

Kitsap County Severe Weather Shelter Operations Training for the 2022-2023 Season

Training Overview

- What is the Severe Weather Shelter Program?
- Opening the shelter
- Closing the shelter
- Operating a shelter

- Safety and Security (weapons, drugs, alcohol, fire safety, etc)

Operations Handbook

- Your guide to shelter operations
- Included in Shelter Admin Kit
- Available online at <http://kcowa.us/kcsws/>

What is the Severe Weather Shelter Program?

- Department of Emergency Management (KCDEM)
- Kitsap County Human Services
- Hosting organizations
- Volunteers

Severe Weather Shelter Program Mission

To provide a safe
overnight shelter for people
who have no place else to
come inside from extreme
weather conditions

Who Uses the Severe Weather Shelters?

- Families that have had an emergency
- Domestic violence victims
- Runaways
- People experiencing homelessness

**THIS IS NOT STRICTLY A HOMELESS SHELTER.
THIS IS NOT A DISASTER SHELTER.**

**IT IS A SEVERE WEATHER COMMUNITY SHELTER TO FILL THE VOID
and PROVIDE A PLACE TO STAY DURING SEVERE WEATHER.**

Shelter Locations

- Kitsap County enters into an agreement with an organization to use its facility as a shelter.
- Agreement states that, “The participating organization will permit, at its own discretion, upon the request of Kitsap County Department of Emergency Management (KCDEM), the use of its facility by Kitsap County for those in need of shelter during periods of extreme weather as established in the Kitsap County Severe Weather Shelter Plan.”

Methodist Church

Shelter Administration

Program Administration

Department of Emergency Management (KCDEM)

- Processes volunteer applications and background checks
- Monitors forecasts for weather which meets criteria of the Severe Weather Shelter Plan
- Provides the Shelter Admin Kits
- Notifies the press and media about when the Shelters are activated

Program Administration

Kitsap County Housing and Homelessness Division (KCHHD)

- Trains volunteers on Shelter Operations
- Alerts citizens through text messages when the shelter is activated
- Is “on call” for emergencies that cannot be handled by Site Managers
- Convenes the Severe Weather Shelter Committee

Program Administration

Shelter Site Managers

- Address site-specific needs - such as supplies, access keys/codes, site specific rules
- Train volunteers on site-specific rules
- Assist with recruitment of volunteers for shifts
- Trouble-shoot shelter emergencies
- Committee: Each shelter location assigns a representative to serve on the Severe Weather Shelter Committee.

Program Administration

Site Schedulers

- Send out shift requests and assigns volunteer shifts
- Assist with recruiting volunteers for shifts
- Trouble-shoot scheduling issues

Volunteers

Each shelter is staffed with volunteers!

- Most important part of the program
- Without volunteers, shelters do not open
- Volunteers are registered Emergency Workers with the State of Washington and Covered under Emergency Worker Program
- Cannot serve a shift in a shelter until their applications have been processed, including background check and the Volunteer Code of Conduct has been signed
- Should have their KCDEM Identification card with them and visible at all times while working in the shelter
- As Emergency Workers, volunteers may also be contacted to participate in other Kitsap County disaster and emergency roles.

Volunteer Role

- **Please remember that while you are working in the shelter, you are a volunteer for Kitsap County Department of Emergency Management**
- MOU - 3.e. - All employees or volunteers provided by KCDEM and the “participating organization” for shelter operations shall be under the supervision and control of KCDEM and shall be registered emergency workers with the State of Washington through KCDEM.

Where Can Volunteers Work?

- Not tied down to any one location
- Any shelter location they are willing to work (training required).
- You will be able to choose your locations on your Emergency Worker Application.
- To add/change/drop locations contact KCDEM.

Volunteer Role

More information about your role as an Emergency Management Volunteer and the Emergency Management Program can be found in:

HTML	PDF	118-04-280	Training event numbers—Requests and requirements.

Volunteer Role

- Volunteers must operate within their training
- We are not doctors, lawyers, counselors, etc.
- Exceeding the limits of your shelter training may result in losing your coverage under the Washington State Emergency Workers Program

Weather Criteria

Criteria for recommending opening the shelters:

- Temperatures are expected to be at or **below 32 degrees** sustained (sustained being defined as 4 or more hours) for one or more successive days, and/or
- **Snow accumulation** is expected to exceed 1 inch or more in depth, for more than two days, and/or
- Two or more successive days of **1 inch or more of rain**;
- May activate when **High Wind Warnings** are issued

- KCDEM reviews weather forecasts
- If the criteria is met, KCDEM notifies KCHHD that the weather meets criteria. KCHHD notifies the sites that weather criteria is met.

