will attempt to provide in-person review of the plan of care with each home care agency worker and document the reason when an in-person review was not possible. The home care agency worker must sign an acknowledgement of orientation to plan of care within one calendar month of Contractor receiving the plan. If lack of immediate care would pose a serious threat to the health and welfare of the client, the substitute home care agency worker shall be available for service within four (4) hours. Client case records must reflect service attempts, client contacts regarding absence of regularly scheduled home care agency worker, and notations when substitute home care agency workers serve the client.

If the required shift start time makes it impractical to conduct an in-person review of the plan of care with the substitute home care agency worker a telephone review between the substitute worker and an agency's supervisor may be completed. The telephone review of the care plan must be documented in the client case record.

If the Contractor is not able to provide a substitute home care agency worker for a client in need of essential services, the agency will immediately notify the Case Manager/Social Worker.

Non-emergency Referrals

For non-emergency situations, services shall begin, unless the client situation prohibits, within seven days of receipt of the Provider One authorization. If services do not begin within seven days of receipt of the authorization the agency must document the reason why and ensure coordination with the authorizing case manager so the client may be given the option of selecting another provider agency, or with the approval of the Case Manager/Social Worker, establish an alternative start date. Prior to beginning services in non-emergency situations, the Contractor shall conduct an initial home visit with the client to determine in-home care service implementation based on the CARE Assessment unless otherwise arranged with client and the client's Case Manager/Social Worker.

Urgent Referrals

For situations when the care needs are critical to the client's health and/or safety, the Contractor is required to begin services within twenty-four (24) hours of acceptance of referral. Upon receipt of the CARE Assessment, the Contractor may provide services to address urgent needs prior to the home care agency's initial home visit. initial home visit with the client and client's family and/or representatives to determine in-home care service implementation based on the CARE Assessment.

D. Minor Changes in the Service Plan

The Contractor may not implement any change in the CARE Assessment Details and Service Summary unless authorized by DSHS or the AAA. However, the worker can provide an ADL or IADL listed in WAC 388-106-0010 upon the client's request. Minor changes in the service schedule can be made as agreed to between the Contractor and the client as long as the change meets the needs described in the service plan.

The Case Manager/Social Worker shall be advised when there are changes in scheduling that impact the Contractor's ability to meet a client's needs. The Contractor shall contact the client's Case Manager/Social Worker if information becomes available which indicates a need for a change in the type or amount of service authorized and when there is a change in the client's condition, needs or living situation.

E. Inability to deliver service

The Contractor shall develop a method of assuring that its home care agency workers report to the Contractor whenever the scheduled service episode is not accomplished due to the client not participating. This includes but is not limited to hospitalizations, vacations, not answering the door, turning the home care agency worker away, etc. The Contractor will inform the Case Manager/Social Worker when the client's absence may result in a change in client condition, or adversely impacts the ability of the home care agency to deliver services as outlined in the CARE Assessment_Details.

The Contractor must notify the Case Manager/Social Worker when a client consistently declines assistance with assigned tasks and/or consistently declines the number of units authorized to meet the client's needs.

F. Semi-annual supervisor in-home visits

The supervisor from the Contractor providing services to DSHS/AAA clients is required to meet with the client in their place of residence at least once every six (6) months following the initial home visit. The purpose of the visits is to assure the plan of care is reviewed, accurate and meeting the client's needs. Using white out to obscure original comments and use of pencil are not considered legally acceptable documentation. If electronic progress notes are kept, there must be a tamper-resistant means of recording when the note was entered (such as automatic date-stamping) and identifying the person making the note (such as individual user ID's and hardened passwords); notes may not be deleted or edited; corrections must note date and person making the correction: and
9. Evidence of initial and six (6) month home visits.

* These items may be individual or combined documents.

The Contractor shall require a fingerprint-based background check through the DSHS Background Check Central Unit (BCCU) for each new home care agency worker hired on or after January 8, 2012 who will have unsupervised contact with persons with developmental disabilities or vulnerable adults as defined in RCW 43.43.832(1). This background check includes a Washington State Name and Date of Birth check and an FBI fingerprint-based check.

For information on the BCCU background check system and process visit www.dshs.wa.gov/bcs

The Contractor shall use a Developmental Disabilities Administration (DDA) and or Aging and Long-Term Support Administration (AL TSA) BCCU account number. If providing services to both DDA and AL TSA clients a BCCU account number from each administration is required. MB H14-050 provides directions on when to use each account.