Shelter Activation

Criteria for activating a shelter:

- KCDEM reviews the weather forecast for weather conditions which meet criteria
- If weather conditions meet criteria and the shelter is fully staffed for the night, the shelter **will activate**
- If weather conditions meet criteria and but the shelter is not fully staffed for the night, the shelter **will not activate**

Criteria Notification - Volunteers

Volunteers will be notified by emails and text messages at 8am about the need for shift volunteers for days predicted to meet weather criteria.

Depending on the forecast predictions, notification may be given for several days at a time.

Need at least 2 volunteers per shift.

It is important that you are able to check your emails or receive texts in the morning.

Volunteer Staffing Requests

- Email and/or message is sent at 8 AM (or earlier) by schedulers
- Reply to your scheduler's request with your availability to work during the specified activation period by 11am.

At 11am, shelters report final volunteer staffing status.

If a shelter is not fully staffed by 11:15am, it will not be able to open for that night.

- A confirmation will be sent by email and/or text from your scheduler.

Why the 11am deadline?

- Lunch programs need time to notify their guests
 - If notifications aren't sent out to partners by lunch, usually little or no guests at shelters
- Partners need time to get things in place, for example Kitsap Transit
- Gives volunteers enough time to arrange child care, re-arrange plans, sleep...

Timeline of a Criteria Day

- If conditions meet the criteria for the severe weather shelter system, KCDEM notifies the Shelter Coordinator that the weather is predicted to meet criteria. (Criteria Day)
- 8am – Shelter Coordinator sends notification to volunteers the criteria is met and shelters need staffing
- 11:15am – Shelter staffing status is reported to KCHHD
- 11:30am – Volunteers are notified if shelter will activate (Activation)
- 11:30am-Noon – Public noticing is sent out by KCDEM

Note: A full activation flowchart is available in the Operations Handbook.

Activation Notification

- Flyers are emailed to a variety of organizations – KCR, food banks, churches, social services orgs, stores
- Press release is sent to all media outlets
- Kitsap Transit is notified
- Fire, Law, Hospitals, Schools, Kitsap 911, 211
- Text alerts to anyone who signs up by texting 'KITSAPSWs' to 898-211

Volunteer No-Shows

- It is important that volunteers who register for a shift arrive at the shelter **on time** and **ready to work**.
- It is understood that emergencies, illnesses, and other events do happen which would make it impossible or hazardous to work a shift.
- If you are unable to make your shift, or another volunteer does not show up for their shift, contact the Site Manager.

Volunteer Responsibilities

Make a World of Difference

Values

- Ensure shelter is a safe place
- Respect our guests
- Provide services equally to all clients
- Use resources wisely

Shelter Shifts

Most shelters are open 6p – 7a on days of activation with special exceptions.

***Kingston is open 6:30p – 6:30a.*

Each shelter site chooses the shift rotation which works best for their site.

Shelter Shifts

Options

Possible schedules include:

Two (2) shifts per night:

- First shift: 5pm until 12:30am.
- Second shift: 12:30am to 8:00am.

Three (3) shifts per night:

- First shift 5pm-10pm
- Second shift 10pm-3am
- Third shift 3am-8am

Kingston - Three (3) shifts per night, plus cleanup shift:

- First shift: 5:30pm-10pm
- Second shift: 10pm-2am
- Third shift: 2am-6:30am
- Cleanup shift: 6am-8am

Date (Activation Date)

Time In/Out

Volunteer Card Number

Shelter Administrative Box

- Ink Pens
- Volunteer Sign In
- Extra Log In Sheets
- Shelter Security Log
- Shelter Handbook
- Cards
- Flashlights
- Emergency Lights

Also available:

- Resource Brochures
- Name Tags

Opening The Shelter

General Information

- At least one volunteer should remain near the shelter entrance at all times
- Name tags should be worn by volunteers at all times, if available.
- Smoking and Vaping only permitted in designated areas, before 10pm.
- Maintain the log book

Ongoing Actions

- Maintain communications with Site Managers and Volunteer Coordinators as needed
- Ensure guests receive updated information about the weather and shelter status
- Plan for the next shifts and closing the shelter
- Routinely inspect the safety and sanitation of shelter

First Shift Overview

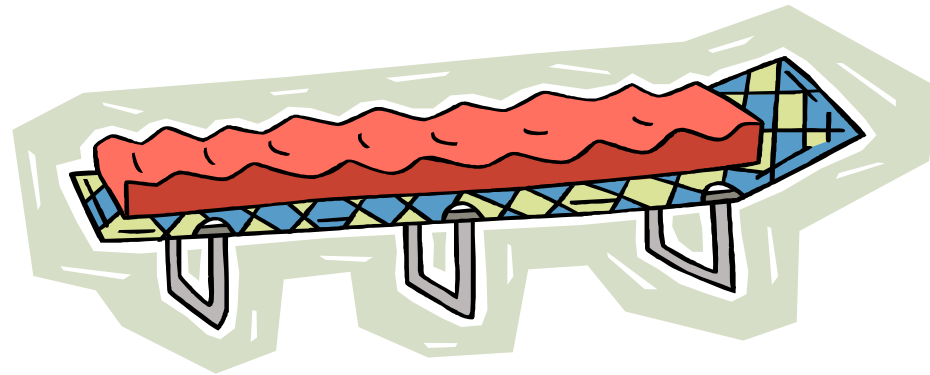

- Arrive at shelter at 5pm
(*Kingston – 5:30p*)
- Check to make sure that you have all items necessary to open the shelter
- Set up snack area, if available
- Log guests in and cite rules
- Guests bag all belongings
- Make sure guests know where emergency exits are located
- Issue blankets and pillows if available
- Direct guests to their area in the facility
- Ensure shelter security
- Prior to 10pm (when all lights should be turned off and doors locked), announce last chance for smoke break
- Turn over paperwork to second shift

Sign In Area

- Set up the sign-in area near the entrance.
- Allow enough room so that guests can form a line without waiting outside, if possible.
- Set up the “personal item” intake area near the sign-in desk
- Allow enough room for guests with limited mobility

Sleeping Area

- Inspect area for safety
- Set out blankets and pillows
- Allow enough space for guests to move freely

Before Opening The Shelter

- One more walk through of the building
- Check the lounge area
- Bathrooms stocked
- Check for safety hazards
- Know the exits

Guest Sign In

- Guest check-in times:
6pm – 9pm
(Kingston: 6:30p-9p)
- Read the listed rules out loud to the guest
- Ask the guest their name and write it in for them along with time in
- Age and Sex is voluntary, for statistical reasons only
- Ticket number – for possessions bag

SHELTER SIGN IN/OUT

Date: ____ / ____ / ____ Shelter Site: _____

- Violation of any of these rules may result in dismissal from the shelter
- Once your personal property bag has been sealed, it may not be opened until you checkout of the shelter. ALL medications will be stored in a Ziploc bag.
- Tobacco & Vape use permitted in designated smoking areas
- You will refrain from using alcohol or drugs while a guest on this property
- You will respect the rights of all others using this facility
- You will remain in the areas designated by Shelter Volunteers
- You understand that if you leave this shelter after lights out, you will not be allowed to return until the next activation day
- If you are asked to leave this property, you will do so promptly
- Wake up time is 6 am and you must depart by 7 AM
- By initialing out on this log, you agree that all personal property has been returned to you
- Did you drive a vehicle? (if so, volunteer should note in security log)

11.							

Guest Sign In

If we do not ask for ID, why keep a sign in sheet?

- Allows for quick count of guests in shelter
- Keeps track of times in and out
- Ensures guests understand basic rules of shelter
- Record that guest received ticket

Personal Item Intake

What is this?

NEVER, EVER CALL THIS A TRASH BAG!!!

IT'S A "LARGE, PLASTIC BAG"!

Personal Item Intake

- Have the guest place their items in bag
- Tape up, or zip tie the top of the bag
- Write guests name on tape for identification
- Once bag is sealed, it may not be opened until check out
- Do not touch any guest's items unless they specifically request assistance. If a guest asks for help – you may help them bag their items.