Contractors are only permitted to use their Developmental Disabilities Administration or Aging and Long-Term Support Administration BCCU account numbers for employees that may be performing work under this contract.

Washington State Name and Date of Birth checks are required every two years minus one day from the date listed on the BCCU Results letter check. If they lived out of state since the last background check was completed and or anytime the department or contractor requests a FBI fingerprint-based background check must be completed as required in WAC 388-71-0511

Background checks may be completed using the printed DSHS Background Authorization form (09-653). The signed and dated authorization form will be placed in the worker's file. Contractor will provide to the applicant the Fingerprint-based Background Check Notice Form

27-089. The applicant must also sign and date this form. A copy is given to the applicant and a copy is retained in the workers file.

Effective July 25th, 2014, a new WAC chapter 388-113 established a uniform standard of background check rules for AL TSA and DDA. Amendments have also been made to WAC 388-71-0500, 0510, 0513, 0540, 0546, and 0551. See MB H14-050 Consolidation of Background Check Rules across AL TSA and DDA for further details.

Background Check Review Process is listed below:

- The signed and dated Background Authorization form can be completed online or the agency can input online for the worker after receiving the signed and dated background check authorization form from the worker.
- The signed and dated fingerprints check form will be placed in the workers file with a copy given to the worker.
- BCCU will provide a Background Check Results letter that is now called Notification of Background Check Results and will provides results of the Washington State Name and Date of Birth check to the Contractor, including the identifying Originating Case Agency (OCA) (Inquiry ID) number that is required for the FBI fingerprint-based portion of the background check.
- If the home care agency worker is not disqualified based on the name and date of birth portion of the background check, the Contractor completes the FBI fingerprint-based check by using the OCA number and the Fingerprint Appointment form to schedule a fingerprinting appointment with the currently contracted DSHS fingerprint vendor, the electronic fingerprinting company that is contracted with DSHS to complete electronic fingerprinting.
- DSHS will be billed for all fingerprinting completed through the currently contracted DSHS fingerprint vendor. If the Contractor decides to use a different DSHS approved fingerprinting vendor, such as law enforcement, the Contractor will be responsible for the cost.
- BCCU will receive the fingerprints, submit them to the Washington State Patrol-WSP and FBI, and send the Notification of Background Check Results to the Contractor.
- Background check results are clearly listed as one of the following:
 - No Record
 - Review Required
 - Disqualify
 - Additional Information Needed

Result of renewal: Applicant must submit the needed information to BCCU and resolution must be reached within 30 days. Renewal/Recheck timeframes must still be met.

- More details about the background check results letters can be found in MB H15-070. The WSP may request repeated fingerprints until they determine that they have received the best prints possible.
- The WSP then sends the fingerprints to the FBI. The FBI may reject prints twice before they determine that they will complete a federal name and date of birth check. ***BCCU will inform you when they receive the final decision by the WSP/FBI.***

The Contractor shall utilize a secure fax number. A secure fax number is not in a hallway, reception area or other public area. It is also checked routinely throughout the day with limited access to staff. The Contractor shall not be paid for any services provided by a home care agency worker who has been:

At minimum, the Contractor must obtain a completed disclosure statement and a completed background check through the DSHS BCCU every two years. The Contractor may require a home care worker to have a Washington State name and date of birth background check or Washington State and national fingerprint based background check, or both at any time. 4. **Billing and Payment.**

Special Terms and Conditions

- a. **Billing.** The AAA shall submit invoices using State Form A-19 Invoice Voucher, or such other form as designated by DSHS. Consideration for services rendered shall be payable upon receipt and acceptance of properly completed invoices which shall be submitted to DSHS by the AAA not more often than monthly.

Except for costs associated with Case Management and Nursing Services for MPC, COPES, MNIW, and Chore clients, DSHS will pay to the AAA all allowable and allocable costs incurred as evidenced by proper invoice in accordance with the ADSA approved AAA Cost Allocation Plan, Budget (Exhibit B), and Section 3, Consideration, of this Agreement. The invoice shall describe and document to DSHS' satisfaction, the work performed, activities accomplished, progress of the project, and fees.

- b. **Payment.** Payment for **Medicaid Case Management and Nursing Services**, including Medicaid State plan, Waiver, Roads to Community Living (RCL), and state-funded Chore clients will be based on a monthly rate of **\$235.38** from DSHS Allocated Title XIX/Chore funding per month for each in-home agency personal care or in-home individual provider authorized case authorized by the AAA each month. In addition, a percentage of in-home cases authorized with a service, but no personal care, will be paid at the full unit rate. (The percentage will be noted on the SFY23 TXIX Case Management billing form and SFY23 TXIX Matched Case Management billing form and may be adjusted at ALTA's discretion).