Personal Item Intake

- Give the guest one of the tickets
- Tape the other ticket to the bag

Personal Item Intake

- Aids in security of the facility
- Disease control
- Assists in ensuring shelter rules are followed by guests

Guests may keep certain personal items: cell phones, hygiene items, computers, MP3 player, stuffed animal or religious items. Purses and backpacks must be placed in plastic bag and stored!

Personal Item Intake

What if a guest has meds in bag/purse?

- They should get needed meds out before bagging up personal items.

What if feminine products are needed?

- Place in Ziploc bag or other smaller bag. We may have some of those items available.

9 PM Check In Rule

- If no guests arrive prior to 9 PM, that shelter location will close for the night (see closure notification process)
- Safety – Those who have arrived after 9 PM have largely been disruptive.
- History and research of other facilities has shown that if no guests arrive prior to check-in time, they have likely made other arrangements.
- Gives the first shift time to notify the other shifts before 2nd shift leaves their homes.
- Gives first shift a chance to stow gear and clean up before leaving facility.

Exceptions:

- Guests brought to shelter by police, fire, or emergency services personnel
- Site Managers may approve an after 9pm arrival if there is a legitimate reason (e.g. a work shift prevents the guest from arriving before 9pm)

Lights Out at 10pm

- Doors should be locked, and all non-essential electronics should be shut off at 10pm
- Personal electronics that are not disrupting others may be kept on
- Offer one last smoke break before lights out
- Immediately following lights out, perform a security check of the premises

Lights Out

- Guests are not allowed out of the facility after lights out. This is for both your safety and the safety of our guests.
 - Exception: A guest with a service animal needs to be taken out after 10pm.
- If a guest leaves the shelter after lights out, make sure to give them their belongings. They are not permitted back in until 6PM the following day, if the shelter is still active.
- Special circumstances may be considered and exceptions may be made depending on the situation.

Lights Out

- Remember, Lights Out is not necessarily “Bed Time”
- This is not jail and you are not guards!
- Allows everyone to get 8 hours of sleep

Second Shift Overview

- Receive briefing from previous shift
- Maintain security in the building
- Monitor guests and make hourly rounds
- Review and update log book
- Turn over keys and paperwork to third shift (if applicable)

- Perform late check in of guests brought to shelter by police, fire, or emergency services personnel or any guests for whom Site Managers have made exceptions.

Closing Shift Responsibilities

- Wake up guests at 6am for a 7am departure
(Kingston – 5:30a for 6:30a departure)
- Make sure each guest is signed out and takes possession of their belongings
- Make sure each guest deposits used linens in dirty linen can
- Ensure that all areas of the shelter are clean and disinfected
- Check smoking area for cleanliness
- Check procedures for linens
- Organize paperwork
- Check manual for procedures on returning keys
- No later than 8am, check all doors and make sure shelter is locked

Shelter Shutdown

- Shelters must close daily by 7:00a.

(Kingston: 6:30a)

The only exception may be more severe weather!

Make sure guests take all of their belongings, even if they plan on returning that night.

Claiming Personal Items

- Tickets must be turned in when items are retrieved in the morning
- If guest loses ticket, wait until all guests have left. There should be a leftover bag.

Sign Out

➤ Guest initials that they received personal items

➤ Write down time out

If a guest refuses to sign out, the volunteer should write the time out and note the circumstances in the Security Log

SHELTER SIGN IN/OUT

Shelter Shutdown

- Ensure that the building is empty and secured
- Complete paperwork
- Clean up any areas used
- Make last round through building
- Lock up building, return key or place back in keybox (depending on location)
- Clean and disinfect commonly touched surfaces

Operating The Shelter

Restrooms

- The restrooms should be checked regularly to ensure they have paper products, soap and hand sanitizer.
- Restrooms can also serve as a hiding place for smoking or drug use.

Spills and Mishaps

- Clean up as soon as possible
- Dangerous to volunteers and guests, particularly those with mobility issues

Equipment Failure

- Fix minor problems
- Call building maintenance if possible
- Stay in place if possible
- Do not put yourself in danger
- Notify the Shelter Site Manager

Donations

- There may be certain items that you can use at the time and it is acceptable to accept those donations at the shelter (toilet paper, pre-packaged snacks, personal hygiene products, etc).
- Other donations should be set up through the Shelter Site Manager during normal business hours unless a donation plan has already been put in place by the facility.
- Not able to store donated items for the shelters.