Payment for **Core Services Contract Management** for Medicaid State Plan, Waiver, Roads to Community Living (RCL)/WA Roads, and state-funded Chore clients will be based on a monthly rate of **\$16.21** from DSHS Allocated Title XIX/Chore funding per month for each in-home agency personal care or in-home individual provider case authorized to the AAA each month. AAAs will provide a written plan by July 15, 2022 to reach that target by January 1, 2023. The AAA may present good cause reasons and supporting data why they were not able to reach their target, such as staffing turnover or other unforeseen circumstances.

DSHS and the AAA recognize that we are balancing multiple changing factors that impact both caseload and workforce coming out of the extended pandemic. If the AAA has difficulty reaching the ratio by January 1, 2023, the AAA and DSHS will mutually work to update the written staffing plan and resolve any conditions that will cause case ratios to rise about 75:1.

If the AAA is referred and serves a WA Roads case that is not otherwise counted in the caseload above, payment will be based on the same monthly rates as above from WA Roads funding. These cases will be considered in the clinical caseload ratio. This funding will not be reflected in the contract budget or maximum consideration.

If ADS or Pierce meet their quarterly targeted net growth of New Freedom cases as described in section 1.g of Exhibit A Statement of Work, they will receive a Unit Rate enhancement of 5% for all New Freedom client cases billed during that quarter. This funding will not be reflected in the contract budget or maximum consideration.

Payment shall be considered timely if made by DSHS within thirty (30) days after receipt and acceptance by DSHS of the properly completed invoices. Payment shall be sent to the address designated by the AAA on page one (1) of this Agreement. DSHS may, at its sole discretion,

Special Terms and Conditions

- c. **Local Matching Funds:** The AAA may spend qualifying local funds on TXIX in-home case management and use it to collect additional federal matching funds. The amount of Senior Citizens Services Act funding budgeted for TXIX in-home case management in the previous state fiscal year may be carried forward into this contract and inflated by the consumer price index (CPI) used in the caseload ratio adjustment factor as matching funds to draw down additional federal match. The CPI is 7.6% in SFY23. Any additional requests for SCSA or other local fund sources to be matched must be approved by AL TSA and may require additional FTE to be purchased with these funds. A new clinical ratio or case handling ratio will be negotiated with AL TSA to draw down additional matching funds per the local matching funds schedule. If additional SCSA is proposed as a local match source, the AAA will report any impacts of reallocating SCSA funding when making the request to AL TSA.
- d. **Local Matching Funds schedule:** The AAA may increase the TXIX Requested Match as an add-on for the unit rate for each authorized in-home agency personal care case, in-home individual provider, no personal care, and New Freedom case accepted by the AAA each month per the schedule below.

If Clinical Ratio is 1:	Then State/Local	Fed Match

- e. The AAA shall complete and submit the attached Local Match Certification Form (Exhibit C) with their final billing. Final payment will not be made without the completed form.

5. **Confidentiality.** In addition to General Terms and Conditions Confidentiality language, the AAA or its Subcontractors may disclose information to each other, to DSHS, or to appropriate authorities, for purposes directly connected with the services provided to the client. This includes, but is not limited to, determining eligibility, providing services, and participation in disputes, fair hearings or audits. The AAA and its Subcontractors shall disclose information for research, statistical, monitoring and evaluation purposes conducted by appropriate federal agencies and DSHS.
6. **Amendment Clause Exception.** The only exception to the General Term and Condition Amendment clause (clause 1.) is when an amendment must be processed to distribute federal funds to the Contractor and the funds must be obligated in a Short Timeframe. Short Timeframe means the Contractor is unable to follow their standard contract execution procedures in order to timely obligate the federal funds. By execution of this Contract, the Contractor prospectively agrees to the terms of the federal fund distribution amendment, which shall be limited to only adding funds to the Contractor's Budget. The Contractor's designated point-of-contact shall also email DSHS its acceptance of the amendment no later than the amendment start date.

 - (1) The ownership of any subcontractor with whom the Contractor has had business transactions totaling more than \$25,000 during the 12-month period ending on the date of the request, and
 - (2) Any significant business transactions between the Contractor and any wholly owned supplier, or between the Contractor and any subcontractor, during the 5-year period ending on the date of the request.
 - b. Failure to comply with requests made under this term may result in denial of payments until the requested information is disclosed. See 42 CFR 455.105(c).
8. **State or Federal Audit Requests.** The contractor is required to respond to State or Federal audit requests for records or documentation, within the timeframe provided by the requestor. The Contractor must provide all records requested to either State or Federal agency staff or their designees.
9. **Grant Award Documents.** Exhibit D, Grant Award Documents are attached hereto or will be sent separately once received from the Administration of Community Living and incorporated herein with no contract amendment needed.

Exhibit A, Statement of Work

The AAA shall provide the following services, as specified in the AAA's current area plan, either directly or through administrative oversight or subcontractors. The AAA shall comply with all applicable state and federal statute and rules, including but not limited to the United States Code, the Code of Federal Regulations, the Revised Code of Washington, the Washington Administrative Code, Federal Program Waivers for COVID-19, and any and all DSHS/ALTSA standards, guidelines, policy manuals, and management bulletins, including management bulletins that grant or remove temporary COVID-19 flexibilities.

If a proposed change or combination of changes in any DSHS/ALTSA standard, guideline, policy manual and/or management bulletin after the commencement of this agreement creates a new and material impact, to the extent possible and as quickly as possible DSHS will consult with the AAA or its professional association to identify potential impacts and when possible, identify how to mitigate impacts within available funding.

Due to COVID-19 pandemic impacts, disaster relief, and recovery efforts, many of the programs and requirements in this statement of work have been granted flexibilities as a result of Federal program waivers approved by Centers for Medicare and Medicaid, in management bulletins and rapid emergency response communications between AAAs and ALTSA in early 2020. ALTSA and the AAAs have been operating in close partnership and frequent communication under extraordinary circumstances that require frequent adaptation to meet the needs of Washingtonians. Some requirements for the services in this contract may continue to be relaxed, suspended, or achieved by alternate methods during the COVID-19 emergency and recovery period. Communications issued via email may be used to document flexibilities and do not require a contract amendment.

The AAA will also use the MCWS Readiness Tool for with any sites that are new contractors for the MCWS program to assess capacity and needed improvements prior to contracting. The MCWS Standards of Care and MCWS Monitoring Tool and materials, and MCWS Readiness Tool are available on the DSHS/ALTSA Intranet site, in the TCARE Online Resources page. <http://intra.altsa.dshs.wa.gov/tcare/memory.htm>
- c. **MCWS Program Funds:** Funds were targeted specifically for MCWS within the Family Caregiver Support Program to support an ongoing program for eligible family caregivers a minimum of two days per week. As this funding was intended to supplement existing FCSP allotments to MCWS, the target numbers to be served and the budget is built with the assumption that each month MCWS-specific funding will pay half and FCSP will pay half of the cost of MCWS each month.
- d. **MCWS Proposed Targets and Funding:** Each AAA will submit to DSHS/ALTSA proposed target numbers for the remainder of FY 2023 (caregiver/care receiver dyads) for MCWS by January 31, 2023, along with the semi-annual report detailed in the final paragraph of this MCWS section. For SFY23, DSHS/ALTSA will allocate the same amount of MCWS funding that King was allocated for SFY23: \$82,447.

- e. **MCWS Tracking Expenditures and Reporting:** The SFCSP BARS includes a line for billing to the MCWS line; this line is used by King only.

To ensure optimal use of this funding, progress towards target numbers and expenditures will be assessed once the 1st quarter report with a due date of October 31, 2023 is received. In addition, the semi-annual reports covering the periods (July - December XXXX due January 31, 2023 (with data as of December 31, 2022) and January - June 2023 due July 30, 2023) are required and should include the same information detailed above for the 1st quarter report.