NO Cash Donations

- Are not accepted at shelter locations during activations
- Can be made by contacting the specific location during normal business hours

Meals and Food

- Providing meals is not within the scope of the Severe Weather Shelter Program.
- It is not the volunteer's job to cook, distribute or clean up meals or meal services. The Severe Weather Shelter Program is not a feeding program.

Rides for Guests

- Volunteers may NOT give rides to shelter guests before/during/or after their shifts!

This is very important!

- Transportation to and from the shelter is available for guests through a partnership with Gather Together Grow Together (G2G2). 360-373-3000

Verification Letters

- Volunteers may NOT write letter for guests confirming that they are homeless and staying (or stayed) at the Severe Weather Shelter
- Instead, refer a guest to the Housing Solutions Center to get an assessment and referral to other shelter and housing programs.

Animals in the shelter

Three primary categories of animals:

- Pets
- Support/therapy/companion animals
- Service animals

Service Animals

Service animals are welcome at the shelter.

- As defined by RCW 70.84.021, "service animal" means an animal that is trained for the purposes of assisting or accommodating a disabled person's sensory, mental, or physical disability.
- Another section of the RCW that relates to Service Animals and food service buildings identifies service animals as **dogs or miniature horses**.
- The Washington Law Against Discrimination (WLAD) clearly defines a service animal as being “trained”. The training part is not defined.
- Not required to wear identification or have identification as a service animal.

Service Animals

- Recent court cases have determined that the “training” must be above that of regular obedience training that sets the animal apart from a normal house pet.
- How do you know? You really don’t. But you can ask the following:

- **Is this animal a pet?**

- If the answer is yes, this is not a service animal and can be excluded.

If the person answers that this is a service animal, you may ask a second question:

- **What is this animal trained to do for you?**

- You may not ask a person to prove they are disabled, or what their disability is.

Service Animals

“What is this animal trained to do for you?”

- If the handler refuses to answer, the animal can be excluded.
- If the handler discloses their disability, but refuses to disclose what the animal is trained to do for them, the animal can be excluded.
- If the handler provides documentation or certification that the animal is a service animal, but neither the documentation nor the handler can explain what the animal is trained to do, the business can exclude the animal. (There is no state or federal service animal registry or certification process, so such documentation has no legal meaning and is often purchased on the Internet.)

Service Animals

“What is this animal trained to do for you?”

- If the handler answers only that the animal can sit, stay, lie down, come when called, or do something else related to obedience and good manners, this does not indicate the animal is trained to provide services for a disability, and the animal can be excluded.
- If the handler answers that the animal makes them feel better, helps them calm down, eases their depression, or something similar, this would indicate that it is the animal's presence alone that helps the handler, and that the animal is not trained to **do a task or provide a service**. Because the animal does not meet the training requirement, the business can exclude the animal.

Service Animals

“What is this animal trained to do for you?”

- If the handler answers that the animal is trained to guide them, help with balance or mobility, alert them to a condition (either physical or situational), pick up or carry items, remind them to take medication, get help, stabilize them during a seizure, redirect their attention from a trigger, or do some other task or provide some service that the person is unable to do themselves or helps with a disability, then the animal is a **trained service animal and must be allowed**. (Washington State Human Rights Commission, 2013)

Service Animals

- Legally, you cannot force a person with a service animal to be in a segregated area but you can offer it.
- If possible, offer guests with service animals their own space in the shelter
- The person and dog must have access to all of the public areas that others can access
- Make sure that the guest understands that they are responsible for their animal (feeding, cleaning, control, etc.)

Assisting Guests With Disabilities

- Mobility Issues
- Hearing Impairments
- Sight Impairments
- Speech Problems
- Mentally Challenged

Child or Vulnerable Adult Abuse

As a volunteer there are 2 important facts that you need to know:

- Severe Weather Shelter volunteers and WA State Emergency Workers are NOT mandated reporters.
- Being homeless is not a reason for child protective services to remove a child. The only reason for CPS to remove a child is if they believe the child is in danger of imminent harm or is being neglected.

“Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.” (RCW 26.44.020)

- Information sheets about child abuse and vulnerable adult abuse will be available in the Admin Kit.
- These sheets include the criteria for reporting abuse, phone numbers to contact, and information that needs to be collected to make a report.

Working With The Media

- Remember, the privacy of our guests comes first!
- Respond courteously and clearly
- Get the reporter's name and organization and pass this information to the Site Manager

Cameras

- Any camera activity inside the shelter must be approved by Site Manager prior to filming
- Cameras are not allowed in the general guest areas during operations
- Ask one or two guests if they mind being filmed and interviewed

Shelter Safety and Security

Safety and Security

There is nothing more important than the safety and security of our guests and volunteers! Safety is everyone's responsibility!

When To Call for Help

- Medical emergency
- Serious incidents
- Building damage
- Equipment damage

Who To Call for Help

Kitsap County Severe Weather Shelter
Operations Handbook

Emergency Contact Information

If there is a life-threatening emergency, an injury, or a guest threatens to harm him/herself or others

1. Call 9-1-1
2. Call the Site Manager
3. Fill out an Incident Report
4. Site Manager will notify KCDEM at 360-307-5871
5. Site Manager will notify KCHHD on-call 360-979-6027

If a volunteer is injured and requires hospitalization

1. Call 9-1-1
2. Call the Site Manager
3. Fill out an Incident Report
4. Site Manager will notify KCDEM Duty Officer at 360-535-9988
5. Site Manager will notify KCHHD on-call 360-979-6027

If a volunteer is helping a guest who:

- Is struggling or is distressed
- Is talking about suicide (wishing they were dead, feeling like a burden to others, feeling hopeless, seeing not reason for living), but is not threatening to harm themselves or others
- The volunteers feels is beyond their ability to provide support, but does not require law enforcement intervention

The Crisis Care Line 24-hours daily to help provide a supportive listening ear, community resources, and crisis intervention to the volunteer or guest.

Dial 1-888-910-0416

If a volunteer does not show up for their shift

1. Call the Volunteer
2. Call the Site Manager
3. If Site Manager cannot be reached call the KCHHD on-call 507-222-9027

If volunteers have questions or issues which arise during their shift which are not covered in this handbook

1. Call the Site Manager
2. If Site Manager cannot be reached call the KCHHD on-call 507-222-9027

- Site Manager
- KCHHD On-call
- 911
- Crisis Line

Safety - Securing The Building

- Doors should be locked at 10 PM
- Nobody should leave or enter the facility after lights out at 10 PM unless escorted by police, fire, or emergency services personnel
- During hourly rounds, make sure all doors and windows are closed and locked

Severe Weather

- Always monitor the structure of the building
- Look for leaks, cracks or other problems with the facility during security rounds
- Watch for snow build up or flooding outside of the facility
- Try to keep walkways and doorways clear

The Shelter Security Log

Shelter Security Log

- Record times and dates of incidents
- Keep a record of vehicles in the parking lot
- Record security rounds
- Example Entries:

11/13/2009 8:22pm - Noticed new vehicle in parking lot, Blue Ford F-150 truck, license ABC-123. Unknown if it belongs to one of the guests

11/13/2009 11:30pm - All quiet

Shelter Security Log

Examples of Incomplete Entries:

3 vehicles in parking lot (non-descriptive)

Fight among two guests (what guests? What happened?)

Guest got mad and left early (who and circumstances)