The Navigators provide follow-up with kinship caregivers as needed and develop collaborative working relationships with agencies and groups that work with kinship caregivers. Navigators help educate the community, including services providers and organizations about the needs of kinship care families and available resources and services to them. Hard to reach kinship care families (geographically isolated and ethnic communities) should receive special outreach attention. Kinship navigators pro-actively mediate with state agency staff and/or service providers to make sure individual caregivers receive services for which they are eligible. - a. A documented security policy governing the secure use of its computer network and systems, and which defines sanctions that may be applied to Contractor staff for violating that policy.
 - b. If the Data shared under this agreement is classified as Category 4, the Contractor must be aware of and compliant with the applicable legal or regulatory requirements for that Category 4 Data.
 - c. If Confidential Information shared under this agreement is classified as Category 4, the Contractor must have a documented risk assessment for the system(s) housing the Category 4 Data.
4. **Authorization, Authentication, and Access.** In order to ensure that access to the Data is limited to authorized staff, the Contractor must:
- a. Have documented policies and procedures governing access to systems with the shared Data.
 - b. Restrict access through administrative, physical, and technical controls to authorized staff.
 - c. Ensure that user accounts are unique and that any given user account logon ID and password combination is known only to the one employee to whom that account is assigned. For purposes of non-repudiation, it must always be possible to determine which employee performed a given action on a system housing the Data based solely on the logon ID used to perform the action.
 - d. Ensure that only authorized users are capable of accessing the Data.
 - e. Ensure that an employee's access to the Data is removed immediately:
 - (1) Upon suspected compromise of the user credentials.
 - (2) When their employment, or the contract under which the Data is made available to them, is terminated.
 - (3) When they no longer need access to the Data to fulfill the requirements of the contract.
 - f. Have a process to periodically review and verify that only authorized users have access to systems containing DSHS Confidential Information.
 - g. When accessing the Data from within the Contractor's network (the Data stays within the Contractor's network at all times), enforce password and logon requirements for users within the Contractor's network, including:
 - (1) A minimum length of 8 characters, and containing at least three of the following character classes: uppercase letters, lowercase letters, numerals, and special characters such as an asterisk, ampersand, or exclamation point.
 - (2) That a password does not contain a user's name, logon ID, or any form of their full name.
 - (3) That a password does not consist of a single dictionary word. A password may be formed as a passphrase which consists of multiple dictionary words.
 - (4) That passwords are significantly different from the previous four passwords. Passwords that increment by simply adding a number are not considered significantly different.

Special Terms and Conditions

- h. When accessing Confidential Information from an external location (the Data will traverse the Internet or otherwise travel outside the Contractor's network), mitigate risk and enforce password and logon requirements for users by employing measures including:
 - (1) Ensuring mitigations applied to the system don't allow end-user modification.
 - (2) Not allowing the use of dial-up connections.
 - (3) Using industry standard protocols and solutions for remote access. Examples would include RADIUS and Citrix.
 - (4) Encrypting all remote access traffic from the external workstation to Trusted Network or to a component within the Trusted Network. The traffic must be encrypted at all times while traversing any network, including the Internet, which is not a Trusted Network.
 - (5) Ensuring that the remote access system prompts for re-authentication or performs automated session termination after no more than 30 minutes of inactivity.
 - (6) Ensuring use of Multi-factor Authentication to connect from the external end point to the internal end point.
 - i. Passwords or PIN codes may meet a lesser standard if used in conjunction with another authentication mechanism, such as a biometric (fingerprint, face recognition, iris scan) or token (software, hardware, smart card, etc.) in that case:
 - (1) The PIN or password must be at least 5 letters or numbers when used in conjunction with at least one other authentication factor
 - (2) Must not be comprised of all the same letter or number (11111, 22222, aaaaa, would not be acceptable)
 - (3) Must not contain a "run" of three or more consecutive numbers (12398, 98743 would not be acceptable)
 - j. If the contract specifically allows for the storage of Confidential Information on a Mobile Device, passcodes used on the device must:
 - (1) Be a minimum of six alphanumeric characters.
 - (2) Contain at least three unique character classes (upper case, lower case, letter, number).
 - (3) Not contain more than a three consecutive character run. Passcodes consisting of 12345, or abcd12 would not be acceptable.
 - k. Render the device unusable after a maximum of 10 failed logon attempts.
5. **Protection of Data.** The Contractor agrees to store Data on one or more of the following media and protect the Data as described:
- a. **Hard disk drives.** For Data stored on local workstation hard disks, access to the Data will be restricted to Authorized User(s) by requiring logon to the local workstation using a Unique User ID

Special Terms and Conditions

and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards.

- b. **Network server disks.** For Data stored on hard disks mounted on network servers and made available through shared folders, access to the Data will be restricted to Authorized Users through the use of access control lists which will grant access only after the Authorized User has authenticated to the network using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on disks mounted to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

For DSHS Confidential Information stored on these disks, deleting unneeded Data is sufficient as long as the disks remain in a Secure Area and otherwise meet the requirements listed in the above paragraph. Destruction of the Data, as outlined below in Section 8 Data Disposition, may be deferred until the disks are retired, replaced, or otherwise taken out of the Secure Area.

- c. **Optical discs (CDs or DVDs) in local workstation optical disc drives.** Data provided by DSHS on optical discs which will be used in local workstation optical disc drives and which will not be transported out of a Secure Area. When not in use for the contracted purpose, such discs must be Stored in a Secure Area. Workstations which access DSHS Data on optical discs must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
- d. **Optical discs (CDs or DVDs) in drives or jukeboxes attached to servers.** Data provided by DSHS on optical discs which will be attached to network servers and which will not be transported out of a Secure Area. Access to Data on these discs will be restricted to Authorized Users through the use of access control lists which will grant access only after the Authorized User has authenticated to the network using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on discs attached to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
- e. **Paper documents.** Any paper records must be protected by storing the records in a Secure Area which is only accessible to authorized personnel. When not in use, such records must be stored in a Secure Area.
- f. **Remote Access.** Access to and use of the Data over the State Governmental Network (SGN) or Secure Access Washington (SAW) will be controlled by DSHS staff who will issue authentication credentials (e.g. a Unique User ID and Hardened Password) to Authorized Users on Contractor's staff. Contractor will notify DSHS staff immediately whenever an Authorized User in possession of such credentials is terminated or otherwise leaves the employ of the Contractor, and whenever an Authorized User's duties change such that the Authorized User no longer requires access to perform work for this Contract.
- g. **Data storage on portable devices or media.**

(1) Except where otherwise specified herein, DSHS Data shall not be stored by the Contractor on portable devices or media unless specifically authorized within the terms and conditions of the Contract. If so authorized, the Data shall be given the following protections:

Special Terms and Conditions

- (a) Encrypt the Data.
 - (b) Control access to devices with a Unique User ID and Hardened Password or stronger authentication method such as a physical token or biometrics.
 - (c) Manually lock devices whenever they are left unattended and set devices to lock automatically after a period of inactivity, if this feature is available. Maximum period of inactivity is 20 minutes.
 - (d) Apply administrative and physical security controls to Portable Devices and Portable Media by:
 - i. Keeping them in a Secure Area when not in use,
 - ii. Using check-in/check-out procedures when they are shared, and
 - iii. Taking frequent inventories.
- (2) When being transported outside of a Secure Area, Portable Devices and Portable Media with DSHS Confidential Information must be under the physical control of Contractor staff with authorization to access the Data, even if the Data is encrypted.
- h. Data stored for backup purposes.**
- (1) DSHS Confidential Information may be stored on Portable Media as part of a Contractor's existing, documented backup process for business continuity or disaster recovery purposes. Such storage is authorized until such time as that media would be reused during the course of normal backup operations. If backup media is retired while DSHS Confidential Information still exists upon it, such media will be destroyed at that time in accordance with the disposition requirements below in Section 8 *Data Disposition*.
 - (2) Data may be stored on non-portable media (e.g. Storage Area Network drives, virtual media, etc.) as part of a Contractor's existing, documented backup process for business continuity or disaster recovery purposes. If so, such media will be protected as otherwise described in this exhibit. If this media is retired while DSHS Confidential Information still exists upon it, the data will be destroyed at that time in accordance with the disposition requirements below in Section 8 *Data Disposition*.
- i. Cloud storage.** DSHS Confidential Information requires protections equal to or greater than those specified elsewhere within this exhibit. Cloud storage of Data is problematic as neither DSHS nor the Contractor has control of the environment in which the Data is stored. For this reason:
- (1) DSHS Data will not be stored in any consumer grade Cloud solution, unless all of the following conditions are met:
 - (a) Contractor has written procedures in place governing use of the Cloud storage and Contractor attests in writing that all such procedures will be uniformly followed.
 - (b) The Data will be Encrypted while within the Contractor network.
 - (c) The Data will remain Encrypted during transmission to the Cloud.