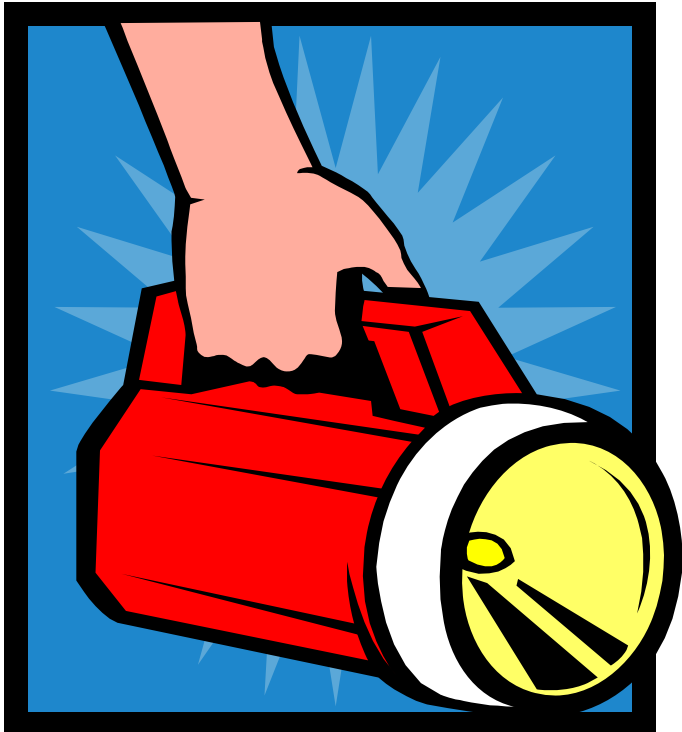

Jerry was banned from shelter for shooting up drugs repeatedly in bathroom (who the heck is Jerry? When did this happen?)

One volunteer did not show up for shift (ok, which one and did you contact the Site Manager?)

REMEMBER!!

- We are not a law enforcement agency.
- You do **NOT** have the right to physically search any person or their belongings.
- Do not touch a guest's personal items, unless assistance is requested
- You are permitted to do a “visible” search for weapons or contraband (more on this later)

Power Outages

- Advise guests to stay in place
- Safety lights may come on
- If a guest needs to move around the facility, escort them with a flashlight

Shelter Fires (2016-2017)

- April 16, 2016 – Massachusetts Shelter
- Sept 16, 2016 – Biloxi, MS
- Oct 16, 2016 – Large homeless shelter - D.C.
- March 17, 2017 – Honolulu, HI

Fire Safety

KNOW HOW TO USE A FIRE EXTINGUISHER
FOLLOW THE ***P*A*S*S** WORD
***PULL *AIM *SQUEEZE *SWEEP**

TM & © 1997 by 20th Century Fox. All Rights Reserved.

How to use FIRE EXTINGUISHER

Pull the pin

Aim nozzle at base of fire

Squeeze the handle

Sweep nozzle side to side

Earthquake

- Drop, Cover and Hold!
- Before you exit, assign volunteers to check exit routes for safety
- Exit building and meet at designated area
- Have guest and volunteers take all belongings
- The shelter now is closed!
- Take roll call
- Contact the Shelter Site Manager

Weapons

Weapons (or anything that may be used as a weapon) are not to be carried around in the shelter at any time!

While you are not permitted to physically search a person or their belongings, you may visibly search.

If you see something suspicious, ask the guest if they are carrying a weapon. Advise them that weapons have to be stored with their belongings or they will have to leave.

Weapons - What To Do

- Avoid a confrontation
- Explain the shelter policy on weapons
- Assure the guest of safety in the shelter
- If the guest refuses, ask them to leave
- Last resort, Call 911
- “Trespass” repeat offenders

Weapons and Volunteers

- Volunteers are NOT permitted to carry weapons of any kind while serving in the shelter
- Kitsap County resolution 143-1998 - A Resolution Relating to the Prevention of Workplace Violence
- Kitsap County prohibits possession of any weapons by officers, employees and volunteers, while conducting county business, while on the job, and while on the worksite.

Drugs and Alcohol

- Drugs and alcohol are not permitted to be kept with a guest in the building at any time
- Prescription medications are allowed
- You are not permitted to confiscate any illegal drugs or alcohol

Hard to Tell!

Drug or Vitamin?

Drugs and Alcohol

Insulin

- Remember, do not jump to conclusions – a needle doesn't necessarily mean an addict
- Tell the person that you have to verify medications to be kept by guests and ask to see insulin bottle (pics on next slide).
- If they will not show you insulin, ask them to lock up any drugs or paraphernalia they may have on them with personal items in bag

Drugs and Alcohol

Insulin

Drugs and Alcohol

- Use your best judgement
- Containers with past expiration date on bottle
- Various colored pills in bottle
- Common sense

Drugs and Alcohol

- Avoid a confrontation
- Explain the shelter policy
- Ask the guest to leave
- If the guest refuses, call the police
- Do not try to be an addiction counselor
- “Trespass” repeat offenders

Altercations

- Physical altercations are rare
- If a disagreement turns physical, do not attempt to break up fights
- Highest priority: Avoid physical harm to yourself and other guests

THANK YOU!!

Make a World of Difference