Special Terms and Conditions

- (d) The Data will remain Encrypted at all times while residing within the Cloud storage solution.
 - (e) The Contractor will possess a decryption key for the Data, and the decryption key will be possessed only by the Contractor and/or DSHS.
 - (f) The Data will not be downloaded to non-authorized systems, meaning systems that are not on either the DSHS or Contractor networks.
 - (g) The Data will not be decrypted until downloaded onto a computer within the control of an Authorized User and within either the DSHS or Contractor's network.
- (2) Data will not be stored on an Enterprise Cloud storage solution unless either:
- (a) The Cloud storage provider is treated as any other Sub-Contractor, and agrees in writing to all of the requirements within this exhibit; or,
 - (b) The Cloud storage solution used is FedRAMP certified.
- (3) If the Data includes protected health information covered by the Health Insurance Portability and Accountability Act (HIPAA), the Cloud provider must sign a Business Associate Agreement prior to Data being stored in their Cloud solution.
6. **System Protection.** To prevent compromise of systems which contain DSHS Data or through which that Data passes:
- a. Systems containing DSHS Data must have all security patches or hotfixes applied within 3 months of being made available.
 - b. The Contractor will have a method of ensuring that the requisite patches and hotfixes have been applied within the required timeframes.
 - c. Systems containing DSHS Data shall have an Anti-Malware application, if available, installed.
 - d. Anti-Malware software shall be kept up to date. The product, its anti-virus engine, and any malware database the system uses, will be no more than one update behind current.
7. **Data Segregation.**
- a. DSHS Data must be segregated or otherwise distinguishable from non-DSHS data. This is to ensure that when no longer needed by the Contractor, all DSHS Data can be identified for return or destruction. It also aids in determining whether DSHS Data has or may have been compromised in the event of a security breach. As such, one or more of the following methods will be used for data segregation.
 - (1) DSHS Data will be kept on media (e.g. hard disk, optical disc, tape, etc.) which will contain no non-DSHS Data. And/or,
 - (2) DSHS Data will be stored in a logical container on electronic media, such as a partition or folder dedicated to DSHS Data. And/or,
 - (3) DSHS Data will be stored in a database which will contain no non-DSHS data. And/or,

Special Terms and Conditions

- (4) DSHS Data will be stored within a database and will be distinguishable from non-DSHS data by the value of a specific field or fields within database records.
 - (5) When stored as physical paper documents, DSHS Data will be physically segregated from non-DSHS data in a drawer, folder, or other container.
 - b. When it is not feasible or practical to segregate DSHS Data from non-DSHS data, then both the DSHS Data and the non-DSHS data with which it is commingled must be protected as described in this exhibit.
8. **Data Disposition.** When the contracted work has been completed or when the Data is no longer needed, except as noted above in Section 5.b, Data shall be returned to DSHS or destroyed. Media on which Data may be stored and associated acceptable methods of destruction are as follows:

Data stored on:	Will be destroyed by:
Server or workstation hard disks, or Removable media (e.g. floppies, USB flash drives, portable hard disks) excluding optical discs	Using a "wipe" utility which will overwrite the Data at least three (3) times using either random or single character data, or Degaussing sufficiently to ensure that the Data cannot be reconstructed, or Physically destroying the disk
Paper documents with sensitive or Confidential Information	Recycling through a contracted firm, provided the contract with the recycler assures that the confidentiality of Data will be protected.
Paper documents containing Confidential Information requiring special handling (e.g. protected health information)	On-site shredding, pulping, or incineration
Optical discs (e.g. CDs or DVDs)	Incineration, shredding, or completely defacing the readable surface with a coarse abrasive
Magnetic tape	Degaussing, incinerating or crosscut shredding

9. **Notification of Compromise or Potential Compromise.** The compromise or potential compromise of DSHS shared Data must be reported to the DSHS Contact designated in the Contract within one (1) business day of discovery. If no DSHS Contact is designated in the Contract, then the notification must be reported to the DSHS Privacy Officer at dshsprivacyofficer@dshs.wa.gov. Contractor must also take actions to mitigate the risk of loss and comply with any notification or other requirements imposed by law or DSHS.
10. **Data shared with Subcontractors.** If DSHS Data provided under this Contract is to be shared with a subcontractor, the Contract with the subcontractor must include all of the data security provisions within this Contract and within any amendments, attachments, or exhibits within this Contract. If the Contractor cannot protect the Data as articulated within this Contract, then the contract with the subcontractor must be submitted to the DSHS Contact specified for this contract for review and approval.

AAA DSHS / HCA Systems Access Request

AAA Adding Users

An Area Agency on Aging (AAA) may request access to various systems for its employees or contractors (AAA Users) under its Data Share Agreements (DSA) with DSHS and HCA. This Systems Access Request (SAR) form must be signed by the AAA Authorizer and AAA User then sent to the ALTSA SUA Coordinator via secure email at: hcsaaarequest@dshs.wa.gov.

AAA Removing Users

The AAA Authorizer must also notify the DSHS ALTSA SUA Coordinator using the SAR form within five (5) business days whenever an employee (AAA User) with access rights leaves employment or has a change of duties such that the employee no longer requires access. If the removal of access is emergent, please include that information with the request.

AAA Subcontractors Adding Users

If access is being requested by an AAA subcontractor, the subcontractor must send the SAR form to the AAA via secure email, who will then send it to the ALTSA SUA Coordinator via secure email at hcsaaarequest@dshs.wa.gov. The ALTSA SUA Coordinator will accept the completed SAR form only from the AAA, not the subcontractor.

AAA Subcontractors Removing Users

The AAA subcontractor must also use the SAR form to provide notice to the AAA within five (5) business days whenever a subcontractor employee (AAA User) with access rights leaves employment or has a change of duties such that the employee no longer requires access. If the removal of access is emergent, please include that information with the request.

DSHS and HCA will grant / remove the appropriate access permissions to the AAA User.

AAA DSHS / HCA SYSTEMS ACCESS REQUEST
 DSHS 17-226 (REV. 01/2022)

AAA Systems Access Request Instructions

Please submit requests individually.

The AAA DSHS / HCA Systems Access Request form is for use by AAA entities from outside and within the DSHS domain (DSHS firewall). AAA entities have different procedures to request the majority of their needed system access but will use the form for those systems requiring a set up or approval by HCS, DDA, or MSD. AAA entities will also use this form when staff transfer between agencies or to terminate access when employees leave employment.

Request Type

- Check one of the options (New, Update, Remove, or Name change). Removal must be submitted within five (5) days of exit.
 - New user – The user has been approved for access to one of the programs listed and has no previous requests submitted.
 - Update user – User has access to one or more of the systems listed but an additional access is needed. Only mark the box next to the additional item.
 - Remove user – Mark each of the boxes for which access is to be removed.
 - Change user name – Use to update the user name due to a change. For ProviderOne this will result in the termination of the prior account and a new account created.

Requesting Organization and Mailing Address

- Enter the user's office name and address (subcontractors enter their organization name and address).

System Access Requested Sections

- Check the box next to each system requested and attach any additional documentation required for the program. If you need a copy of the VPN form, please contact ALTSA. Check one of several options: HCRR; Case Manager; HQ; Finance L2; or Finance L1 next to IPOne.
- Applications in the DSHS Active Directory (AD) section require a DSHS domain account (e.g. an email address that ends in @dshs.wa.gov). In order to use these applications, staff must log in to their computer with their DSHS AD account.
- ALTSA Data Mart. Access is specific to each data source. If both data sources are needed, both boxes must be selected.
- Applications in the AAA section (Barcode, DDA / HCS Reporting, CARE, QA Monitor) are created at the AAA office. A signed copy of the 17-226 form must be submitted to hcsaaarequest@dshs.wa.gov via secured email before the account(s) can be created.
 - Note: The PRISM and Client Registry boxes should be checked if the new staff member will be eligible for access. An extra step of user and ethics training will be required for all PRISM and Client Registry users and must be completed prior to system access.
 - Barcode field can be one of the following options: AAA-IT; RC-SPEC; CLER-SUP; CLERICAL; CM-JRP; CM-MTD; CM-SUP; or INTERN. These relate to the new access profiles in Barcode.
 - ACD – Contracts Database can be one of the following options: 4 – Sign Contracts; 5 – Create Contracts; or 9 – Approve Contracts.
- IPOne field can be one or more of the following options: CM role, HQ role, HCRR role, Finance L1, Finance L2.
 - Finance L1 and Finance L2 roles require additional approval from the W2 Financial Reports team.
 - Form will be rejected if the box is checked but the field is blank.

AAA User Information

- Enter the user information as indicated. DATE OF BIRTH (DOB) is only required when selecting ProviderOne or IPOne – for all other applications it should be blank. Forms with DoB submitted by Colville, King, Kitsap, Pierce, Snohomish, and Yakama should be submitted using secure email or secure file transfer.
- The AAA Authorizer will assign an ID number from the list provided by the ALTSA SUA Coordinator.
 - Form will be rejected if this field is left blank.
- Under AAA Office enter the AAA Authorizer's regional office.

Access Justification

- Enter reason access is needed such as Case Management and Coordination, Nursing Coordination, Oversight and Supervision, Determination of Eligibility.

Authorizing Signature

- AAA Authorizer – the authorizer will be verified by the ALTSA SUA Coordinator.
Note: AAA Authorizer signature guarantees that the staff member who is asking for access is eligible for the systems access requested.

Non-Disclosure of Confidential Information

- Ensure that the AAA staff member has read the AAA User Agreement on System Usage and Non-disclosure of Confidential Information on the second page of the AAA Systems Access Request form.
- Enter the requesting user's name and have them sign and date the agreement.

Once completed, scan both sides of the form and email to hcsaaarequest@dshs.wa.gov using secure email. Do not email forms directly to ALTSA Helpdesk or ALTSA Helpdesk staff.
